

Selwood Weekly Learning Guide

WEEKLY LEARNING GUIDE

Week Commencing: **13th July 2020**

To make the use of hyperlinks a little easier, please download and save this document to your computer before you begin.

30 Minutes of Exercise

For example, PE with [Joe Wicks](#) from 9 - 9.30am. This is a great way to start the day. See the PE subject page on our website for more ideas.

Reading

At least 20 minutes each day. There's a lot you can do and explore just by reading, which helps develop reading comprehension:

Talk about it.

- Were there words that were unfamiliar? If so, Explore them! What does the dictionary say? (Yes. The internet can help!)
- What does the word mean and what other words mean something similar?
- How can you use this word every day? Set a challenge to use it 5 or 10 times per day and make it a competition!
- Talk about characters and how they must be feeling
- Take it in turns to read a chapter. You'll be surprised how much they listen and learn from how you read...
- Exaggerate the words and make each other laugh!
- Act out a scene from the book
- Turn it into a comic strip
- Make a video of the scene. Who gets the Oscar?!

(MFL) Linguascope:

Learn a new word in each language! Log on to [Linguascope](#) and click on the word of the day.

Literacy and Numeracy practice

Up to 45 minutes on each. See our subject pages for resources, activities and tasks, or follow the suggestions in this guide. For Numeracy, please see information below regarding My Maths access.

Focused learning activities

Choose up to 2 of these per day from this guide. These sessions can last from 30 minutes to an hour.

Give free time to relax and play

Use this time in a way that best suits your children and your family, to help break up the day's structured activities and provide time to play, explore and be creative.

Challenge Tasks

The school will frequently publish a challenge task on the school [home learning webpage](#).

Selwood Weekly Learning Guide

Subject	Year 8				
	Monday	Tuesday	Wednesday	Thursday	Friday
English	<p>https://classroom.thenational.academy/lessons/grammar-for-writing-using-apostrophes-accurately</p> <p>Grammar for writing: using apostrophes accurately Today, we will be revising the apostrophe and making sure we understand how to use it accurately.</p>	<p>https://classroom.thenational.academy/lessons/victorian-literature-mystery-and-the-short-story</p> <p>Victorian literature: mystery and the short story This lesson, we will introduce the conventions of the short story, detective fiction and mystery writing as we prepare to read the classic Sherlock Holmes story, The Adventure of the Speckled Band by Arthur Conan Doyle. You will need a pen and paper.</p>	<p>https://classroom.thenational.academy/lessons/reading-for-meaning-the-adventure-of-the-speckled-band</p> <p>Reading for meaning: The Adventure of the Speckled Band Today, get comfortable and enjoy our reading of a classic mystery story: The Adventure of the Speckled Band by Arthur Conan Doyle. This short story features a master of logic and deduction: the famous fictional detective, Sherlock Holmes. We will start to evaluate some of the conventions of the mystery genre in this story.</p>	<p>https://classroom.thenational.academy/lessons/the-speckled-band-part-3</p> <p>The Speckled Band: part 3 This lesson, we will finish reading and begin to analyse the structure and language used in the short story, The Adventure of the Speckled Band.</p>	<p>https://classroom.thenational.academy/lessons/grammar-for-writing-commas-and-clauses</p> <p>Grammar for writing: commas and clauses This lesson, we will cover some key rules about how to use commas correctly in different clauses.</p>

Selwood Weekly Learning Guide

Activity (up to 1 hour per week on each activity)	
Art	Pick a drawing task from the art ideas sheet .
Computing	<p>Continuing on from last week this is in the Computing Homelearning Area as Spreadhseets Quiz lesson 3-6 (click here)</p> <p>Lesson 4 You should have now started YOUR own Quiz Using the template given here</p> <p>Lesson 5 Personalize your Quiz, look at the Final Checklist Document here Does your quiz meet these criteria?</p> <p>Lesson 6 mini Assessment here and extension Task here</p> <ul style="list-style-type: none"> You should have “researched at least 10 Images to make your own Quiz (remember you are asking someone else to identify your images so it should be... ”what animal is this? Or who is this? Name this sportsperson? Name this/ name that?) and they will have to type in the answer For the last 2 weeks you will have watched the videos which shows you step by step how to Format and add Functions ie: Formula to your Quiz I would heartily suggest you watch each video in order and do the set task for each as you go....before continuing onto the next, I would also suggest you use your screen in split screen mode so you can stop and start with a visual reference (makes it a little easier) you will need Microsoft Excel in your PC to complete this task <p>If you do not have access to Excel...then Please look at the other websites listed for online work in ICT computing ie: Bitesize/Code.org/etc these are all listed in Home learning Computing on the school website. (Not to forget scratch/or even pivot).</p>
Drama	Having fun with Shakespearian insults .
Geography	<p>World Oceans Day Lesson 5</p> <p>Read the PowerPoint ‘What can you do?’</p> <p>Complete the poster task to show your understanding</p> <p>Complete the Reflections sheet.</p>
History	<p>Year 8 WC 13th July.</p> <p>Go to school website and follow links Subject – History – Year 8. Or click here</p> <p>Login to kerboodle and go to The Final Solution pages</p>

Selwood Weekly Learning Guide

Languages

<https://www.ilini.com/learn-french>

For Year 8 and Year 7 who would like a challenge. On this site you can watch 5 free videos a month. Choose videos on the news, sport, music, culture and society. Videos are short and in French. You can have English and French subtitles and play in slow motion for each video you choose.

If you are studying Spanish or German in Year 9, use Linguascope to learn key vocabulary. It would be useful to know: the alphabet, numbers, days + months, dates, colours, greetings and farewells, introductions, animals, family. You will need to use both Elementary and Beginner.

Theme: Understanding dialogues in a souvenir shop.

This week's lesson will use a lot of the vocabulary and structures you have already seen and used in previous lessons. Make sure to have a pen and some paper with you before you start. Remember to complete the retrieval quiz before starting the lesson and then try the final quiz after the lesson.

[Click here](#) to start the lesson.

Then, choose from these activities:

Log on to Linguascope and learn new vocabulary for shopping. Click on Beginner – choose English – Everyday life – Cosmetics. Complete the introduction in English first and then switch to French. Play the different games to help your learning.

[Click here](#) to go to the MFL page to log on to Linguascope.

Challenge: Watch the video and complete the second lesson where you will apply what you have learnt and write your own dialogue in French.

[Click here](#) to start the second lesson.

Culture: 14th July is Bastille Day in France and a national holiday. Find out why this day is celebrated, what is the Marseillaise and who is Marianne. You can present your research as a poster, booklet or power point.

Bonnes vacances!
