We started by talking about playtimes and how the football games have been going. This has been more successful and football is working better in bubbles. Teachers have been helping to set up the teams for football which has worked well. The girls reported that they were finding things had improved to some extent – we will keep monitoring this.

The football rota has also helped to make things fair for every class; everyone is now having a turn which is great news!

The Y6 Councillors have been setting up the cones in the morning and this has helped to separate out the classes in the morning. Mrs Hall thanked them for this!

The play equipment boxes have been successful but need to be tidied out and restocked. We will organise this and ensure that every box has wipes in the keep things clean and hygienic.

Some Councillors want to remind the children to keep their distance when moving around school if another class is present. They will share this information with their classes.

Remember to...

Read out these minutes to your classmates so they know what is going on in school and how together we are helping to make it a better place.
Bring your folder to each meeting.
