22/06/2020

Dear Year Two Parents,

I hope you are all well and are surviving this madness we are calling 'lockdown'. Within this new pack, you will find details of activities for the next two weeks. I am very aware that some children are finding home learning increasingly challenging and will stress again that these ideas are intended to help you and your child at home and are in no way intended to overwhelm or stress you (or the children) out. Please just do as much as you possibly can whilst maintaining a calm, harmonious and most of all, happy home.

This being said, I will be working through the activities listed with the children who are coming into school so would like to ask those with children coming in on a part time basis to try to stick to the days noted.

## Literacy (daily)

- As always I strongly recommend you continue listening to your child reading ([www.connect.collins.co.uk](http://www.connect.collins.co.uk) and [www.oxfordowl.co.uk](http://www.oxfordowl.co.uk)) and read to them as much as possible please. Due to social distancing rules, we are **not** hearing children read in school at the minute so please can the parents of these children still find time to hear them after school.
- In your packs you will find the next 2 weeks literacy planning based around Horrid Henry (week 4) and Amazing Birds (week 5). Please complete as much as you can but don't worry if you don't fit it all in as I have noticed some of the lessons are quite substantial.
- I'm not sending any more comprehension or handwriting sheets within this pack but if you would like them, email me and I will copy some for you.

## Maths (daily)

- Please continue as before with either White Rose Maths (sheets enclosed within this pack) or the Maths No Problem scheme.

## Other areas of the curriculum

Monday 22 <sup>nd</sup> June	R.E. - Mrs Ventress has included some more work about multi-cultural Christianity. This week she would like the children to create a picture inspired by aboriginal art.				
Tuesday 23 <sup>rd</sup> June	Within your packs, you will find the back page of your child's end of year report. Mrs Aylott would like you to complete this at home and email it back as soon as possible please.				
Wednesday 24 <sup>th</sup> June	<p>Please share the slideshow that I have sent you via email to introduce our new topic all about 'Travel and Transport'. The children can then copy this simple table into their exercise book and complete with a labelled picture of different forms of transport.</p> <table border="1" style="margin-left: auto; margin-right: auto;"> <thead> <tr> <th><u>Modern Transport</u></th> <th><u>Old Transport</u></th> </tr> </thead> <tbody> <tr> <td style="height: 40px;"></td> <td style="height: 40px;"></td> </tr> </tbody> </table>	<u>Modern Transport</u>	<u>Old Transport</u>		
<u>Modern Transport</u>	<u>Old Transport</u>

Thursday 25 <sup>th</sup> June	Please share slideshow number 2 all about trains now and in the past. Draw a Victorian train using images from the slideshow or the internet to help and label it.
Friday 26 <sup>th</sup> June	P.E. - Technology permitting, please choose a couple of activities from <a href="https://www.bbc.co.uk/teach/super movers/ks1-collection/zbr4scw">https://www.bbc.co.uk/teach/super movers/ks1-collection/zbr4scw</a> . These are linked to maths, English or PSHE and are a fun way to get your child moving.
Monday 29 <sup>th</sup> June	Today we will focus on the invention of cars - slideshow number 3. After discussion, order the cars chronologically and complete the questions on the sheet (3B).
Tuesday 30 <sup>th</sup> June	Think about boats today using the art slideshow that I have emailed to you. The last few slides focus upon creating a piece of artwork but if you would rather create an origami boat, I have sent instructions for this instead and you can skip these slides.
Wednesday 1 <sup>st</sup> July	The focus today will be aeroplanes - slideshow number 4. Included in your pack is a news report cloze activity with an additional information text. Alternatively, get creative and design your own aeroplane.
Thursday 2 <sup>nd</sup> July	Time to get creative again today. Start by looking at hot air balloons using Art slideshow 2. The children are then asked to create their own hot air balloon using papier mache.
Friday 3 <sup>rd</sup> July	P.E. - time to get physical again. If the sun is shining why not get outside for a nice long walk or bike ride. If it's not, check out some more of the activities on the supermovers site.

\*\*\*For children coming into school please stick to the dates noted. Everyone else can complete the activities in whichever order you prefer.

I hope you enjoy completing some of these activities. Don't forget your child has a subscription to Purple Mash where they can access activities across all areas of the curriculum if they're at a loose end.

As always, if you need any help, please get in touch either via the office or by email. Take care and I'll be in touch again soon,

Mrs Cross ☺
