Summer Term 2022

Welcome back Moon families. I hope everyone has had a lovely break, and is ready for the new term. Our topic is, "Our Colourful World". We will be finding out about where we live and comparing it to other countries. We will be celebrating how wonderfully diverse our world is and developing our questioning skills. Please remember, you can come and chat with us about home and school or about something that you would like to share and celebrate with us as a family.

PE

Our PE sessions are on Wednesday. This enables everyone to take part. Children do not need a PE kit as we do yoga and PE in our bare feet.

Earrings

Please remove earrings before school on Wednesdays. If earrings can't be removed, then please place plasters over them before school.

PSED

This term we will continue to develop skills of sharing and turn taking in class. We will be learning how to work as a team and recognise how goals can be achieved when we work together.

We continue to celebrate and understand that everyone is unique and special. We will be developing our understanding that we can affect others with our actions and learning to express how we are feeling.

HELPING AT HOME

1. Go on a number walk - spot numerals on doors, in the supermarket, a menu or car number plates.
2. Sharing a book - come along to the "Love of Books" launch to find out more.
3. Join the library - borrow a book and it does not cost anything.
4. Singing songs and rhymes, dancing around the room or using pots and pans as a drum to tap out a rhythm.

COMMUNICATION & LANGUAGE, LITERACY

Our focus is to talk about features of books and understand the difference between fiction and non-fiction. We will continue to use mark making in our play and begin to form the letters of our write our names.

MATHEMATICS

We are developing our number recognition and applying our number knowledge within our play. We are also developing the language of shape and starting to talk about the features of a shape eg. Sides, corners, straight, curved, flat, 2D, and 3D. We are identifying patterns and continuing patterns.

TOPIC

We are finding out about our locality and the wider world. We will be comparing different places and identifying similarities and differences. We will be finding out that not all families, homes and lifestyles are the same.

Love of Books Project

I would like to invite to you all to the launch of the "Love of Books" Project. This will be a lovely way for parents and grandparents to get together, and have coffee and cakes and find out more about what we will be doing.
