We recognise the importance of both the academic and personal development and well-being of every child in our school. This includes recognising the importance of providing a range of opportunities for our pupils to respond to, that supports their spiritual, moral, social and cultural development with an understanding and an overview of teaching the Equalities Act (2010) and including global education themes.

Spiritual, Moral, Social and Cultural development (SMSC)

Spiritual development:

Spiritual development is concerned with developing the non-material aspects of life, focusing on personal insight, values, meaning and purpose. Beliefs that help provide perspective on life may be rooted in a religion, but equally may not. Children will also explore the fundamental British Value of exploring and respecting the values and beliefs of others.

The Spiritual development of all our children is addressed through the Christian vision and values of the school. As a church school we address spiritual development through prayer, Christian worship, celebration of Christian festivals and learning about those of other faiths, reading and reflection on the Bible within Collective Worship, Religion and Philosophy and across the wider curriculum.

Spirituality at Selwood is when we pause, and think about, our inner world with the aim of improving our life and the world around us.

This especially happens when we:

- Reflect on past experiences and learn more about who we are, including our beliefs.
- Become aware of WOW moments
- Explore future dreams/ambitions
- Improve relationships with others and ourselves (incl. wellbeing.)

We are committed to:

- Celebrating the religious and non-religious beliefs and values that our pupils bring as part of their family/culture heritage and to building an awareness of and respect for others' spiritual and religious beliefs
- Fostering common human values and building spiritual capacities to promote self-worth
- Self-esteem and valuing others
- Helping our pupils to come to an understanding of themselves as unique individuals and encouraging them to reflect on "big questions"
- Developing our pupils' curiosity, imagination, creativity and promoting a lifelong love of learning.

Moral development

Moral development: knowing what is right and wrong and acting on it accordingly. Moral development is about personal and societal values, understanding the reasons for them and airing and understanding disagreements. Children develop the fundamental British Value of investigating moral values and ethical issues, and recognising and applying right and wrong.

We are committed to encouraging pupils to:

- Be truthful and honest
- Respect the rights and property of others, their opinions and customs, even when they are different from our own
- Help others
- Solve differences of opinion in non-violent ways using the principles of restorative practice.

Social development

Social development shows pupils working together effectively, relating well to adults and participating in the local community. It also includes the fundamental British Values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs

We are committed to:

- Fostering the skill and qualities of team building through the development of self-confidence, co-operation, sensitivity to others, reliability, initiative and understanding

- Providing an environment where pupils can take responsibility for themselves and others in school and the wider society
- Teaching the Equalities Act throughout our curriculum.

Cultural development

Cultural development shows pupils understanding and feeling comfortable in a variety of cultures and experiencing a range of cultural activities (art, theatre, travel, concerts). Children develop the fundamental British Value of exploring, understanding and tolerance regarding the diversity of cultural traditions and beliefs of others.

We value and celebrate the cultural diversity of our school, our society and the world by:

- Promoting an appreciation of our own cultural tradition/s and encouraging an appreciation of other peoples' cultural traditions
- Celebrating the richness of culture and tradition.
- Weaving global education themes through our curriculum.
