

Geography	TERM 1	TERM 2	TERM 3	TERM 4	TERM 5	TERM 6
5	What is Geography?		Where are we? Mapping and Map skills.		Continent and Country study: Africa and Kenya	
Learning Foci:	<p>Key concepts: Locational Knowledge: Place Knowledge: Physical Geography: Human Geography</p> <p>Introduction to new concept of Geography as a stand-alone subject.</p> <p>Important first foundation to expand on in future years. Knowledge and skills-based module.</p> <p>Locational Knowledge: Place Knowledge: Physical Geography: Human Geography: Environmental Geography: Objectives.</p> <ol style="list-style-type: none"> 1. To understand that Geography is about our planet and us and is divided into strands and themes 2. Explain the different resources they will use to study Geography 3. Recognise the importance of location and asking questions to become a good Geographer 4. Describe how the Iron Bridge Gorge has changed 5. Understanding command words in order to answer questions 		<p>Key concepts: Locational Knowledge: Place Knowledge:</p> <p>How to read an OS map, use a compass, contour lines, 4/6 Grid references, Place Knowledge: Locational Knowledge</p> <p>Objectives</p> <ol style="list-style-type: none"> 1. Describe and explain how mapping has become more accurate 2. Explain what the scale on a map tells us 3. Explain what a mental map is and how to improve one 4. Say how a sketch map is different from other maps 5. Explain what grid references are used for 6. Use Four and Six figure grid references to locate places 7. Explain what an OS map is and use four and Six figure grid references to locate places on an OS map. 8. Use a globe to point out the Prime Meridian and other lines of Longitude; the Equator and other lines of Latitude 9. Explain how lines of Longitude and Latitude are used to find places 		<p>Key concepts: Locational Knowledge: Place Knowledge: Physical Geography: Human Geography</p> <p>Continent study of Africa and the horn of Africa. Pupils study place specific facts and develop knowledge of a region in Africa: Horn of Africa. Recap on physical/human world and introduction of 'Environment' as Geography classifications.</p> <p>Locational Knowledge: Place Knowledge: Physical Geography: Human Geography: Environmental Geography:</p> <p>Objectives:</p> <ol style="list-style-type: none"> 1. To explain that Africa is one of seven Continents 2. Explain that Africa is largely shaped by its colonial history 3. Africa has many countries that share many characteristics in terms of Human Geography 4. Explain that the population distribution is influenced by physical features and climate 5. Explain that Africa has a variety of physical features 6. Understand that Africa is divided into four main Biomes. 7. Mark and label Kenya on a map and name Countries that share her borders 8. Name the main physical features and explain how the Rift Valley was formed 9. Describe the pattern of rainfall across Kenya and name the climate zones 10. Explain the growth of Kenya's population and describe problems that this may cause 11. Give examples of poverty and inequality in Kenya 	
Assessment	<p>Baseline Assessment from Year 4 Curriculum. 1 Geography... and you Assessment Paper Year 5 end of topic assessment: Multiple choice, comprehension and disciplinary knowledge skills.</p>		<p>Mapping and Map skills end of topic assessment. Multiple choice and grid references test.</p>		<p>End of topic assessment: Multiple choice, comprehension and disciplinary knowledge skills: Kenya.</p>	

Geography	TERM 1	TERM 2	TERM 3	TERM 4	TERM 5	TERM 6
Progression from Year 4	Know how to use graphs to record features such as temperature or rainfall across the world		Know and name the eight points of a compass Know how to plan a journey within the UK, using a road map		Know what is meant by biomes and what are the features of a specific biome Label layers of a rainforest and know what deforestation is
