Small enough to care, big enough to make a positive impact

As a 13-18 school in south east Northumberland with good standards of teaching and behaviour and a strong commitment to improvement, we believe passionately that every student should be enabled to succeed in all aspects of school life. Building on our 'Good' rating by Ofsted, we continue to strive for further improvements.

We are looking to appoint an enthusiastic and expert Social Sciences Teacher, with the ability to teach and lead on Social Sciences up to A-Level This includes the subjects of Sociology, Law and Psychology. As lead teacher you will be expected to lead the development of the subject's curriculum.

This is an exciting opportunity to develop your career, within a school that really cares for our students and staff.

Student behaviour and attitudes to learning are good throughout the school and we need a highly motivated individual who can enable students to exceed their expectations and have high aspirations for their futures.
