Our area of learning this term in History will be looking at World War One and its impact on our country. This knowledge will follow them through to year 6 where they will look at WW2.

In Geography we will be investigating Brazil. We will be learning about all the human and physical geographic features. This will help us to plan a trip to visit the country.

In Science we will be learning about properties and changes of materials. On 19th May 2025, Zoo2U will be visiting us and letting us meet some of their fantastic animals, linking to our previous topic of animals and their habitats.

In Art, we are look at set design and creating a 3D stage. Please can your child bring in a shoe box and any spare will be greatly appreciated.

#### You can help your child to succeed by doing the following:
