Mathematics:

- → Read, write, order and compare numbers to at least 1 000 000 and determine the value of each digit (e.g. how many 10,000s, how many 100s, etc.);
- → Read roman numerals: 1 5 10 50 100 500 1000
- → Know key facts see separate sheet;
- → Add and subtract numbers with more than four digits, using formal written methods of columnar addition and subtraction - see below:

- → Be fluent with all times tables up to 12x12 (children should be able to recall the times tables in any order and know the inverse (division fact));
- → Examples of online activities:
