

# Sleepover Club Highlights

Some of our pupils have been developing their knowledge of current affairs, and the conflict between Ukraine and Russia. They have learnt about different cultures, politics and geography and have engaged in discussion.

They also tasted some dried army rations and wore camouflage paint.

Others explored bubbles. They blew through a straw into soapy water and used different utensils to create bubbles. They looked at the shape and the colours and felt them popping on their skin. They tracked their movement as the bubbles floated across the room.
