Dear parents,

Welcome back to a new term in Year Three and a very Happy New Year to you all. Before I begin, I would like to say a big thank you for the lovely gifts and cards sent into school at the end of last term. It is always good to hear that our hard work is appreciated. Thank you!!

Attached to this letter you will find a copy of this term's curriculum overview giving further details about what will be taught this term.

For homework, I expect everyone to read regularly. Many children are beginning to read by themselves which is fantastic but please encourage your child to tell you about what they have read to ensure they are fully understanding the text. I have also sent home the list of Year 3 spelling words issued by the government. The children are expected to be able to spell most of these words by the end of the year so practise at home as well as at school will be very beneficial. I have highlighted the ones that your child has already shown they can spell.

I would like to take this opportunity to remind you that our P.E. days are Monday, Wednesday and Thursday, and ask you all to please ensure that your child has a full named kit in school at all times. It is becoming increasingly cold, but we will still be doing P.E. outdoors whenever possible, so please ensure your child has suitable tracksuit bottoms or leggings and a zip up jacket or jumper (no hoods please). This term, Year 3 will be learning dance skills with a professional coach, which will culminate in a performance in the Blackpool Tower Ballroom on Monday, 16<sup>th</sup> March (to which parents will be invited). More details will follow shortly.

If you have any queries or concerns about your child or the contents of this letter, please do not hesitate to contact me. I am available after school on the yard most days, or if you would prefer, an appointment can be made through the school office.

Thank you for taking the time to read this letter and I look forward to another fantastic term with your children.

Yours Sincerely,

Mr Manning
