A message from Mrs Fisher

From residentials to theme days, in school experiences to parent events, this half term has certainly been a busy one. It has been great to see our pupils develop in so many different ways through the experiences they have had. When walking around school and visiting classrooms, the thirst for learning is so lovely to see and the children have been eager to share their work- I am sure they will be ready for a well-earned rest over half term.

Whilst the dojo scores were extremely close this half terms, the winners were blue team with a fantastic 6,324 dojos!

Thank you also for your support as parents and carers. Please take time over half term to recharge in readiness for another action-packed half term ahead.

With best wishes, Mrs Fisher

DELAMERE – Y2

This week saw our Y2 children embark on an adventure through the forest of Delamere. They built dens, tried their hand at orienteering, toasted marshmallows and sang around the campfire and completed a habitat walk. The experiences they have gained both educational and pastoral are great. The behaviour displayed by all children was exemplary.

I am sure you will join me in thanking Miss Byrne, Miss Upton, Mrs Shawley and Mr Rogers who spent time away from their families to support the children.

The children who stayed with us at Seabridge also had a fantastic time during their experience day.

ASTRODOME – REC and Nursery

Our Reception and Nursery children got to visit space from our very own school hall as they entered the planetarium. They had an experience that was 'out of this world' and loved every moment of it.

We are sure that this will support them with their knowledge and understanding as they move forwards with their classroom-based learning.

VALENTINES BINGO – Y3 and Y4

Thank you for supporting this event. The children had a brilliant afternoon, and it was great to see the healthy competition in the race to get a line or full house.

DATES FOR YOUR DIARY

- Thursday 6th March: World Book Day
- Friday 28th March: Year 1 & Year 2 Breakfast morning – 9.15am-10.15am
- Friday 28th March: Reception Assembly and Afternoon Tea – 2.00pm

- Wed - Fri 9th–11th April: Y4 residential to Chasewater
- Thursday 10th April: Reception Easter Parade Stav and Play – 2pm – 3pm

STORYTELLING WEEK

This was a fabulous week which allowed the children to share a number of different texts with children not only in their year group, but also across the school.

Our school community event, where children were invited in to share stories with their trusted adults, was lovely to see, whilst the daily secret reader for each class brought such a wealth a variety in terms of text.

SPORTS FIXTURES

We have taken part in a variety of events this half term and each time the children have represented our school with their great behaviour and unwavering sportsmanship.

Updates Y1 and Y6

Year 1 have really enjoyed computing this half term - we have used the laptops and the Paint program to create wonderful digital art pieces in the styles of Henri Matisse and Piet Mondrian.

Year 6 have really enjoyed unpicking the story of the Selfish Giant. What appears on the surface to be a children's fairy tale has provided countless opportunities for Year 6 to question, infer and form intricate opinions and ideas about setting, character and motive.

Attendance:

Today we have handed out attendance stickers. We are so proud of all of our pupils and understand that at this time of year, in particular, children will have colds etc.

Next half term we will continue to drive our attendance forward and hope to reach our whole school target of 97%.

Parking:

We have received a number of emails and had many a conversation this half term around parking at the start and end of the day.

Please can we ask that you think carefully about where you leave your car during this time, avoiding yellow lines, driveways and, where possible, double parking. I am sure you are all in agreement that the safety of our young people is paramount.

With that in mind, we held an 'Active Travel' assembly. This supported the children in recognising ways that they could help the planet and also ease the business of our immediate roads around school.
