

## **Curriculum Newsletter**

## Bramham Shadwell Federation Class 4 February- March 2019

All our learning in class this half term will be focused around the question:

How did people treat each other in the past?

English	Maths
<ul> <li>English work will begin with a focus on narrative writing.</li> <li>The children will develop their narrative writing skills when analysing a range of texts such as Beowulf and The Time Travelling Cat.</li> <li>They will identify the key narrative features of stories and look at exciting and creative language used to draw a reader in.</li> <li>The children will then utilise the narrative skills they have learnt to rewrite Beowulf with an alternative ending. This links to our history topic, using knowledge from the Anglo-Saxons this half term.</li> <li>As part of the children's weekly reading sessions, they will focus on The Time Travelling Cat and the Viking Terror. During these lessons they will retrieve information and make inferences throughout the text before finally, writing a review.</li> <li>The children will continue to explore using coordinating and subordinating conjunctions and their position and purpose in a sentence.</li> <li>They will look at using and punctuating speech appropriately and specifically where and how to use them in narrative writing.</li> <li>The children will also begin to look at the use of a colon and semi-colon within a sentence.</li> <li>The children will also look at instruction writing in SITE as their cross-curricular piece. They will use the new knowledge they will build up in SITE lessons that will support their final project.</li> <li>The outcomes will be: A narrative story with an alternative ending based on Beowulf.</li> </ul>	<ul> <li>Maths work this half term will focus on fractions.</li> <li>The children will learn new vocabulary such as numerator, denominator, mixed numbers, improper fractions and equivalent fractions.</li> <li>Firstly they will learn how to count in hundredths, write and show mixed numbers on a number line, find equivalent fractions and simplify fractions and mixed numbers.</li> <li>Next they will learn how to add and subtract fractions and solve word problems related to fractions.</li> <li>Once the children have used practical mathematical resources to visually understand fractions they will then put this experience into practice with word problems.</li> <li>Later on in the half term, the children will focus on time including the 24 hour clock, changing minutes to seconds, hours to minutes, years to months and months to years.</li> <li>We expect all the children to know multiplication and division facts up to the 12 times table for use in calculations and this will be worked on continuously throughout the year.</li> <li>The class will revisit word problems and two step calculations with addition, subtraction, multiplication and division facts up to the 12 times table for use in calculations and two step calculations with addition, subtraction, multiplication and division facts up to the 12 times table for use in calculations and two step calculations with addition, subtraction, multiplication and division and learn to explain, convince others and justify their findings using specific vocabulary: I am certain that, I think, because, I know that, So, must be,</li> <li>Additionally, the KIRF target is outlined below; please help your child achieve this target.</li> </ul>
<ul> <li>How can I help / information for Helping</li> <li>Show your children different fictional stories you have at home and discuss how they are put together, what narrative features and facts they have and identify the creative language they use to entice the reader.</li> <li>Introducing colons and semi-colons:</li> <li>A main clause is a sentence which contains a verb and a subject, it makes sense</li> </ul>	HowcanIhelp/information for HelpingKIRF Target – Spring Term 2FunfractiongamesIFunfractiongamesIsmartiesmaths.What fractionare red? Etc.Cut pizza or food54 divided by 9 =into different equal fractional9 x 11 =pieces.If you eat one piece,They should be able to answer these questions in any order, including missing number questions.

Homework	Any Other Information / Dates for the Diary
Ongoing Homework	Monday 4 <sup>th</sup> March – Young Shakespeare 'A Midsummer Night's dream'
• <b>Reading</b> : a minimum of 15 minutes reading every night (logged by the children and noted in their reading record). In their homework diaries the children are to log Red (words they don't know), Amber (words they have	Thursday 7 <sup>th</sup> March – World book day
heard before but are unsure of) and Green (words they know and can use) words.	Monday 11 <sup>th</sup> March – Fairtrade Week begins
<ul> <li>KIRF target: see maths</li> <li>Times Tables: see Homework Log Sheet</li> </ul>	Friday 15 <sup>th</sup> March – Red Nose day
• <b>Spellings</b> : learn the list on Spellodrome (aim: 1000 points+) and words outlined as common errors on their Homework Log Sheet. <i>Please see</i>	Wednesday 27 <sup>th</sup> March – Parent Teacher consultations
the class teacher if your child has not logged information on the sheet.	Thursday 28 <sup>th</sup> March – Mother's Day shopping for children
Please continue to log children's progress with these activities on the weekly homework sheet – children earn House Points for each part that is fully completed.	Please ensure that your child has a water bottle in school every day. They must remember to take it home every evening to wash the bottle and bring it in to school already full. This will ensure that the bottles are kept clean and
Maths / English Homework	germ-free for the children's use each day.
Homework is distributed on alternative weeks. Homework is given out on a Thursday, to be returned the following Tuesday.	We encourage you to follow our school Twitter account: @BramhamShadwell. We regularly post updates and
Please encourage your children to discuss their homework at home in order that they develop the skills of explanation and reasoning.	photographs of what your children are learning in class alongside other important school information, reminders and updates.
Children will be set a Learning Log activity once during every half term. This will be related to the Enriched Curriculum. On weeks when this is set, it will replace Maths or English homework.	

Thank you, as always, for your continuous help and support. If you have any queries please do not hesitate to contact us or make an appointment at the office to arrange a meeting after school.
