22<sup>nd</sup> June 2020

## Summer Term weeks 9 and 10

Dear Year 6s,

Hello everyone! We hope you are doing well and have been enjoying the learning packs so far. This half-term we have already seen some lovely work from you linked to the theme of Magic and the book "Wonder". Please keep sending in work and we will respond to it as soon as we can. It has also been great to see all your wonderful work for the Leavers' DVD. We are busily getting it together (with some help from Mr Manning!).

Our contact details:

[j.redmayne@scotforth-st-pauls.lancs.sc.uk](mailto:j.redmayne@scotforth-st-pauls.lancs.sc.uk)

[deputy@scotforth-st-pauls.lancs.sc.uk](mailto:deputy@scotforth-st-pauls.lancs.sc.uk)

Here is our next home learning pack for the next **2 weeks** (starting the week beginning 22<sup>nd</sup> June). It is the same work that we will be doing in school too.

This is the general timetable that we will follow in school for the next 2 weeks (22<sup>nd</sup> June – 3<sup>rd</sup> July) so it would be helpful if you could follow it roughly at home, especially any of you who are in school part-time.

	Morning 1	Morning 2	Afternoon
Monday	Maths (following White Rose online lessons – see letter for more details)	Literacy (following Lancashire Primary Literacy resources – see letter for more details)	PSHE <ul style="list-style-type: none"> <li>• Leavers' Activities</li> <li>• Report sheet</li> <li>• Teach the class a lesson</li> <li>• Transition to Secondary</li> <li>• First Aid</li> </ul>
Tuesday	Maths	Literacy	PSHE Activities (see above)
Wednesday	Maths	Literacy	PSHE Activities (see above)
Thursday	Maths	Literacy	RE
Friday	Maths	Literacy	Music / PE

This is not the entirety of what we will do at school but the main subjects covered in your pack. Hope it helps! Many of you have found that having a routine can be really beneficial.

## **Maths - Aim to do a daily lesson.**

- Access the White Rose Hub Year6 home learning resources at <https://whiterosemaths.com/homelearning/year-6/> . Each week, 4 lessons are provided comprising a video and worksheets (which we are including in the pack). We will email the answer sheets on a Sunday night ahead of the week. Please begin at **Week 7** (even though it is not the same date that they give). This will help us all stay together and make sure we get through the areas that will be especially key for when you start at High School in September.
- In your previous pack there was a maths challenge booklet which you can have a go at on Fridays (or as extra challenges on the other days). We included the answers to that too but that's for your parents, so no peeking!!
- If you still need to speed up with your mental maths skills please continue to practice times tables regularly on Times Tables Rockstars. "Hit the button" is also a useful free website for those who need to consolidate other skills such as doubling, halving and number bonds (including within decimals).
- Extra challenge! Continue to supplement the daily maths lessons from White Rose with activities of your choice from <https://corbettmathsprimary.com/> and <https://www.themathsfactor.com/> if you wish.

## **Literacy - Aim to do a daily lesson.**

- We will continue to follow the Lancashire planning, designed especially for home learning. Each week, reading and writing activities focus on a different theme (Robots continued and Explorers). We have included the sheets in your pack and will also email them out each Sunday for the following week, as they contain links to access a variety of texts and online activities as well as paper-based ones.
- Spelling: Continue to learn and revise the words on the KS2 spelling lists. The more you get under your belt now, the easier life will be at high school! If you go to the English and Spelling Resources on [www.purplemash.com/scotforth](http://www.purplemash.com/scotforth) you will find spelling quizzes for all the spellings in every year group.
- Continue to read regularly. If you read a book which you particularly enjoy, you could create a review and email it to us. We will then share your recommendations with the rest of the class.

## Leaver's Activities (recap from the last pack)

If you have any of these pieces still not completed please send them in **as soon as possible**. We have had most of these in so thank you so much! Hopefully it has been a fun way for you to express your personalities and reflect on your time in primary. We think it's really important that your many happy and productive years are recognised and not overshadowed by events of the last few months.

1. Please send in a photo of yourselves as babies (to Mrs Redmayne's email address) so that we can have a guess the baby face competition.
2. Using the template in the pack, create an A4, **pencil crayon** drawn portrait of yourself and include your ambition/s for your future life. You could also draw pictures of your interests around your portrait. Use the format below and email a picture to Mrs Redmayne. There is a useful video on Youtube about how to draw faces accurately and in proportion.

<https://www.youtube.com/watch?v=uXIO6ocidiY>

We will use these pictures into the Leavers' DVD. Please make it as **neat and careful** as possible.

3. Create a collage self-portrait (see image below) and take a picture of it to email to Mrs Redmayne. You can leave the shapes completely abstract (as in the image) or try to make the images create a face/person shape. Be creative but try to make it match your personality and interests!!

Head Teacher: Mrs A. Aylott  
e-mail: head@scotforth-st-pauls.lancs.sc.uk  
website: www.scotforth-st-pauls.lancs.sch.uk

4. Fill in the sheet from the pack about school memories and achievements. Please use your ideas to film yourself talking about 2 or 3 memories from Scotforth (try to include ones from **both** Infants and Juniors) and also an achievement that you've been proud of whilst at Scotforth e.g. singing in the Peace Proms, learning all your times tables, being a really good buddy. Please email the films to Mrs Redmayne.
5. Nominate at least 3 other children for the "Most Likely To..." award using the sheet in the pack. Please email a picture of your sheet to Mrs Redmayne and we will try to use some of your ideas in the DVD.
6. If you have any pictures of yourself linked to school (e.g. on your first day, during sports or in costumes) that you would like to share with the others please email them to us and we'll try to add them to the DVD. If other people are in the photos, make sure you get their permission first.

## **PSHE ACTIVITIES (These would normally fill a big part of our final term at primary.)**

### **Report Sheet**

We have enclosed the back page of our annual reports for the children to fill in. Could you please scan/photograph them and email them into us.

### **Teach the class a lesson! (recap from the last pack)**

We have had few of these in already but are looking forward to receiving many more. We will send them out over the next few weeks for you to learn from each other at home. Hopefully you will enjoy seeing and hearing each other again!

Remember that we would like you to teach the class something that you know or can do well. This can be linked to a hobby or interest e.g. how to do keepie uppies, unicycle, make a rainbow cake or look after a pet reptile. We would love you to make a Powerpoint lesson that we can share with the rest of the class. There was a sheet in the previous pack showing you how to plan the lesson and send it to us. We will use the Powerpoints in school or email them out to those of you at home.

### **Transition**

1. Having discussed with some high schools, we would like you to **email a letter (via Scotforth)** to your new form tutor at whatever high school you will be attending. You may know their name but if not just write "To my new form tutor," and we will make sure it gets to the right person. You could include details about yourself (e.g. your family, your interests, your hobbies and achievements), your favourite subjects at school, what you are looking forward to most at high school and any concerns you may have about high school. Please email it to Mrs Redmayne who will forward them on to your new high schools.

e-mail: [head@scotforth-st-pauls.lancs.sc.uk](mailto:head@scotforth-st-pauls.lancs.sc.uk)  
website: [www.scotforth-st-pauls.lancs.sch.uk](http://www.scotforth-st-pauls.lancs.sch.uk)

2. Normally a big part of this term in Year 6 at Scotforth is preparing for high school and we spend a lot of time discussing issues and feelings linked to this. We have included some online links and videos below for you and your parents to look at. We would really recommend that you look at the resources **together** so that you can chat through any questions or concerns that you have.
3. We have included in your pack a Scripture Union booklet "**It's Your Move!**" all about moving to High School. This is full of useful ideas and information and is yours to keep!

**Scripture Union** have a useful website and a video (22 mins) with lots of advice and video clips from high school pupils who have already made the move. It is linked to the "**It's Your Move**" booklet but the copy we are sending home is a different edition so the contents and page numbers do not match exactly. The video is aimed at a classroom setting so not all of it is relevant (and it does involve learning how to tie a tie which might not be a concern for you!) but it has lots of good bits in it.

<https://content.scriptureunion.org.uk/resource/its-your-move-workshop-video>

NISCU have also made a video with some faces you will know on it! There are some sheets linked to this which we have included in the pack.

<https://www.youtube.com/watch?v=LRaF7npNotY&feature=youtu.be>

<https://www.schudio.tv/> This includes a free training programme titled "Supporting Primary to High School Transition" and is aimed at both parents and children covering common concerns that children may have (making friends, getting bullied, getting lost and being able to cope with the work). It has short videos to watch **together** as well as videos aimed just at parents (25 mins). Parents will need to enrol but it is a free and helpful resource. It is possible to just watch the children videos (which are the second half of the course and last about 25 mins).

And some funny films... The Beano ones at the bottom of the page made us laugh though we don't recommend being friends with Darth Vader!

<https://youngminds.org.uk/resources/school-resources/find-your-feet-transitioning-to-secondary-school/#film-resource>

<https://youngminds.org.uk/resources/school-resources/find-your-feet-transitioning-to-secondary-school/#more-videos>

This BBC Bitesize daily lesson also has some really good resources about transition to High School.

## **First Aid**

During our final half term in school, we would normally complete an entire practical first aid course, run by the British Heart Foundation. As this won't be possible, we have included a copy of the booklet from the course, along with links to the majority of the videos which we watch.

Unfortunately, two of the videos are not available on the internet (bleeding and CPR), so we have included two extra "Operation Ouch" videos as well, which cover other first aid subjects as well as CPR and bleeding.

Intro to school's programme + Rhiana's Day

## Music

A great resource for listening to and enjoying music is the website Minute of Listening which is offering free resources during the school closures. Parents would need to sign up for a free account first.

<https://www.minuteoflistening.org/post/collection-4-free-throughout-covid-19/>

That's all for now but remember to **keep in touch**. We are only an email away and we love to hear from you and see examples of your work.

We will try to respond as quickly as we can!

Lots of love,

Mrs Redmayne and Miss Huddleston

Xx
