## Appendix to Positive Behaviour and Discipline Policy

### Updated behaviour guidance relating to the return to school after Covid 19 lockdown school closure

#### Aim

The aim of this update is to ensure that everyone knows and understands the ways in which we must change our behaviour to keep everyone safe from the risk of infection; to ensure that were behaviour is unsafe, we are able to change that behaviour quickly, effectively and fairly; to help us to understand that our first priority is teaching safe behaviour, and that different approaches may be appropriate when differentiating between inadvertent or forgetful unsafe behaviour and deliberately unsafe behaviour.

### Our approach

At Scotforth St Paul's we recognise that following rules is a learnt skill which children need to be systematically taught, and to revise frequently. To reduce the risk of spreading the coronavirus and keep children and staff safe, we are introducing some new rules. These are detailed below.

The main aim of these rules is to reduce risk of spreading the coronavirus, but we recognise that things can go wrong when children are learning new habits. Should this happen, staff will consider what risk has been posed, and whether any immediate mitigation needs to take place (e.g. washing of hands), before responding to the problem as an opportunity for further learning (e.g. by reminding and reinforcing the rules, or by discussing the risks of that behaviour).

Where a child behaves in a deliberately unsafe way (for example, by deliberately coughing or spitting on someone, or by moving into someone else's class "bubble)", the school will take this very seriously. Again, the first course of action is to consider whether any immediate mitigation is necessary. The problem will still be approached as an opportunity for further learning, but will also prompt urgent discussion with the pupil's parents or carers, and may result in the pupil being educated at home.

If senior leaders believe it is necessary, a personal risk reduction plan may be drawn up with the pupil and family. The school continues to have a range of disciplinary powers including exclusion (as set out in government guidance - <a href="https://www.gov.uk/government/publications/covid-19-school-closures/guidance-for-schools-about-temporarily-closing#behaviour-and-exclusions">https://www.gov.uk/government/publications/covid-19-school-closures/guidance-for-schools-about-temporarily-closing#behaviour-and-exclusions</a>) and where it is deemed necessary for the safety of pupils and staff they will be used.

# Our rules

To keep one another safe...

We will use our own work stations and equipment, not anyone else's.

We will work, eat and play in our class bubble.

We will not mix with people from other **bubbles**, in school or out of school.

We will not use playground equipment unless an adult tells us we can.

We will calmly move around school following the markings and directions, and avoiding other people.

In KS2 we will try very hard to stay 2m from one another.

We will follow our hygiene instructions:

- -never cough, sneeze or spit towards another person
- -catch all coughs and sneezes in a tissue and throw it away (catch it, bin it, kill it), then thoroughly wash our hands
- -wash hands frequently (including <u>whenever</u> we are asked to), with soap and water for at least 20 seconds (sing happy birthday twice silently) or with hand sanitiser if soap and water is not available.
- -if we feel unwell we will tell an adult straight away.
