

Curriculum Newsletter

Bramham Shadwell Federation
Class 6 September - October 2020

All our learning in class this half term will be focused around the question:

What makes a good global citizen?

English

- We will be starting the half term by developing our **speaking and listening skills** through a **debate**. During this unit of work, children will improve understanding of being an **effective speaker** and application of **persuasive language features**.
- Our main writing project this half term will be **writing a letter** to a loved one from the perspective of an evacuee. Children will have the opportunity to build their knowledge of **sentence structure** through their History topic of World War Two. In addition, children will start to explore **levels of formality** in their writing; starting with **writing informally**.
- The final writing task of this year will give children the opportunity to develop their ability to end a short story in an original and creative way with confidence.
- In our reading lessons, our **focus skills are fluency** where we will be working on developing our **Expression, Accuracy, Rate and Smoothness (EARS)** when reading whilst maintaining our understanding of the text and retrieval of information.
- Y5 recovery of learning will be interwoven into English lessons and within the wider curriculum.

The texts we will focus on are: Library of Lemons, Erika, Anne Frank's diary

The outcome will be:

- A debate on the benefits of learning at home vs. learning in school.
- A letter from the perspective of an evacuee.
- A creative ending to a story.

How can I help / information for helping

- Debate:** Reflect on the period of home learning and discuss the pros and cons of the experience.
- Letter writing:** Show children a formal letter that you may have received and discuss the differences that may appear in an informal letter to somebody you know.
- Story ending:** Talk about some of your favourite story endings in books/films.
- Reading:** Read with your child aloud as much as possible to practise fluency (EARS- see above)

Maths

- The main emphasis will be on **place value** and the methods to **add, subtract, divide** and **multiply** whole numbers and decimal fractions.
- Children will develop their **problem solving skills** as they learn to explain, convince others and justify their findings using specific vocabulary.
- Children will also become more confident when applying a range of strategies to solve tricky problems. There will be regular homework to consolidate these areas and apply their skills.
- We expect the children to know all of their multiplication and division facts up to the 12 times table for use in calculations.
- There will be a weekly times tables test;** children will then be given a target to improve their time or to learn the next times table. Please help them to learn their multiplication facts alongside their division facts as we have found that it increases mathematical confidence and accuracy.
- Additionally, the KIRF target is outlined below; please help your child achieve this target.
- Look out for information regarding the re-launch of Mathletics
- Y5 recovery work will be interwoven into lessons

How can I help / information for Helping

Can you read 9,345,673?
Can you write it in words?
Children can access fun multiplication games online at www.multiplication.com.

KIRF Target – Autumn Term 1

- I know the multiplication and division facts for all times tables up to 12 x 12
- This is a chance for Year 6 children to consolidate their knowledge of multiplication and division facts and to increase their speed of recall.

Topic	SITE	P.E
<p>Focus is: ‘How does a good global citizen promote peace?’ The children will use their understanding of the key events leading up to and during WW2 to contextualise decisions made in the modern world.</p> <p>Skills / Knowledge to be developed: The children will investigate how WWII began and learn about The Blitz, the Power, the Allies and countries (and how they depending on the perspective), the Holocaust, significant military events and the role Britain played in WWII.</p> <p>Art links: The theme will focus on the Yorkshire Artist Henry Moore and his WWII Underground shelter drawings and paintings. The children will learn about the artist, his life and work before developing their own skills in drawing and painting. We will be exploring the tools and techniques used by Henry Moore himself during the war years and produce some of their own work based on the colours and moods of the shelters during the war.</p> <p>Applied through: Geography / History / English / Maths / Art</p>	<p>Focus is: Electricity and ‘The Coding Project’</p> <p>Skills / knowledge to be developed: scientific knowledge of circuits and electricity. Children will learn about the considerations that need to be taken when planning a scientific investigation and plan and conduct their own experiment investigating how different variables affect the volume of a buzzer. The children will then use and apply this knowledge to create a Morse Code machine to coincide with the WW2 coding project.</p> <p>Applied through: investigating electronic circuitry and powering different components such as bulbs and buzzers to design and make a Morse Code machine using this knowledge.</p>  <p>Computing: Children will look at ‘coding’ in a different sense developing their understanding of computer coding to input complex variables to create game apps.</p>	<p>Focus is: Athletics</p> <p>Skills / knowledge to be developed: Technical running, jumping & throwing skills.</p> <p>Applied through: Children will be developing their technique through individual running, jumping and throwing activities. They will analyse their own performance and look to make alterations in order to achieve their best scores.</p> <p>PE is on a Monday - children come to school in uniform and come home in PE kits</p>
<p>How can I help / information for Helping Discuss what you know about WW2 and how it must have felt to have lived through it.</p> <p>Encourage discussion between your child and any older family members or friends who may have encountered some aspects of WW2 – we love to hear about personal stories from that era. Children are welcome to bring in artefacts from home to show us.</p> 	<p>How can I help / information for Helping Discuss electrical items around the house and how they work. Play some online electricity games. http://primaryhomeworkhelp.co.uk/revision/Science/electricity.htm</p>	<p>How can I help / information for Helping Encourage your children to organise their P.E. kit for themselves ready for a Monday. They could also think about what they might need regarding cold/wet weather?</p> <p>If P.E. changes from a Monday the we will communicate this with you.</p>

French	Music	PSHE / MindMate	R.E.
<p>Focus is: Where I Live and Food</p> <p>Skills / knowledge to be developed: Development of sentence structures and French communication skills.</p> <p>Applied through: Shops, asking directions, revision of days of the week, telling the time, Dictionary work.</p> <p>Grammar: Construction of simple sentences with identification of adjectives and quantifiers in the sentence. Writing: Manipulating simple sentences by changing an element in a sentence, using negatives.</p> 	<p>Focus is: "Livin' On A Prayer" – Bon Jovi</p> <p>Skills / knowledge to be developed:</p> <p>Applied through: This is a fun unit of work about classic Rock music. Using 'Charanga', learning takes place through games, the dimensions of music (pulse, rhythm, pitch etc) and playing instruments.</p> 	<p>Focus is: Mental Health & Emotional Wellbeing</p> <p>Skills / knowledge to be developed: We will look at different aspects of mental health, why it's important and what can we do to ensure we are happy, secure and confident. We will also discuss strategies on how to cope with challenges in this area.</p> <p>MindMate – Being the same and being different - recognise how and why we feel a certain way in different situations. Share their opinions on things that matter to them & explain their views through discussions with one other person & the whole class.</p> 	<p>Focus is: Sikhism</p> <p>Skills / knowledge to be developed: Introduction to Sikhism through the life and teachings of Guru Nanak.</p> <p>Applied through: The children will explore the core principles of the Sikh religion.</p> 
<p>How can I help / information for Helping</p> <p>Ask your children to repeat some of what they have learnt in class while you are out and about.</p>	<p>How can I help / information for Helping</p> <p>Listen to different rock songs and look for similarities between them.</p>	<p>How can I help / information for Helping</p> <p>Discuss with your child what they have learned in PSHE in order to check their understanding.</p>	<p>How can I help / information for Helping</p> <p>Ask your child to explain the element of Sikhism they have learnt about this week.</p>

Homework	Any Other Information / Dates for the Diary
<p><u>Ongoing Homework</u></p> <ul style="list-style-type: none"> • Reading: a minimum of 15 minutes reading every night (logged by the children and noted in their planner). • KIRF target: See maths • Times Tables: see Homework Log Sheet • Spellings: learn the list sent home on a Friday and words outlined as common errors on their Homework Log Sheet. <i>Please see the class teacher if your child has not logged information on the sheet.</i> • Mathletics – 1000+ points per week <p>Please continue to log children’s progress with these activities on the weekly homework sheet – children earn House Points for each part that is fully completed.</p> <p><u>Maths / English Homework</u> Homework is given out on a Thursday, to be returned the following Tuesday.</p> <p>Please encourage your children to discuss their homework at home in order that they develop the skills of explanation and reasoning.</p> <p>Children will be set a Learning Log activity once during every half term. This will be related to the Enriched Curriculum. On weeks when this is set, it will replace Maths or English homework.</p>	<p>Thursday 24th September – WW2 Evacuee day Tuesday 29th September –Flu immunisations Monday 1st October – Individual photographs W/B Monday 19th October – Parents’ Consultation Meetings Friday 23rd October - Training Day Friday 27th November – Training Day</p> <p>Please ensure that your child has a water bottle in school every day. They must remember to take it home every evening to wash the bottle and bring it in to school already full. This will ensure that the bottles are kept clean and germ-free for the children’s use each day.</p> <p>In the past we have found that the planners are an excellent means of communication between home and school. The planners have two main purposes: to record homework and to reward good work and good behaviour with stamps. We would appreciate your assistance in checking that your child has their planner with them each day. Please look at the planners regularly as notes from the teacher might be written in them. Please sign it at end of the week to be checked on a Monday.</p> <p>To keep our children safe, please can we politely ask that you refrain from using the school field and climbing equipment after school and please leave the grounds as quickly as possible.</p> <p> We encourage you to follow our school Twitter account @BramhamShadwell. We post regular updates and photographs of what your children are learning in class alongside other important school information, reminders and updates.</p>

Thank you, as always, for your continuous help and support. If you have any queries please do not hesitate to contact us or make an appointment at the office to arrange a meeting after school.

Mr Rugg
