

Why do you study this course?

- This course has been designed to provide you with the knowledge and understanding of one of the world's fastest growing industries.
- It will allow you to develop skills in a range of software packages and develop your understanding of the ICT industry.
- It will allow you to progress into employment, further education or onto the Level 3 ICT course in the sixth form at Astley.

Units you will study in Year 10

Units	CiDA	Assessment Method
1	Developing Web Products	External (Practical Assessment)

Units you will study in Year 11

Units	CiDA	Assessment Method
2	Creative Multimedia	Internal (Coursework)

Who will do the course?

- As this is a level 2 course it is open to students who expect to get a GCSE grade 4 or above in English and Maths.

How is the course assessed?

- There are two units in this course.
- Unit 1 is assessed using a set coursework task under controlled conditions.
- Unit 2 is assessed via internal coursework.

What styles of teaching and learning will be used?

- A variety of styles will be used to enable you to complete the course. You will research the ICT industry through group work, individual assessment, the internet and teacher led activities.

For further information see your ICT teacher or Mr Armstrong.
