THIS WEEK IN SLEEPOVER CLUB

The history of Lego -

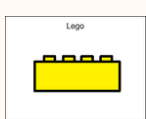

This week, we have explored the history of Lego, when it was invented and how it has changed over time. We have researched different models that we can make with Lego.

Model building with Lego -

We have looked at different Lego and Duplo bricks, exploring the shapes, sizes and colours of these. We have investigated how we can join these together and make different models.

Mark making with Lego -

We have experimented how we can use Lego to create different marks within paint and sand.

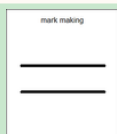

23rd January 2026

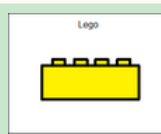

PLACEMENT REVIEWS

We are in the process of completing and sending out placement reviews for Sleepover Club. Please have a read of these and take time to fill in and return the parent and pupil questionnaires included in this paperwork. Thank you!

WHAT WE HAVE ENJOYED

Mark making with Lego

We have been creative, exploring how we can use Lego and Duplo to create marks in a range of different mediums. The bricks made some interesting marks in sand!

A BIG THANK YOU!

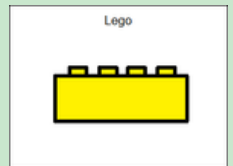

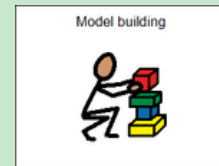

thank you

We would like to express a big 'Thank You!' to Simon and Martin from K and W Mechanical Services, for their kind donation of gifts and presents for everyone who attends Sleepover Club, which were delivered by Father Christmas at the last week of term.

WHAT WE HAVE ENJOYED

Model making with Lego

Look at the fantastic models we have created, using our imagination, fine motor skills and determination to make them.
