## **1 Aims**

- 1.1 Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:
  - increase the extent to which disabled pupils can participate in the curriculum
  - improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
  - improve the availability of accessible information to disabled pupils
- 1.2 The federation aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.
- 1.3 The federation is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.
- 1.4 The federation's Accessibility Strategy provides context and further background information relating to this plan.
- 1.5 The federation's Complaints Procedure covers this plan. If you have any concerns relating to accessibility in school, the Complaints Procedure sets out the process for raising these concerns.
- 1.6 This plan will be made available online on the federation's website, and paper copies are available upon request.

## **2 Legislation and guidance**

- 2.1 This document meets the requirements of schedule 10 of the Equality Act 2010 and the Department for Education (DfE) guidance for schools on the Equality Act 2010.
- 2.2 The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.
- 2.3 Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.
- 2.4 Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

## **3 Action plan**

- 3.1 The action plan below sets out the aims of our accessibility plan in accordance with the Equality Act 2010, and will be reviewed and updated when necessary.

## Increase the extent to which disabled pupils can participate in the curriculum

- Strategies currently in place:
  - All reasonable adjustments made with consultation from relevant external professionals to ensure ALL students can access curriculum
  - Curriculum considerations made with regards to individual students' capabilities and goals
  - Support put in place as required via short term targeted intervention or longer term support measures to ensure all students can access the curriculum and participate to the best of their ability
  - Staff training in ASD, SEMH, internal support referrals, referrals to relevant external services involving both education and health professionals and the use of the Quality First Teaching (QFT) model which allows the gathering of evidence to proceed with statutory assessment using Local Authority systems
  - 1:1 support for disabled children, where required
  - Classrooms are accessible for children with disabilities
  - Staff members available to escort pupils in lift when required
  - Detailed assessment packages and bespoke resources purchased for English and Maths assessments, specific to dyscalculia and dyslexia; these have informed interventions and areas for teaching staff to address as part of the QFT in class
  - The SENDCo is qualified to undertake exam access arrangement assessments, thereby ensuring that all pupils eligible for access arrangements have been appropriately assessed
  - There has been increased support staff in lower sets for Maths and English, particularly in Year 9 and Year 10 where there is the highest need; this has made the curriculum more accessible to SEND and lower ability learners
  - Training needs analysis identified that staff needed and requested training specific to hearing Impairment and QFT Strategies specific to ADHD and ASD; training to address these areas of need has been delivered to all staff
  - Some Teaching and Learning Assistants have had detailed training to support hearing impaired students, including how to use radio aids etc.
  - All Teaching and Learning Assistants have been given opportunities to access training which will support their role in ensuring that students can access learning
  - Bespoke QFT and ASD training has been delivered to ITT students prior to the commencement of their teaching placements
  - Access to bespoke intervention programmes, including Lexia, social skills, growth mindset and emotional resilience which all improve student access to the curriculum

## Improve the availability of accessible information to disabled pupils

- Strategies currently in place:
  - All SEND documentation is in NCC recommended student and family friendly paperwork format
  - Staff training driven by needs of intake students
  - All SEND paperwork and timescales adhere to statutory and local authority guidelines
  - Students and parents/carers provide their feedback and this is recorded as part of the EHCP reviews; views are also gathered for SEN K pupils who have a pupil passport
  - Child friendly documentation is implemented to record “students’ voices” and all EHCP pupils are invited to the reviews to contribute to the annual review
  - SEN K students play an active role in sharing their views on the pupil passport
  - All Teaching and Learning Assistants within the SEND department have completed a BSL Level 1 course
