SIMS Parent is an online website and app, which is accessible to parents to provide them with information about their child.

You can access the new system from a smartphone, tablet or PC – anytime, anywhere.

What will you find in the SIMS Parent App?

- Important information such as attendance and latest reports.
- School term and INSET dates and contact details available at the click of a button.
- Access to update your contact details at any time, so we always have the most up-to-date information in case of emergency.
- If you have more than one child at school, you will have access to information for all your children, from the same app.
