1<sup>st</sup> May, 2020

Dear Year 3 children and parents,  
Here's your new bumper pack of work! I hope you are still having lots of fun and keeping your spirits up. There is some work in here to keep you going for the next three weeks. Keep looking on our blog page for my challenges too.

## Maths

Fractions – counting in tenths, making fractions

Angles – understanding and finding angles

White Rose Hub's home learning page has daily maths lessons that have video introductions.

Follow this link <https://whiterosemaths.com/homelearning/year-3/>

Mixed multiplication practice sheet.

## Literacy

I have given you the book *The Creakers*, which we should have been reading this term, as well as some work based on some of the chapters. The work only goes up to chapter 16 so you only need to read that far. After the holidays I will send you some more work for the rest of the book.

Writing sentences with subordinate conjunctions.

Apostrophe practice.

Spelling work for the prefixes un, dis, mis, re, anti, sub and super.

## Science

Conduct a soil experiment to find out what soil is made up of.

Learn how fossils are made and explain this process.

## Geography

Research volcanoes to make a fact file and glossary.

## Online Safety

With children potentially accessing computers more than they used to it would be beneficial to keep them thinking about online safety. There is work at the correct age group to do this at the following website - <https://www.thinkuknow.co.uk/parents/Support-tools/home-activity-worksheets/>.

Yours sincerely,

D.Manning
