

Hub 1 Newsletter

Autumn - September 2024

Welcome Back

Welcome back! We hope you've all had an amazing Christmas and new year! We've enjoyed catching up with all the students and listening to them share their news with each other!

Firstly we have some news to share with you ourselves, Raj has moved from Hub 1, to share her knowledge and experience with another class in school. We will all miss Raj. However we have some exciting news that Hayley will be joining our class. Hayley has worked within Saxon Hill for many years and will be a great addition to our team. Welcome Hayley!

As we explore new opportunities together, you will be kept up to date and you will see the progress we have been making and the learning that we have achieved, on Evidence for Learning weekly. If you are having any trouble accessing EFL, please let me know and we can get that sorted for you. We will also keep you updated of any changes or important information through the home school books as well as what your young person has done throughout the day.

If you have any worries or need any questions answering, please get in touch either via the school office, home school books or email: stacey.watts@saxon.set.org

Class Team

Let's meet the team...

Stacey - Teacher

Hilary- TA

Tina - TA

Hayley - TA

English

In English this term, we will be completing work towards our AIM English Unit, covering reading, writing and speaking. Incorporated into these lessons will be the book, 'Boys don't cry' by Malorie Blackman, chosen from the departments literature map. This book covers topics such as Family, prejudice and responsibility.

Maths

This years Maths will focus on the AIM Units- length, time and money, these will be completed throughout the year. This terms focus will be Time, along with addition, linking to practical learning opportunities. As well as this, we will have different opportunities to apply our Maths skills into the real world with our Vocational opportunities.

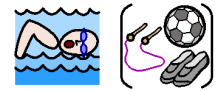

Vocational

Throughout the year and years to come, there will be a variety of opportunities to access the range of vocational opportunities we have in school. These include work at the Foodbank, Farm, Dobbies and Travel Training. As well as this, some students will have the opportunity to do some in school work experience in the café as part of the staff meal deals on a Friday and the various pop up shops to help raise money for this year's Prom!

Hydro and Rebound

We work on a department rota, where our Hydro and Rebound Lessons will be completed on a Friday. You will receive a message in your child's home diary when it is their week, so you are able to provide the kit required.

Weather

As the weather can vary so much, we do ask that you send you're child with the appropriate clothing, sun hats, sun cream, coats, gloves and woolly hats when need. We also ask that all belongings are named, to avoid items getting lost.

Drinks/Snack

We are wanting to promote independence and pupils will be collecting their own drinks and snack at break time. We want to only have 1 bottle per pupil, so please send in undiluted squash for them to refill their drink in the day if necessary, along with any snacks they require.

More Learning!

Independence and wellbeing - Managing pressure, self-esteem and unkind comments.
Community and the wider world— working with animals.
Vocational studies— Eating a balanced diet.
