## Moons Curriculum Newsletter

Autumn Term 2021

Welcome to all of our new children and families who have joined us this year. Welcome back all of the children and families who joined us last year. It lovely to see you all and I hope you are all excited and ready for an amazing year ahead. Superstars Early Years Unit is a wonderful place to be and Moon class are clearly enjoying exploring all of the areas and learning our routines.

We look forward to working with you all.

*The Early Years Team*

### Yoga

We take part in yoga and relaxation and breathing activities in class.

We do not require PE kits.

However, please encourage your child to practise taking off and putting on shoes and socks.

### COMMUNICATION, LANGUAGE & LITERACY

We will continue to develop our story knowledge and our story telling skills this term. We will be developing skills of oral story-telling, using pictures as prompts.

Sharing books at home and talking about what happens in the pictures is a great way for you and your child to learn and have fun together. Find a quiet place in the house and develop a love of books.

### HELPING AT HOME

In the Moon class, we are encouraging the children to be more independent. Please continue to help your children with these skills:

1. Managing clothing - putting on and taking off coats, jumpers, socks, shoes.
2. Singing counting rhymes and songs.
3. Taking turns and being able to wait for a go.

Please look at our website for new things you can do at home and when outside. These are fun activities that do not cost anything but are lots of fun!

### Class Dojo

If you haven't signed up to Class Dojo yet, please do.

We can post pictures, add photos and share what we are doing in class.

### MATHEMATICS

We continue to focus on number and counting objects this term. We will be singing lots of number rhymes and songs and using resources to find out how many things we have, how many are left and understanding the term "altogether". We are using our fingers to show how many we have. We are also developing our size vocabulary and linking this to our story telling.

### TOPIC

Our topic is "Helping Hands". We are learning about people who help us at home, people who help us in school and people who help us in the wider community. We have already met the new PCSO Team and we have had an amazing visit from Joe and Dan from the Ambulance service.
