WHERE ARE THE MOST JOBS?

KEY GROWTH SECTORS

MANUFACTURING

Leeds City Region has the highest concentration of high-value manufacturers in the UK, combining academic and research centres of manufacturing excellence with a worldwide reputation for technical and scientific capabilities.

HEALTHCARE AND INNOVATION

Leeds City Region offers a unique health ecosystem, combining local connectivity, nationally and internationally important institutions, and deep collaboration between private, public and voluntary sectors.

DIGITAL TECHNOLOGIES

Leeds City Region is fast emerging as a UK and international digital powerhouse. Its tech sector contributes £6.5 billion to the city region's economy and is a leader in creative media, data analytics, cyber security, FinTech, telecoms, health and education technologies.

FINANCIAL AND PROFESSIONAL SERVICES

Leeds City Region is the UK's largest regional economy and the leading centre for financial and legal services outside of London
