

Half Term Overview

English

Book Study

Egyptology by Dugald Steer.

Children will first write a mystery narrative. Using suspense, questioning and description to capture the reader's attention.

They will then go on to write their own Secret diary entry focusing on using first person and recounting in chronological order.

Maths

In our maths lessons we will explore money and learn all the coins and notes and think about adding and subtracting amounts and giving change from a given amount.

We will then go onto learning about Time. This involves roman numerals, analogue and digital time. Children need to be able to tell the time to five minutes and one minute. They will need to understand past and to and quarter and half past. This is something that we would appreciate support with at home.

Computing

In Computing we will be looking at text and images and their importance. We will use desktop publishing to change fonts, add images, change colours for different purposes. Children will use copying and pasting to create their own magazine.

Important Information

Maths Homework will be given out on Monday to be returned the following Monday.

Spellings will continue to be given on Fridays and the test will be the following Friday.

PE days are Monday and Thursday.

Year Three Term: Summer 1 2025 Romans

PE/ Music

This term the PE units will be tennis and athletics.

Tennis - Children will develop skills in targeting, space, using and holding a racket correctly using and applying the forehand technique.

Athletics – Children will develop skills in running and develop their technique. They will also learn about staying in lane, acceleration and quick starts, relay racing, accurate throwing and jumping for distance.

PSHE

In our PSED sessions, we are looking at relationships, friendships and keeping safe online. We will look at how we play our part as a global citizen of the world.

Science

In science, we will be learning about plants. We will be experimenting with what plants need and comparing these factors. We will look at how water travels through the plant, flowers and the part they play and pollination.

History/Geography

In our History lessons we will be learning all about the Romans. We will learn all about how the Romans invaded different countries and created their empire. We will learn about what the Romans brought to Britain and Roman villas. We will also learn about Boudicca and her rebellion.

Art/DT

Our DT topic this half term is wearable technology.

We will research how technology has changed and developed, look at how to make our own wearable technology using micro bit. We will make our own light up wearable technology and then will evaluate and look at how it would be marketed.

RE

In our RE lessons we will learn about what Christians believe about a good life the importance of the Bible for Christians. Children will explore Jesus' teachings about rules and behaviour in relation to a variety of Bible. Children will reflect on, analyse and evaluate their own beliefs and what it means to lead a good life.
