

100 FREE
SUMMER SCHOOL
PLACES!

FROME COLLEGE

23rd August – 27th August 10am – 2pm

Frome College would like to invite year 8 students, on a first come first served basis, to our first ever Summer School.

This is a fantastic opportunity for students of all abilities, including gifted and talented and SEN, to attend a full week of activities aimed at developing and enhancing skills not only in Maths, Engineering and Literacy, but also taking part in fun activities, such as sports, swimming, wellbeing, arts and crafts.

Do you want to give your child the best possible start at Frome College?

If the answer is yes, then please contact

Summerschool
@fromecollege.org

to confirm your child's place at Frome College's free Summer School.

We have lots of exciting workshops and activities planned to support your child in their transition, including a day trip for all.

The free place also includes lunch for all and we hope this will encourage all students who wish to participate to be able to do so.
