

2024-2025 – Annual Assessment Overview

As part of our monitoring of progress and attainment, we record whether pupils have met our expectations in the following areas. Some pupils may fall below expectations and others above expectations, for a variety of reasons. Leaders will then work closely to identify what is working well as well as pupils who may need additional support and interventions.

Autumn Term 2024

Whole school data	Below expected	At expected	Above expected
English	9%	88%	3%
Reading	9%	90%	1%
