

BTEC DIGITAL INFORMATION TECHNOLOGY

BTEC Tech Award Level 1 and level 2 Digital Information Technology (DIT)

Why do you study this course?

- This course has been designed to provide you with the knowledge and understanding of one of the world's fastest growing industries.
- It will allow you to develop skills in a range of software packages and develop your understanding of digital information technology.
- It will allow you to progress into employment, further education or onto the Level 3 IT course in the sixth form at Astley.

Units you will study in Year 10

Component	<u>DIT</u>	<u>Assessment Method</u>
1	Exploring User Interface Design Principles and Project Planning Techniques	Internal (coursework)
3	Effective Digital Working Practices	External (Examination)

Unit you will study in Year 11

Component	<u>DIT</u>	<u>Assessment Method</u>
2	Collecting, Presenting and Interpreting Data	Internal (Coursework)

Who will do the course?

- This is a level 1/2 course and is open to all students.

How is the course assessed?

- There are **three** units in this course
- Unit 1 is assessed via internal coursework
- Unit 2 is assessed via internal coursework
- Unit 3 is assessed via external examination

What styles of teaching and learning will be used?

- A variety of styles will be used to enable you to complete the course. You will research the DIT industry through group work, individual assessment, the internet and teacher led activities.
