

Key Instant Recall Facts

Year 5 – Autumn 2

. I know the multiplication and division facts for all timetables up to 12x12

- Children should be able to answer all multiplication and division questions in any order.
- Children should be able to answer missing number questions e.g. $6 \times \underline{\quad} = 36$
- Children should be familiar with multiplication and division language and be able to use these interchangeably. E.g.

What is 12 multiplied by 6?

What is 12 times 6?

Key Vocabulary:

Multiple
Multiply
Factor
Prime number
Multiply
Divide

Top Tips

The secret to success is practising **little** and **often**. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey? You don't need to practise them all at once: perhaps you could have a fact of the day. If you would like more ideas, please speak to your child's teacher.

Please use timetables rockstars to practise. Your child should have their log ins stuck into their planner.
