Bronnie

On Tuesday 12th March, Year 7 and 8 were treated to a brilliant performance by the singer Bronnie. She performed a mix of original songs from her latest album as well as some fantastic covers and gave a very powerful talk about resilience and mental health. Bronnie has a huge following on social and media, has featured on Radio 1 (where she was described as "the new queen of pop-punk") and has recently finished a European tour. We're really grateful that she found the time to pay us a visit!

KS3 Squash

On Wednesday 13th March the KS3 squash team competed in the final stages of the National School Squash Competition at Edgbaston Priory Squash Club Birmingham. The students had some very close matches finishing in 8th place out of over 50 schools entered in the competition. A great achievement for all the students involved.

Congratulations to: Frankie A, Sam R, Reuben H and Lewis G.

Pi Day

On Thursday 14th March, we celebrated Pi Day. All students had an opportunity to learn about the number pi from the story Sir Cumference and the Dragon of Pi.

Throughout the week they were solving puzzles and on the day they had a chance to take part in TT Rockstars competition, art club or baking club.

The winners of the TT Rockstars battle were Year 7 with an amazing 9,000 correct answers throughout the day! Our top 3 competitors all came from 7TC and received a prize. A huge well done to everyone who got involved.

Year 7 Charity Day

Congratulations to Year 7 who raised over £1,175 last Friday on their Charity Day for their chosen cause, Cancer Research UK.

It was a fantastic team effort to reach this amazing total with pupils, staff and parents baking for our cake sale as well as pupils hosting a variety of games including Name the Penguin, Guess the Number of Sweets in the Jar and Badge Making, plus donations from the non-uniform day, for such a worthwhile cause.

Thank you to everyone who supported this fantastic charity!

Y6 Football

After being crowned County Champions, the Year 6 boys football team travelled to the Liverpool FC Academy to represent West Yorkshire and compete in the North of England Regional finals. The boys from Scissett were drawn in a group against County Champions from across the North of England which, included teams representing Cleveland, Cumbria, Durham, Chesire and Lanashire. County's represented in the other group were teams from Greater Manchester, Mersyside, Northumberland, North and South Yorkshire.

The standard of football was excellent and after 5 closely contested games, our boys did us very proud, winning 1 game and narrowly losing 4. We are so proud of the team for qualifying for the competition and representing our school showing respect and determination throughout the day.

The team were fortunate enough to be given a guided tour around the academy facility's and meet some of the academy players, some of whom have had first team experience. The academy players were able to give students a real insight into the life of an academy footballer at one of the most prestigious clubs in world.

We hope all students enjoyed this fantastic opportunity and remember the experience for a long time to come!

Year 6 Trip to Warner Bros. Studio Tour

- The Making of Harry Potter

This week, our Y6 pupils have made their annual early morning pilgrimage to the Harry Potter studios in Watford. Staff accompanied almost 200 pupils to the Warner Bros studios, home of the Harry Potter films plus many more besides. Apart from being the home to millions of props and sets from the Harry Potter series, it remains a working studio and hundreds of other films have been created there, including many of the Marvel movies, the Fantastic Beasts series, the new Willie Wonka film and the iconic Barbie!

Our pupils enjoyed workshops on topics such as costume design, scriptwriting and pitching an idea for a new film. One of the highlights was when Mr Davidson was invited to open the doors to the Great Hall as it was his birthday on Thursday! Mrs Ward even bought him a butterbeer ice-cream to celebrate!

The theme of the studios at the moment is Magical Mischief and we first spied Fred and George Weasley zooming along on their broomsticks to the sounds and sights of fireworks popping and exploding. Along the way, there were steam trains to explore, giant spiders to avoid and a higgledy-piggledy 'shopping centre' to explore in the form of Diagon Alley. A before and after scene of Gringott's Bank greeted us with towering marble columns and very lifelike goblins counting wizard money atop mahogany desks; later we witnessed the same bank having been demolished by an angry fire-breathing dragon ensnared in chains.

Finally, at the end of the tour, we reached the shop. And what a shop! A complete treasure trove of spellbinding merchandise with something for everyone: stuffed owls, flowing robes and sweets galore. Wands were stacked to the ceiling, Quidditch banners fluttered and chocolate frogs almost leaped out of boxes. Bertie Bott's Every Flavour Beans are always a firm favourite and cries of 'Grass!', 'Mustard!' and 'Pepper!' could be heard all the way home...

"Harry Potter Studios was very magical, there were lots of things to see and talk about. I would love to go again and see things I didn't before" - Jasey-Rae S.
