

The Mast Academy Trust

Sustainability Challenge

Summer 2023

We are inviting you to join your school and our Trust on our sustainability journey by taking part in our Sustainability Challenge. We will be running the challenge from half term until the end of the summer holidays and would love for our school communities to get involved.

A challenge card is available for you to follow as well as some supporting information cards to help you get started.

We would love you to post on social media what you have been up to and tag us in, don't forget to tag your school as well!
