

Safeguarding and Child Protection Policy and Procedures

Key Document Details

School Name: Shaw CofE Primary School

Version no: 21

Author: Director of Education

Owner: Director of Education

Approved by Board of Trustees

Ratified date: September 2026

Interim review date January 2027

Next review date: August 2027

Amendments made to previous policy	
Quick reference contacts guide	
Addition of:-	
Mental health lead	
Part 1 - Procedures	
Page 3	Changed definition of safeguarding to that included within 'Keeping Children Safe In Education' (rather than Working Together To Safeguard Children). Check bullet points reflect those listed here.
Page 3	Additional information added to list of bullet points for Risk Outside The Home.
Page 3	Information added to reference adultification.
Page 4	Header added to provide clarity.
Page 4	Highlighted section in top paragraph of page 4 is not new but has been moved from slightly lower down in the previous version to improve flow.
Page 4	Added in key points to highlight staff responsibilities when concerned.
Page 4	Additional information added to Step 1, bullet point 4.
Page 5	Previous information listed as step 3 has been incorporated into step 2 list of recording bullet points. Step 4 has been updated to step 3 in light of this.
Page 6	1.3 Header re-written for clarification. Information re-ordered over pages 6 and 7 to ensure first consideration is whether there is evidence to indicate that the threshold for significant harm has been met. Some text removed in first paragraph (under action taken by DSL) to avoid duplication; this is included in annex B.
Page 6	Annex C changed to Annex B to reflect changes to appendices.
Page 6	Additional sentence added (under details of DSL and Deputies) to highlight shared decision-making.
Page 6	Two additional bullet points added under step 3 to make clear the thresholds for Child Protection and Child In Need referrals.
Page 7	Flow chart (taken from KCSIE) moved further forward.
Page 8	1.4 – Making a referral section – bullet points removed to improve flow. Section now starts with clear reference to Child protection and Child In Need (re-ordered to give CP prominence).
Page 8	Early help assessment replaced with family help plan.
Page 8	Added in link to information-sharing guidance.
Page 9	New section added to update previous version reference to early help – 'Undertaking a Family Help assessment'.
Page 9	List of bullet points added to.
Page 9	Family Help replaces reference here to early help.
Page 9	Updated paragraph – 'What support can Family Help offer?'
Page 10	New section added – 'Universal services and community-based early help'.
Page 10	Number changed 1.6 now 1.5 – Case resolution.

Page 10	Further detail added relating to external escalation. Link to be added by school to local case resolution policy.
Page 10	1.7 now 1.6 – ‘Support For Pupils’.
Page 10 –	1.8 now 1.7 – Record-keeping. Additional sentence added under record-keeping to highlight importance of staff recording actions as well as observations.
Page 10	Sentence re-worded to make clear individual’s responsibility to record – ‘The information must’ replaces ‘where possible’.
Page 10	Section on chronologies removed as these are now included on CPOMs.
Page 11	Additional information added under transfer of records section – timeframe added in line with KCSIE and reference to the requirement for receiving school to put a safety and support plan in place added.
Page 11	1.9 now 1.8 – ‘Worried About Actions of an adult’. Additional bullet point added – trainee teachers.
Page 12	Additional info added relating to trainee teachers and shared safeguarding responsibilities.
Page 15	Change of page number
Page 15	Addition of reference to the Data Act 2025.
Part 2 – Specific safeguarding themes	
Page 16	Refs to Annex B updated back to Annex A.
Page 16	Addition of harassment and violence to header.
Page 16	Addition of sentence about reporting concerns even if they are thought to have taken place off school site.
Page 17	Addition of information to expand on zero tolerance bullet point.
Page 17	Addition to bullet point referencing physical harm.
Page 17	When to call the police link added.
Page 17	Addition of reference to Harmful Sexual Behaviour under section on child on child sexual abuse. Additional sentences added to highlight importance of identifying early.
Page 18	Update to bullet point referencing nudes and semi-nudes.
Page 18	Addition of misogyny/misandry to sexual harassment bullet points.
Page 19	Change from early Help to targeted family help.
Page 19	Updated title of section 2.1.3 – nudes and semi nudes
Page 19	Added link to DfE Searching, Screening and Confiscation guidance
Page 20	Updated definition of sexual abuse
Page 20	Removal of serious violence into separate section – leaving exploitation as separate section. Exploitation section re-written to clarify and updated to reflect recent updates to KCSIE.
Page 20	New separate section added for Serious Violence – 2.4
Page 22	2.4 updated to 2.5 – Honour-based violence and Annex B updated to Annex A.
Page 23	2.5 updated to 2.6 – Preventing Radicalisation and Annex B updated to Annex A.
Page 24	2.6 updated to 2.7 – Domestic Abuse and Annex B updated to Annex A.

Page 25	2.7 updated to 2.8 – Neglect and change from Working together to KCSIE.
Page 26	2.8 updated to 2.9 – Pupils at greater risk of harm
Page 26	Removed reference to ‘certain health conditions’ in title of this sub section as there is now a separate section on medical and health needs.
Page 26	Added in three bullet points to list of challenges faced by pupils with SEND.
Page 27	2.9.4 – addition of reference to children who are questioning their gender
Page 27	Section on mental health re-written to reflect significant update to KCSIE. Section previously included 2.8.6 self-harm, removed as referenced in mental health section.
Page 27	2.9 updated to 2.10 - Behaviour
Page 28	Check that this section on restrictive interventions has been updated – you probably did this back in April when the guidance came out!
Page 28	2.10 updated to 2.11 - Attendance
Page 29	2.11 updated to 2.12 – Pupils educated off site 2.12 updated to 2.13 – Elective Home Education 2.13 updated to 2.14 – Intimate Care
Page 29	2.14 Added reference to allergies into title and reference to allergies and new statutory guidance into existing paragraph.
Page 30	New section added 2.15 – Children who are questioning their gender.
Page 30	New section added 2.16 – Young Carers
Part 3 – Safeguarding Policy	
Page 31	Additional bullet point added to reading list – EYFS Framework
Page 32	Annex C updated to annex B
Page 32	Slight re-ordering of info re QA review – separated out from LA audit to provide clarity. Distinction made between purpose of LA audit and school QA review.
Page 33	Section 3.6 - Updated section to align with new regulated activity definition. Separated out employed staff – volunteers section added underneath as separate section to provide clarity.
Page 34	Visitors and external staff – added reference to contractors. Added section about self-employed individuals. Also added a section about work experience students.
Page 34	Section added for volunteers
Page 35	Added in making alongside sharing of indecent images
Page 36	Additional info added re filtering checks to provide clarity.
Page 36	Mobile devices updated to mobile phones and new statutory guidance referenced.
Page 38	Additional bullet point referencing staff training – knowledge of threshold criteria – new req in KCSIE.
Page 38	Added in cyber-security training to bullet point list of training.
Page 38	Added in/re-worded bullet points on list of specific themes for staff updates.
Page 39	New section on toilets added.
Appendices	
Page 40	Data Acts added to legislation

Page 40	Added in reference to restrictive interventions guidance Added in mobile phones in school guidance Added in national standards for non-school AP.
Page 42	Definitions of abuse updated to reflect KCSIE.
Page 49	Reading list updated – removed reference to reading old annex A or Part 1. Annex names updated to reflect changes in KCSIE Annexes D and E references removed from additional reading

This is the Safeguarding and Child Protection Policy and Procedures

For Shaw CofE Primary School

Introduction - Our School's Commitment To Safeguarding

This school takes seriously its responsibility to protect, safeguard and promote the welfare of the children and young people in its care.

“The welfare of the pupil is paramount.” (Children Act 1989.)

Our staff and governors are committed to safeguarding the pupils at this school and contribute to multi-agency working to keep pupils and students safe.

Keeping Children Safe In Education defines safeguarding as:

- providing help and support to meet the needs of children as soon as problems emerge;
- protecting children from maltreatment, whether that is within or outside the home, including online;
- preventing impairment of children's mental and physical health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care;
- taking action to enable all children to have the best outcomes.

All adults working in our school maintain an attitude of 'it could happen here'. We recognise that staff, because of their contact with and knowledge of children in their care, are well placed to identify abuse, neglect and exploitation and offer support to children in need.

This policy and set of procedures work in line with the relevant legislation, statutory guidance and take account of non- statutory guidance, all of which are listed in Appendix 1

Part 1 - Procedures

1.1 What to do if you are worried about a pupil

See also *'What To Do If You're Worried A Child Is Being Abused'*

And the national multi-agency practice standards included in 'Working Together To Safeguard Children'.

Concerns about a child's welfare can arise in many different contexts; children may be abused in a family, by those known to them. They may be abused by an adult or adults, or another child or children within their family network; this is also referred to as familial abuse.

The risk of harm may come from outside the home (ROTH); this is also referred to as extra-familial harm.

This includes:-

- Exploitation by criminal and organised crime groups or individuals (such as county lines and financial exploitation)
- Serious violence
- Modern slavery and trafficking
- Online harm
- Sexual harassment and exploitation
- Teenage relationship abuse, including physical, sexual and emotional abuse and stalking
- The influences of extremism, which could lead to radicalisation

Children may experience extra-familial harm from other children and/or from adults; it may take place in school or other educational settings, within community/public spaces and/or online. Some children who experience harm, include outside the home, can be mistakenly perceived to be older than they are; this is known as adultification and is more commonly experienced by Black children but also children from minoritised backgrounds, children who are involved in the youth justice system and those who are looked after.

How a concern about a child's welfare and safety may arise

You may be worried about a pupil's welfare because you have seen or heard something. You may have noticed a change in their behaviour. You may have seen a mark on a pupil which worries you. You may be concerned about the safety or welfare of a pupil who is absent from school. You may not have received a direct disclosure, but you may have over-heard a conversation which worries you. All staff should be aware that children may not feel ready or

know how to tell someone they are being abused, and/or they may not recognise their experiences as harmful.

This should not prevent you from having a professional curiosity and speaking to the DSL if you have concerns.

Where a pupil comes to speak to you directly and tells you information which may suggest they are at risk of abuse, neglect or exploitation, this is known as a disclosure. If a pupil discloses to you, you should:

- **Reassure** the pupil that they being taken seriously and that they will be supported and kept safe
- **Listen** to what the pupil is saying, without displaying any signs of shock or disbelief
- **Allow** the pupil to talk freely without interrupting
- **Reassure** the pupil but do not make promises about keeping the information a secret
- **Reassure** the pupil that this is not their fault
- **Ask** questions only if you need to clarify, take care not to put words in their mouth by asking leading questions
- **Explain** to the pupil that they have done the right thing by telling you and explain what you will do next, in line with the procedures outlined below.

When concerned about the welfare of a child staff should always:

- 1.) act in the best interests of the child;
- 2.) act on the concerns immediately; do not delay;
- 3.) follow the steps below:

Step 1

- Do you need to take immediate action to secure the safety of the pupil?
- If you are concerned that a pupil might be in immediate danger or at risk of significant harm you must act **immediately** and before the end of the school day. A decision may need to be taken about whether it is safe for the pupil to return home.
- Report your concerns **directly to a member of the safeguarding team**, as soon as possible. Where possible, this should be done 'face to face'.
In the first instance our Designated Safeguarding Lead is Amy Edwards,
aedwards@shaw.wilts.sch.uk, 01225 702544
If the DSL is unavailable, please report to our deputy DSL/s are Sarah Johnson-Motyl, sjohnson-motyl@shaw.wilts.sch.uk, 01225 702544 and Joanna Chinn, jchinn@shaw.wilts.sch.uk, 01225 702544
- If no-one from your safeguarding team is available, speak to the most senior member of staff on site. **If this is you, please refer to 'Role of DSL'**. You may also take advice

from local authority social care. If this action is taken, this should be shared with the DSL as soon as practicably possible.

If your concern relates to child on child abuse, refer also to Part 2 of this document and see also Part 5 of Keeping Children Safe In Education.

Step 2

- Record your concerns using CPOMS as soon as possible.
- Instructions for logging on can be found at the back of this policy and also on our staff safeguarding board, locating in the staff room.

Guidance on recording your concern

- Record the full date and time, location, your name and role and keep your record as factual as possible.
- Use full names, not initials as we need to be able to identify who individuals are.
- Use the pupil's own words where applicable and enclose any direct quotes in quotation marks.

- Include what you have seen/heard/noticed which concerns you?

Has the pupil communicated that something is wrong? Verbally? Behaviour?

- Ensure your record is clear and factual. If you have included your opinion in your report, have you made it clear that this is your opinion?
- Include why what you have seen/heard/noticed concerns you? What are you worried will happen if this concern/incident is not responded to?
- Is there any context you may be aware of?

Is this concern the first or have you had other concerns?

- Include any actions you have already taken.
- Include whether you have spoken to parents/carers about the concern/incident. Remember, you may need to seek advice from a member of the safeguarding team if you are unsure about whether speaking to the parent may increase the risk to the pupil. If the parent is the alleged perpetrator you must always seek advice from the safeguarding team before speaking to the parent/carer.
- If marks or injuries have been observed, record these on a body map. (Do not take photographs)
- If a safeguarding/child protection concern/incident form is unavailable, handwritten notes can be made on a piece of paper. (This must be retained, even if the notes are subsequently written up / typed up onto a form).

Remember that records can be accessed by parents/carers and may also be used in multi-agency meetings and in criminal proceedings. Records should be clear, comprehensive and professionally written.

Step 3

- You should receive feedback about what action, if any is being taken in response to your concern. A recommended timescale for this is within 24 hours. **If you do not receive feedback or you feel that the situation is not improving for the pupil, you have a duty to follow up your concern with the DSL / deputy DSL.**

See section on Whistle-blowing also.

Additional consideration needs to be given to pupils with communication difficulties and for those whose preferred language is not English. It is important to communicate with them in a way that is appropriate to their age, understanding and preference.

1.2 Working with parents and carers

In line with 'Working Together To Safeguard Children' we recognise the importance of working in partnership with parents and carers as far as possible. Whilst collaborative relationships with parents and carers are important, we also recognise that the wishes and feelings of our pupils play a pivotal role in decision-making. Concerns about the welfare or safety of pupils will be discussed with the parent/carer, unless, having reviewed the information of concern, it is the view of the safeguarding team that this may increase the risk to the pupil. Following consultation with the school's safeguarding team, it may be the pupil's class teacher who makes contact with the parents/carers or it may be a member of the safeguarding team themselves. Our first priority is the pupil's welfare and therefore there may be occasions when concerns about a pupil means that we have to consult other agencies before we contact the parent/carer.

If a referral is to be made to Children's Social Care, the parent/carer will be contacted by a member of the school's safeguarding team and the information within the referral will be shared. There are some occasions when the school will be advised not to share the content of the referral with the parent/ carer as to do so may increase the risk of harm to the pupil.

Where reports are written about pupils as part of the child protection process, the school will provide opportunity prior to the conference to share the content with parents and carers.

1.3 Action taken by the DSL (or Deputy DSL) when responding to concerns about a child

Our Designated Safeguarding Lead is Amy Edwards who works in line with the requirements of the role, as set out in Annex B of Keeping Children Safe In Education.

Our deputy DSLs are Sarah Johnson-Motyl and Joanna Chinn. They are available in the absence of the DSL.

Where possible, every effort is made to ensure that decisions are not made in isolation; next steps about actions and decision-making are discussed by the members of the safeguarding team together.

The DSL or deputy DSL will follow the steps below in a timely manner to respond appropriately to the concern and safeguard the pupil:-

Step 1

- If there is concern that the pupil is in immediate danger contact Children's Social Care/Adult's Social Care immediately on 0300 4560108 or 0300 456 0100 (out of hours)
- You may also consider contacting the police on 999. **Go to section 'Making a referral to Social Care' (page 9)**

Step 2

- Contact the parent/s or carer/s of the pupil concerned, if this has not already been done. You may wish to take advice from Children's Social Care before contacting the parent/carer. If, having sought advice, you believe that sharing this information may increase the risk of harm to the pupil do not share with parents at this stage. You must document your decision-making here if the decision is made not to share information with parents/carers. In the majority of cases informing the parents/carers of the concern / disclosure which has been reported will not increase risk. Ask for any additional information from the parent/carer if applicable.
- Ensure that the parent/carer understands that a record will be kept by the school.

Step 3

- Refer to the local authority threshold document [Wiltshire Safeguarding Threshold Guidance](#) to support decision-making about what action is now required.
- What are the risks to the child? Are they familial; posed by someone in the child's family? Are they extra-familial; posed by adults or peers outside of the home?
- If there is reasonable cause to suspect a child is suffering or likely to suffer significant harm, a referral to Children's Social Care must be made immediately and without delay.
- A referral will also be required if there is evidence to indicate that the threshold for Child In Need has been met. A child in need is defined as a child who is unlikely to reach or maintain a satisfactory level of health or development, or their health or development will be significantly impaired without the provision of services, or the child is disabled.
See below for further guidance on making a referral to Children's Social Care.
- If the concern does not require immediate contact with Children's Social Care, consider this latest concern within the context of any wider concerns / disclosures. This may mean further discussion with the pupil's class teacher and /or referring back to safeguarding or child protection records if they exist. Consider whether the

child/family would benefit from targeted family help or community based early help. See below for further guidance.

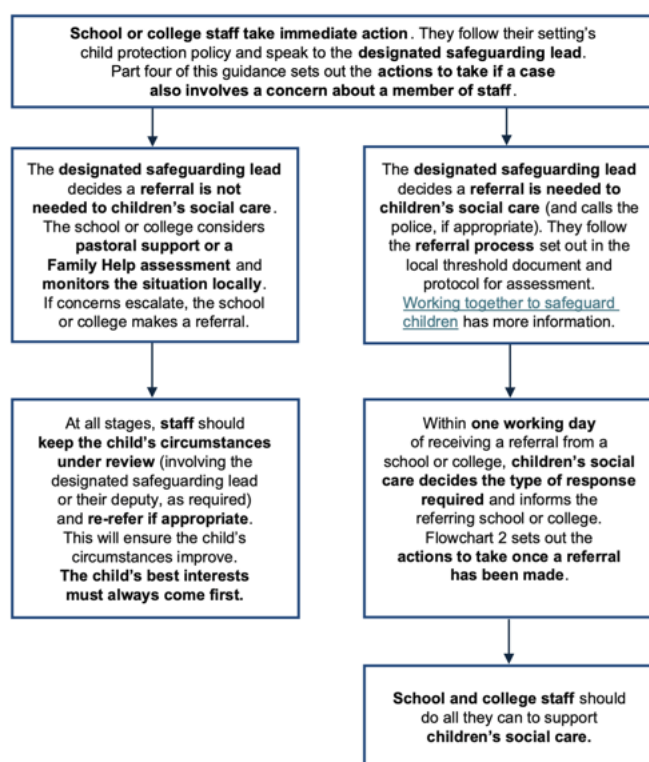

Step 4

- Ensure that the member of staff reporting the initial concern has received feedback about actions and outcomes (if applicable).

Step 5

- The DSL should keep written records of all concerns, discussions and decisions, including the rationale for those decisions. This should include instances where referrals were or were not made to another agency, such as Children's social care or the Prevent programme.

Flowchart 1: actions taken by a school or college when there are concerns about a child

Flowchart taken from 'Keeping Children Safe In Education'

1.4 Next steps

Making A Referral To Children's Social Care For Support At Child In Need or Child Protection level

See also Part 2 KCSIE and Working Together To Safeguard Children

Where there is reasonable cause to suspect

1.) a child is suffering or likely to suffer significant harm (Child Protection under section 47 of the Children Act 1989)

or

2.) a child is unlikely to achieve or maintain a reasonable level of health or development or whose health and development is likely to be significantly or further impaired, without the provision of services (Child in Need under section 17 of the Children Act 1989)

a referral to Children's Social Care will be made.

In the first instance a referral should be made by telephone 0300 456 0108. It is useful to have any safeguarding / child protection records to hand. Following a telephone referral, you will be required to submit a written referral within 24 hours.

Points to consider when completing a referral:-

- Where possible include the 'voice' of the pupil, including any behaviours displayed which may indicate an unmet need.
- Provide a picture of what life is like for the pupil. What is their 'lived experience'?
- Is the risk posed familial or extra-familial? Have you included what else you know about the wider family, environment and context the pupil lives in?
- From the school's perspective, what are your worries for this pupil?
- Are there any safety factors? Are there any times when the school is less worried?
- A family help plan is not a prerequisite for a referral but where one has been undertaken it should be used if a referral is made to children's social care.
- There are a number of additional 'frameworks' which can also be considered at this stage e.g. [the Hackett Continuum](#), the Brook Tool, Neglect Framework, Graded Care Profile

The completed referral will be shared with parents/carers, who will be asked to provide consent to the information being shared with social care. If consent is not given, or the referrer deems that it would place the pupil at risk to share the referral prior to reporting to social care, the information can still be shared where there is good reason to do so. See also [Information-sharing guidance](#).

Outcome of referral

Members of the school's safeguarding team work in line with the statutory guidance included in Chapter 3 of 'Working Together To Safeguard Children' and the local multi-agency safeguarding procedures, which outline next steps and decision-making following a referral to Children's social care.

Whenever there is reasonable cause to suspect that a child is suffering or is likely to suffer significant harm, a strategy discussion should take place involving Children's social care, the police and health. The school should also be represented at this meeting.

Undertaking a Family Help Assessment

See also Part 1 KCSIE and Working Together To Safeguard Children

All staff should be prepared to identify pupils who may benefit from Family Help. Family Help means providing support as soon as a problem emerges at any point in a child's life.

How are children and families identified for Family Help?

In our school staff are alert to the fact that early signs of abuse and/or neglect can be indicators that support is needed. Any child may benefit from family help, but staff should be particularly alert to a child who:-

- is disabled
- has special educational needs (whether or not they have a statutory education, health and education plan)
- is a young carer
- is pregnant and/or is a parent themselves
- has exhibited early signs of abusive, violent and/or harmful behaviours
- is bereaved
- is shows signs of being drawn into anti-social or criminal behaviour, including being affected by gangs and county lines and organised crime groups and/or serious violence, including knife crime
- is frequently missing/goes missing from education, care or home
- is at risk of modern slavery, trafficking, sexual and/or criminal exploitation
- is at risk of being radicalised
- is viewing problematic and/or inappropriate online content (for example linked to violence), or developing inappropriate relationships online
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse
- is mis-using drugs or alcohol themselves
- is suffering from mental ill health
- has returned to family home from care
- is a privately fostered child

- has a parent/carer in custody or is affected by parental offending
- is missing education, or persistently absent from school, or not in receipt of full-time education
- has been repeatedly removed from the classroom, experienced multiple suspensions, is on a part-time timetable, is at risk of being permanently excluded from school and in an alternative provision or pupil referral unit

How does the Family Help process work?

Where a child and family would benefit from targeted support because of multiple and/or complex needs, the school will work together with other agencies to contribute to a Family Help Assessment. Further details of what should be included in this assessment are included in Chapter 3 of Working Together To Safeguard Children.

What support can Family Help offer?

Family Help can include family and parenting programmes, assistance with school attendance, assistance with health issues, including mental health, help with problems relating to domestic abuse. Family Help also includes services to support with emerging problems linked to serious violence, sexual harassment and violence and teenage relationship abuse.

Universal services and community-based early help

Universal services and **community-based early help** is support for children of all ages that improves a family's resilience and outcomes or reduces the chance of a problem getting worse. Community-based early help is provided by services such as education, youth services, health visitors and mental health services as well as support available through Family Hubs.

- **Family Support Advisor (Joanna Chinn):** Provides pastoral support for children and families, helping to identify and address concerns at an early stage.
- **Attendance Support:** Working with families to improve attendance and overcome barriers to regular school attendance.

- **Advice and Guidance:** Offering practical support and guidance around family wellbeing, routines, parenting, and accessing help.
- **Signposting and Referrals:** Supporting families in accessing appropriate external agencies and services, including health, housing, financial, and parenting support.
- **ELSA (Emotional Literacy Support Assistant):** Providing targeted emotional wellbeing support for pupils experiencing social, emotional, or mental health difficulties.
- **Emotional and Social Development:** Supporting children with emotional regulation, self-esteem, friendships, anxiety, bereavement, and coping strategies.
- **Early Help Approach:** School staff work closely with families and professionals to identify needs early and ensure the right support is in place at the right time.

1.5 Case Resolution

In school

- If a member of staff does not see any improvement having reported a concern about a pupil, they have a duty to re-report to a member of the safeguarding team.
- If it is felt that the safeguarding team is not taking their concern seriously then this must be escalated to the Head teacher or the Chair of Governors (if the Head teacher is a member of the safeguarding team). [See also section 'Whistle-blowing'](#).

External

- If a member of the safeguarding team feels a decision made by another professional in another agency is not in the pupil's best interests, they must discuss this further. In the first instance, this takes place directly with the professional involved to allow opportunity for decision-making to be discussed and clarified. (Pre-escalation)
- If pre-escalation fails to resolve the issues identified, the member of the safeguarding team should escalate within their own organisation (to the Head teacher if they are not in this role). The issue is then escalated to the professional's line-manager. (Escalation/Case Resolution) in line with our local safeguarding partnership's case resolution policy. When enacting this policy, we will ensure we make clear our intention to escalate in all communications with external agencies involved. [Click the link here to access Wiltshire case resolution policy/escalation policy](#)
[Wiltshire Safeguarding Vulnerable People Partnership \(SVPP\) - Policies and guidance](#)
- At all stages records should be kept.
- The Head teacher will ensure that the intention to instigate case resolution procedures is made explicit and in writing.

1.6 Support For Pupils

Staff are in a position to identify concerns early, provide help for pupils, promote pupils' welfare and prevent concerns from escalating.

Training is provided for staff to ensure they have an understanding of how children's experiences can impact on their mental health, behaviour, attendance and progress in school.

To promote pupils' welfare we provide the following support:-

- Tailored support from ELSA
- Nurture interventions
- Pastoral Support
- Access to a broad and balanced curriculum which includes the teaching of PSHE and RSHE

1.7 Record-keeping

Any member of staff, visitor or volunteer who has a concern about a pupil's welfare or receives a disclosure of abuse will make an accurate record, **as soon as possible**, noting what was said or seen, putting the event into context and giving the full date, time and location.

This information must be recorded on CPOMs.

If injuries or marks have been observed which cause concern, these should be recorded on a body map outline, giving an indication of size and whether there is a defined shape to the mark or injury.

Photographs should not be taken.

Any handwritten notes (not captured on the safeguarding and child protection concern/incident form) will be retained, even if they are subsequently written up.

Staff are encouraged to also record any action they have taken, including whether they have reported the concern directly (face to face') to a member of the safeguarding team, as well as recording on CPOMS.

Case file review

Safeguarding and child protection files for individual pupils should be re-visited regularly to ensure any risk is being reduced and appropriate action taken. It is good practice for this review to take place on a termly basis.

To ensure that all files are reviewed an overview of all pupils (where there are safeguarding / child protection concerns) is kept up to date. This is a 'live' document and reflects the numbers of pupil's subject to child protection, child in need or receiving early help support.

Transfer of records when a pupil moves to a new school

When a pupil moves school, safeguarding / child protection original documentation will be passed as soon as possible (within 5 days of start date) and confidentially to the receiving school, separate from academic records. Where possible, the DSL will arrange to meet the DSL of the new school to discuss the documentation. The receiving school is asked to sign to confirm receipt of the information and this confirmation is stored on file.

Where information indicates a risk to others and/or the individual pupil, for example where a pupil has previously carried a knife, it is incumbent on the receiving school to assess risk, and put a safety and support plan in place accordingly.

Record Retention

When a pupil leaves the school, their records are transferred as soon as they are on roll to their new destination school. If a destination school is unknown then records are retained by the school as per guidelines from the ICO website.

The school will retain records for pupils:-

- who have been withdrawn to be home-schooled, if there is an existing safeguarding /child protection file;
- Where they are the last educational provider for the pupil.

All records are stored in line with the school's Data Protection and Records Management Policies.

Further guidance on the retention of records can also be found at <https://irms.org.uk/page/SchoolsToolkit>

1.8 Worried About The Actions Of An Adult Who Works/Volunteers With Children

See also Part 4 KCSIE

You may be worried about the actions of an adult who is working/volunteering with children. The adult may be :-

- an employee of the school
- a supply teacher
- a trainee teacher
- an adult working with the school, employed by a third party (including staff working in after school clubs/lettings, alternative and enhanced provision and contractors)
- a volunteer

You may have seen or heard something which makes you feel uncomfortable.

You may be concerned that the adult's actions are contravening the school's staff code of conduct.

You may be aware of a situation the adult is involved in, outside of school, which suggests they may not be safe to work/volunteer with children and young people.

All concerns must be reported following the steps below:-

Step 1

- If you are concerned that a child might be in immediate danger or at risk of significant harm you must act immediately. Do you need to take immediate action to secure the safety of the pupil?
- Report your concerns directly to the Head teacher, Amy Edwards as soon as possible.
- If the Head teacher is not contactable, report to the most senior member of staff on site.
- If your concerns are about the Head teacher report to the CEO directly.

Step 2

- Record your concerns using the school's 'Concern' form (see Appendix 5), as soon as possible.
- **Staff should NOT record allegations or concerns about adults working or volunteering with pupils on electronic pupil record systems.**
- Remember to record the full date and time, your name and role and keep your record as factual as possible.
- If a concern/disclosure form is unavailable, handwritten notes can be made on a piece of paper. (This must be retained, even if the notes are subsequently written up onto a form).

Step 3

- Record what action you are taking, for example record the name of the member of staff you have reported to.
- The original concern form should be passed to the Head teacher or the CEO, if the concern/allegation involves the Head teacher. Copies should not be retained by you.
- If the person you have reported the concern to does not take your concern seriously, you must escalate your concern to the CEO. Ultimately anyone can report a safeguarding concern about an adult working with children into the local authority, asking to speak to the Local Authority Designated Officer (LADO) See Quick Reference Contact Guide on page 2.
- The Head teacher/CEO is responsible to report all allegations to The White Horse Federation. This must be reported to the Trust HR.

The Role of the Headteacher or CEO when dealing with low level concerns or allegations involving adults who work/volunteer with children

- The Head teacher or CEO will consider the information in the report and initial consideration will be given as to whether this indicates that the person would pose a risk of harm if they continue to work in close or regular contact with children in their present position or in any capacity.

Is there evidence to suggest that the harms threshold has been met:-

- the person has behaved in a way that has harmed a child, or may have harmed a child;
- the person has possibly committed a criminal offence against or related to a child; or
- the person has behaved towards a child or children in a way that indicates that he/she **may** pose a risk of harm to children
- behaved or may have behaved in a way that indicates they may not be suitable to work with children.

Criteria listed above taken from Part 4 of 'Keeping Children Safe In Education'

Allegations that meet the harms threshold

See also further guidance in detail included in Part 4 KCSIE

If initial information in the report suggests that the threshold has been met, the Head teacher/CEO will follow Section 1 of Part 4 of KCSIE - 'Allegations that meet the harms threshold.'

Where the allegation relates to an adult externally employed/contracted/in training, the Headteacher/CEO will inform the employer/training provider of the allegation. The school shares safeguarding responsibilities with the employer/training provider. The school remains responsible for gathering facts and managing the safeguarding process whilst working closely with the employer/training provider.

Step 1

- The Head teacher/CEO will contact the LADO **immediately**, before commencing any form of investigation. Schools are permitted to conduct basic enquiries, (see Part 4 of KCSIE) to establish the facts, however care should be taken not to jeopardise any future police investigation.

Step 2

The LADO will decide on further action:-

- strategy discussion/meeting, or
- advice and follow up from LADO, or
- no further action by the LADO after initial consideration and closure

If further action is agreed, the LADO will agree with the police whether or not a strategy discussion/ meeting needs to take place. If it is agreed that the threshold has not been met for a strategy discussion/meeting, an allegations management meeting may be held. The main purpose of this is to ensure the safety of the children and ensure the process is concluded promptly, ensuring the accused staff member has adequate support.

At the conclusion of investigations, an outcome will be agreed by the LADO:-

- Substantiated: there is sufficient evidence to prove the allegation
- Unsubstantiated: there is insufficient evidence to either prove or disprove the allegation
- Malicious: there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive or cause harm to the person subject of the allegation
- False: there is sufficient evidence to disprove the allegation
- Unfounded: to reflect cases where there is no evidence or proper basis which supports the allegation being made

A record of the outcome of all allegations involving the LADO is held.

At the end of the allegation process if a member of staff or volunteer is removed from their position for causing harm or posing a risk of harm or they leave whilst investigations are ongoing, the school has a duty to inform the Disclosure and Barring Service via a referral.

Where a decision is made to dismiss or cease to use **the services of a teacher** because of serious misconduct, or they might have been dismissed or their services ceased had they not left first, the school will consider whether to refer to the Teaching Regulations Agency.

We understand, as a school, that if we know or have reason to believe that an individual is barred, we are committing an offence if we allow the individual to carry out any form of regulated activity.

Concerns that do not meet the harm threshold

Creating an environment with a strong culture of safeguarding , where pupils are kept safe involves ensuring that **all** concerns about adults who work/volunteer with children are shared responsibly, with the right person, recorded and dealt with appropriately.

A low-level concern may be a sense of unease, a nagging doubt, or noticing that an adult appears to be contravening the school's staff /visitor code of conduct. It may include 'over-friendliness with a pupil/pupils, having a favourite pupil, engaging with a pupil on a one to one basis in a secluded area of the school.

Staff, volunteers and external visitors must share **all concerns which arise**, even if they do not believe the harm threshold has been met. Just because a concern does not meet the harm threshold does **not** mean it is insignificant.

Possible actions

- The Head teacher/CEO may still consider contacting the LADO for further guidance if required.
- The Head teacher/CEO will consider what action needs to be taken to address the low level concern/s, which may include additional staff training, mentoring and/or a verbal or written warning. Advice may be sought from the school's HR provider here.
- It is important that all low-level concerns are recorded, to identify whether a pattern of worrying behaviour is emerging. This chronology of concerns may trigger a referral into the LADO where a pattern emerges.

Code of conduct

Staff, volunteers and external visitors are provided with our school's code of conduct and sign to confirm that they have read and understand expectations about their behaviour. Ensuring that this process is followed robustly helps keep children safe.

Unprofessional behaviour which breaches our staff code of conduct is addressed at an early stage and the individual supported.

Supporting the welfare of the child

Where a child has been harmed, there is immediate risk of harm or the situation is an emergency, contact will be made with Children's Social Care and as appropriate the Police.

As a school we will support pupils as outlined on Page 11

Supporting the welfare of the adult at the centre of the concern/allegation

Employers have a duty of care for their employees. The Head teacher/CEO must put in place support for the adult at the centre of the concern/allegation. This support may include:

- The school recognises that being the subject of an allegation or concern can be stressful and unsettling for the individual concerned.
- Appropriate support will be provided to the adult throughout the process, and they will be kept informed of the progress of the case as far as is reasonably possible.
- The designated case manager will consider what additional support may be appropriate, including occupational health services, employee wellbeing services, counselling, or trade union/professional association support.
- The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated.
- Staff will be treated fairly and honestly and helped to understand the concerns, processes and possible outcomes of the case.
- Where appropriate, support will continue following the conclusion of the case, regardless of the outcome, to assist the individual's return to work and ongoing wellbeing.

Record-keeping

All low level concerns and allegations about adults who are working or volunteering with children should be recorded on the school's 'Concerns' Form.

Concerns about adults working or volunteering with children/young people' are recorded by the Head teacher on our electronic recording system, CPOMS Staff Safe,

Records are stored confidentially and securely and comply with the Data Protection Act 2018 and the Data (Use and Access) Act 2025 and the UK GDPR Act.

Allegations which meet the threshold

The following information is kept on file:-

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up
- Details of action taken, decisions reached and the final outcome
- A declaration on whether the information will be referred to in any future reference

Records should be retained at least until the accused has reached normal pension age or a period of 10 years from the date of the allegation if that is longer.

Further information can be found on the [ICO website](#).

Low level concerns

The following information should be recorded:-

- Details of the concern and the context in which the concern arose
- Action taken
- If advice was taken as to whether the LADO was contacted for guidance

This information is retained until the individual leaves employment/volunteering role with the school.

Where a pattern of concerns emerges, these are recorded on a chronology. These are reviewed to decide whether the pattern of behaviour moves to concern to meeting the harms threshold, in which case it will be referred to the LADO.

Following an allegation or low level concern

Consideration will be given as to whether there are areas of the schools safeguarding practice and procedure or wider cultural issues within the school which need addressing following an allegation or low level concern. Where appropriate, policies will be revised or additional training provided to minimise the risk of this happening again.

Part 2 - Specific Safeguarding Themes

See also Annex A KCSIE

Knowing what to look for is vital for the early identification of abuse, neglect and specific safeguarding issues such as exploitation.

If you are at all unsure you should **always** speak to the safeguarding team.

2.1 Child On Child Abuse (including harassment and violence)

See also Part 5 KCSIE and Annex A

We recognise that children are capable of abusing other children. This can happen both inside and outside of school and online. Concerns should be reported whether these are thought to have taken place on school site or off site. As a school we are alert to times of the day when pupils may be at greatest risk eg at the end of the school day.

A child may not find it easy to report child on child abuse and we recognise that they might show signs or act in ways that they hope an adult will notice, including a change in behaviour. Even if there are no reported cases of child on child abuse, we recognise that abuse may still be taking place but not being reported. We understand that the pupil who is perpetrating the abuse may also be at risk of harm and we will make every effort to ensure that the perpetrator is supported appropriately.

Procedures in place to minimise the risk

- The school's ethos encourages pupils to raise concerns with staff, knowing that they will be listened to, believed and valued. Around the school, 'Trusted adults' and helpline posters are displayed to signpost children to people within the school or external agencies who they can contact if they have a concern
- We deliver a Relationships Education and Health Education curriculum in line with the [DfE statutory guidance](#). This develops pupils' understanding of healthy relationships, acceptable behaviour and keeping themselves safe. This curriculum is

broad, balanced and covers a range of safeguarding themes. It is progressive across the year groups. At Shaw CofE Primary School we follow the Jigsaw programme and we have a clear policy for teaching Relationships, Health and Sex Education. The link can be found here [Policies & Procedures | Shaw CofE Primary School](#)

- Staff receive regular training to ensure they know the signs and indicators which may suggest a pupil is at risk of child on child abuse and understand their role and responsibilities to report to the safeguarding team as soon as possible.
- Our school has a zero tolerance approach to abuse and regular staff training ensures that incidents of child on child abuse are never passed off as 'banter', part of growing up or 'boys being boys'. Downplaying these behaviours can lead to a culture of unacceptable behaviour, misogyny and an unsafe environment where children accept this as normal and do not come forward to report.
- All incidents of child on child abuse are reported to the safeguarding team.
- The school has a behaviour policy in place which is regularly reviewed and sets out the expectations about appropriate behaviour. Our policy makes clear that child on child is not acceptable, will never be tolerated and is not an inevitable part of growing up.
- Following an incident where sexually harmful behaviour has been identified, the safeguarding team will ensure that risk to siblings is considered.

Set out below are the different types of child on child abuse and the systems in place to respond to these.

Bullying (including Cyberbullying)

There is no legal definition of bullying. However, it's usually defined as behaviour that is:

- Repeated (although not always)
- intended to hurt someone either physically or emotionally
- often aimed at certain groups, for example because of race, religion, gender or sexual orientation

This can include:

- physical assault and harm, or the threat of harm with a weapon
- teasing
- making threats
- name calling
- cyberbullying - bullying via mobile phone or online (for example via email, social networks and chat rooms on gaming platforms)
- racist and religious bullying: A range of hurtful behaviour, both physical and psychological, that makes a person feel unwelcome, marginalised, excluded, powerless

or worthless because of their colour, ethnicity, culture, faith community, national origin or national status;

- sexual, sexist and transphobic bullying: includes any behaviour, whether physical or non-physical, where sexuality is used as a weapon by boys or girls;
- homophobic bullying: targets someone because of their sexual orientation (or perceived sexual orientation);
- disablist bullying: targets a young person based on their disability, special needs or health needs. This can include manipulative bullying where a perpetrator forces the victim to act in a certain way or exploiting a certain aspect of the victim's disability.

Responding to concerns about bullying

- Pupils who attend our school have the right to learn in safety. We do not tolerate bullying of any kind and will challenge derogatory language and behaviour towards others, whether this is an isolated incident or a pattern of behaviours.
- At Shaw CofE Primary School, bullying is taken seriously. Incidents are recorded
- electronically using CPOMS and analysed by the SLT on a termly basis to identify trends
- and are reported to the Local Governing Board, termly by the Head teacher.
- Concerns that are raised either by a child or by an adult (parent/staff member) are discussed
- with the child and their parent and appropriate actions to support the pupil are implemented.
- Bullying is taught through assemblies and PSHE lessons and our school values encourage
- our pupils to take care of themselves, each other and the world they live in through showing
- respect and appreciation for others and their rights and beliefs.
- [See also 'When To Call the Police'](#)

Child on Child Sexual abuse

See also part 5 of KCSIE

This can include:-

- harmful sexual behaviour, sexual violence and sexual harassment and can occur between two pupils of **any age and sex**, from Primary, into Secondary and into College. Harmful sexual behaviour exists on a continuum and can escalate into sexual harassment and sexual violence. The early identification of harmful sexual behaviours, for example misogynistic comments, is vital in preventing this escalation and supporting those involved.

We recognise that 'it could happen here'. It can occur through a group of pupils sexually assaulting or sexually harassing a single pupil or group of pupils. Harmful

sexual behaviour, sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and 'face to face' (both physically and verbally) and are never acceptable.

Sexual violence can include:-

- Rape
- Assault by penetration
- Sexual Assault

Sexual harassment can include:-

- Sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance, calling someone sexualised names
- Sexual 'jokes' or taunting
- Physical behaviour, such as: deliberately brushing against someone, interfering with someone's clothes and displaying pictures, photos or drawings of a sexual nature
- Inappropriate/unwanted touching
- Consensual and non-consensual making or sharing of nudes and semi-nudes, including those generated by AI.
- Misogyny/misandry
- Up-skirting

Child on child sexual abuse can also include:-

- Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.
- Initiation/hazing - refers to the practice of rituals, challenges, and other activities involving harassment, abuse or humiliation used as a way of initiating a person into a group

Responding to concerns about child on child sexual abuse

NEW - Mandatory duty to report child sexual abuse - Anyone undertaking regulated activity with children must now report child sexual abuse when it is directly reported by a child or perpetrator or witnessed personally, under the Crime and Policing Act 2026.

Step 1

- Immediate consideration should be given as to how best to support and protect the victim and the alleged perpetrator(s) (and any other children involved/impacted upon).

Step 2

- **Record** the incident using the school's safeguarding recording procedures and **report** to the DSL / deputy in line with safeguarding and child protection procedures, as soon as possible. Is information about the incident first hand or do other individuals need to be spoken to, to confirm?

Step 3

The DSL will consider the following:-

1. The wishes of the victim in terms of how they want to proceed. Victims should be given as much control as is reasonably possible over decisions regarding how any investigation will be progressed and support they will be offered. This will however need to be balanced with the school's duty and responsibilities to protect other children. A victim should never be given the impression that they are creating a problem, nor should they be made to feel ashamed for making a report. It will be explained that the law is in place to protect children/young people rather than criminalise them.
2. Has a criminal offence been committed? If yes, contact the police (See also '[When To call the Police](#)' (NPCC)).
3. Ages of pupils / developmental stage
4. Whether there is a power imbalance between the children
5. Whether the alleged incident is a one off incident or there is a sustained pattern
6. Any on-going risks to the victim, other children, or staff.
7. Other related issues and the wider context, including whether there is evidence of the victim/s being exploited, criminally and/or sexually

To support our judgements about sexualised behaviours we refer to [the Hackett Continuum](#) and/or '[Brook Sexual Behaviours Traffic Light Tool](#)'.

Step 4

- If there is no evidence to suggest that a criminal offence has taken place the DSL will consider next steps, in discussion with parents/carers unless to do so would increase the risk to the pupils involved.
- If there is evidence to suggest that a criminal offence has taken place the DSL will follow the guidance in part 5 of KCSIE. Any report to the police will be in parallel with a referral to children's social care.

This will typically involve:-

1. Considering support, including targeted Family Help support for both the victim and perpetrator (does the perpetrator have unmet needs?)
2. Making a referral to children's social care if the victim has been harmed, or is at risk of harm.

3. Making a referral to children's social care if the perpetrator is at risk of harm / being harmed (under-lying welfare and safety concerns which may have triggered behaviours).
4. Writing a risk assessment for pupils, who have been identified as being at increased risk of child on child abuse (considered for both the pupil perpetrating the abuse and the pupil who is the victim) to include protection and support. See Appendix 8 for template.
5. Considering targeted education about healthy relations for the perpetrator and any additional sanctions under the school's behaviour policy.

2.1.3 Additional guidance for responding to consensual and non-consensual images of nudes and semi-nudes, including those generated using AI

Refer here to DfE Searching Screening and Confiscation guidance

Step 1

- Report to your DSL immediately.
- **Never** view, copy, print, share, store or save the imagery yourself, or ask a child to share or download – **this is illegal**.
- If you have already viewed the imagery by accident (e.g. if a young person has showed it to you before you could ask them not to), report this to the DSL (or equivalent) and seek support.
- **Do not** delete the imagery or ask the young person to delete it.
- **Do not** ask the child/children or young person(s) who are involved in the incident to disclose information regarding the imagery. This is the responsibility of the DSL (or equivalent).
- **Do not** share information about the incident with other members of staff, the young person(s) it involves or their, or other, parents and/or carers.
- **Do not** say or do anything to blame or shame any young people involved.
- **Do** explain to them that you need to report it and reassure them that they will receive support and help from the DSL (or equivalent).

Taken from [UKCIS guidance](#)

Step 2

- The DSL will hold an initial review meeting with appropriate staff. This may include the staff member who was initially made aware of the incident/concern and the leadership team.

The following risk factors will be considered:-

1. Significant age difference between the sender/receiver involved

2. If staff recognise the pupil as more vulnerable than is usual (ie at risk)
3. If the image is of a severe or extreme nature
4. If the situation is not isolated and the image has been more widely distributed
5. If this is not the first time the pupil has been involved in a sexting act
6. If other knowledge of either the sender/recipient may add cause for concern (ie difficult home circumstances)

Step 3

- A referral will be made to children's social care and/or the police immediately if there is a concern that a child or young person has been harmed or is at risk of immediate harm at any point in the process.

Step 4

- Interviews will take place with those involved.

Step 5

- Parents/carers should be informed at an early stage and involved in the process in order to best support the child or young person, unless there is good reason to believe that involving them would put the child or young person at risk.

Step 6

- Safeguarding records will be updated using the school's safeguarding recording procedures, including actions taken / not taken and the justification for these decisions (linked to the points above).

2.2 Sexual Abuse (perpetrated by an adult or adults)

Sexual abuse involves forcing, causing or inciting a child to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, such as acts of penetration, whether that is with part of a person's body or an object (e.g. rape or assault by penetration), and non-penetrative acts such as masturbation, kissing, rubbing, and touching over clothing. Sexual abuse may also include noncontact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online as well as offline, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. Children can be sexually abused within the family, an institution or a community setting, and are more likely to know their abuser than not.

Signs and indicators of sexual abuse

- Physical signs eg bruising, pain or soreness in the genital area
- Being afraid /avoiding a particular person

- Being withdrawn
- Self-harming
- Episodes of going missing
- Eating disorders
- Displaying sexualised behaviour or having sexual knowledge that's inappropriate for their age and stage of development.

Grooming is a process that involves the perpetrator building a trusted relationship with the child or children. Children can be groomed by a stranger or someone they know, for example a family member (intra-familial sexual abuse), friend or professional (extra-familial sexual abuse). Grooming techniques can be used to prepare a child for sexual abuse and exploitation (see also section 2.3 below) grooming can also be used to radicalise a child – (see also section 2.5 below)

Responding to concerns of sexual abuse

NEW -Mandatory duty to report child sexual abuse - Anyone undertaking regulated activity with children must now report child sexual abuse when it is directly reported by a child or perpetrator or witnessed personally, under the Crime and Policing Act 2026.

Step 1

- Immediate consideration should be given as to how best to support and protect the victim (and any other children impacted upon, including siblings)

Step 2

- **Record** the incident using the school's safeguarding recording procedures and **report** to the DSL / deputy in line with safeguarding and child protection procedures, as soon as possible.

The DSL will make a referral to Children's Social Care.

2.3 Exploitation

See also Part 1 and Annex A KCSIE and the [County Lines toolkit](#)

Both child criminal exploitation (CCE) and child sexual exploitation (CSE) are forms of abuse that occur where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into taking part in criminal or sexual activity. It may involve an exchange of something the victim needs or wants, and /or for financial advantage or increased status of the perpetrator or facilitator and /or through violence or threat of violence. This can be committed or facilitated via an organised network or gang and the victim may identify as being part of this group. Victims are not always recognised and can be criminalised for actions they take under coercion.

CCE and CSE can affect both boys and girls and can involve children who have been moved or trafficked for the purpose of exploitation. This may constitute modern slavery.

Responding to concerns that a pupil might be being exploited

Our safeguarding procedures will be followed here, and a referral made to social care as appropriate (including support, if applicable, for the pupil who is deemed to be 'perpetrating' the abuse.) Where there are concerns that a child may be a victim of modern slavery, a modern slavery referral will be made via the [national referral mechanism](#).

2.4 Serious Violence

See also Part 1 and Annex A KCSIE

Serious violence may involve physical assault, carrying, threatening with or using weapons, often in the context of peer conflict or bullying and criminal exploitation.

Staff play a key role in protecting children from violence, safeguarding victims, as well as those who may be at risk of, or are involved in committing violence. Recognising the signs early can result in preventing pupils from becoming involved with serious crime.

The following is a list of indicators which may signal that a child is at risk from or involved in committing serious violence:

- increased absence from school;
- a change in friendships or relationships with older individuals or groups;
- a significant decline in educational performance;
- signs of self-harm or a significant change in well-being, or signs of assault or unexplained injuries;
- unexplained gifts or new possessions

Risks are higher for children with disrupted education (eg suspensions, permanent exclusions, time in alternative provision) or a history of offending.

Responding to concerns that a pupil might be at risk of or involved with serious crime

See also [‘When To Call the Police’](#)

Where there are concerns that a child could be at risk of involvement with serious violence the school will:

- Provide a **trusted adult** in school who the child can talk to regularly and who will monitor their wellbeing.
- Offer support through our **pastoral team**, including regular check-ins and opportunities for the child to discuss any worries or concerns.
- Provide access to our **ELSA (Emotional Literacy Support Assistant)** to help develop emotional regulation, resilience, decision-making skills and positive relationships.
- Work with families through our **Family Support Advisor, Joanna Chinn**, to identify concerns early, provide practical support and strengthen engagement with school.
- Support the development of **social and emotional skills**, including managing peer pressure, conflict resolution, self-esteem and making safe choices.
- Implement a personalised support plan where appropriate, with clear targets and regular reviews.
- Facilitate access to **mentoring programmes** or targeted interventions designed to build confidence, aspirations and positive behaviours.
- Liaise with external agencies, including Early Help, Youth Services, Children's Social Care, police and community organisations, where additional support is required.
- Refer to specialist services where appropriate, including mental health, therapeutic or counselling support.
- Work in partnership with parents, carers and other professionals to reduce risk factors and promote the child's safety, wellbeing and engagement in education.

Where concerns arise about involvement with serious violence, the school will refer to the local threshold guidance and make a referral to Children's Social Care accordingly.

The DSL will assess risk to the individual and to others in the school and put in place a safety and support plan. This plan should include actions to de-escalate conflict between peers, where applicable.

2.5 Honour-based abuse, including Female Genital Mutilation

See also Annex A KCSIE, <https://www.gov.uk/guidance/forced-marriage> and

Honour-based abuse encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage and practices such as breast-ironing.

Responding to concerns about honour-based abuse

Abuse committed in the context of preserving honour often involves a wider network of family or community pressure and can involve multiple perpetrators. It is important to be aware of this dynamic and additional risk factors when deciding what action to take.

Our safeguarding procedures will be followed here and staff should speak to a member of the safeguarding team immediately if they suspect a child or young person is at risk of honour-based abuse. Safeguarding teams will contact children's social care/ adults social care for anyone 18 or above and local protocols will be followed.

Female Genital Mutilation (FGM)

See Annex A, [Multi-agency statutory guidance on FGM](#) and [FGM factsheet](#)

FGM is a procedure where the female genital organs are injured or changed and there is no medical reason for this. This practice is often referred to as 'cutting'.

It is frequently a very traumatic and violent act for the victim and can cause harm in many ways.

The practice can cause severe pain and there may be immediate and/or long-term health consequences, including mental health problems, difficulties in childbirth, causing danger to the child and mother; and/or death.

Key points

- FGM is illegal in the UK. It is also illegal to take a British National or permanent resident abroad to undergo FGM or help someone who is trying to arrange to have FGM performed.
- FGM is an unacceptable practice for which there is no justification. It is child abuse and a form of violence against women and girls.
- FGM is prevalent in 30 countries. These are concentrated in countries around the Atlantic coast to the Horn of Africa, in areas of the Middle East, and in some countries in Asia.
- FGM is a deeply embedded social norm, practised by families for a variety of complex reasons. It is often thought to be essential for a girl to become a proper woman, and to be marriageable. This practice is not required by any religion.

Risk Factors

The most significant factor to consider when deciding whether a girl or woman may be at risk of FGM is whether her family has a history of practising FGM.

In addition, it is important to consider whether FGM is known to be practised in her community or country of origin. It is important not to make assumptions that all girls from these communities are at risk.

A parent may request permission for their child to travel overseas for an extended period. This is sometimes requested leading into or out of a school holiday (often the summer break).

Responding to concerns about Female Genital Mutilation

If a girl has disclosed to you that she has been subjected to FGM or you have visual evidence of this, you must report it to the police.

(Teachers are required to report known cases of FGM in girls under 18 to the police under the mandatory reporting duty October 2015)

If a direct disclosure has not been made and there is no visual evidence, but you have concerns that the pupil may have been subject to or at risk of FGM the school's normal safeguarding procedures will be followed here.

This includes reporting your concerns to a member of the safeguarding team and putting your concerns in writing.

The DSL will follow the steps below to respond appropriately to the concern and safeguard the pupil:-

Step 1

- Consider the information of concern. This may mean referring back to check whether there is any previous information of concern for the pupil.

Step 2

- Check whether there are any risk factors present for the pupil / family

Step 3

- Where it is deemed appropriate to do so, speak to the parent or carer about FGM. Be sensitive to language differences.

Step 4

- At this stage consideration should be given to make a referral to Children's Social Care. It is useful to have any safeguarding / child protection records to hand. Following a telephone referral, you will be required to submit a written referral within 24 hours.

FGM Helpline: 08000283550

2.6 Preventing Radicalisation

See also Annex A KCSIE , [The Prevent Duty Guidance](#) and [‘The Prevent Duty: an introduction for those with safeguarding responsibilities](#)

The Home Office Prevent Duty guidance defines radicalisation as ‘the process of legitimising support for, or use of terrorist violence.’ An individuals’ susceptibility to radicalisation may be linked to their vulnerability. An individual can be vulnerable if they need special care, support or protection because of age, disability, or risk of abuse and/or neglect.

The following can be indicators of risk:-

- showing sympathy for extremist causes
- glorifying violence, especially to other faiths or cultures
- making remarks or comments about being at extremist events or rallies outside school
- evidence of possessing illegal or extremist literature
- advocating messages similar to illegal organisations or other extremist groups
- out of character changes in dress, behaviour and peer relationships
- secretive behaviour
- online searches or sharing extremist messages or social profiles
- intolerance of difference, including faith, culture, gender, race or sexuality
- work or writing that displays extremist themes
- attempts to impose extremist views or practices on others
- advocating violence towards others

As a school we recognise that we have an important part to play in educating children about extremism and recognising when pupils start to become radicalised. In our school the designated lead responsible for the delivery of Prevent is Amy Edwards, Head teacher. The designated lead works in line with the statutory requirements laid out in the Prevent Duty guidance.

A school Prevent risk assessment is in place and is reviewed at least annually by the designated lead. This assesses how pupils and staff may be at risk of being radicalised into terrorism, including online. Where specific risks are identified an action plan is developed to mitigate the risk.

We ensure that through our school vision, values, rules, curriculum and teaching:-

- we limit exposure to radicalising narratives, both online and offline, including our work in line with the [Filtering and Monitoring Standards](#).
- we promote tolerance and respect for all cultures, faiths and lifestyles;
- the governing body also ensures that this ethos is reflected and implemented effectively in school policy and practice;

- pupils who attend our school have the right to learn in safety. We do not tolerate bullying of any kind and will challenge derogatory language and behaviour towards others;
- visitors who are invited to speak to pupils will be informed about our ethos and safeguarding procedures and relevant vetting checks are undertaken. We undertake due diligence to ensure that visiting speakers are appropriate. Speakers will be supervised at all times and will not be allowed to speak to children without a member of staff being present;
- staff and governors complete regular Prevent awareness training. Annual safeguarding updates also include information about Prevent. Members of the safeguarding team complete additional Prevent training in line with the Prevent guidance recommendation of two yearly.

Responding to concerns that a pupil might be at risk of radicalisation

Local procedures for reporting concerns about possible radicalisation will be followed here – PreventReferrals@wiltshire.police.uk

In addition, the DSL / deputy DSL may consider making a referral to the local authority Channel Panel (seek advice from Children's Social Care)

Channel is a multi-agency approach to provide support to individuals who are susceptible to being drawn into terrorist related activity.

Each local authority has a panel and it aims to:

- Establish an effective multi-agency referral and intervention process to identify vulnerable individuals;
- Safeguard individuals who might be susceptible to being radicalised, so that they are not at risk of being drawn into terrorist-related activity; and
- Provide early intervention to protect and divert people away from the risks they face and reduce vulnerability.

Referrals to Channel require the individual's consent.

The DfE helpline can be contacted for advice 020 7340 7264 (this should not be used in cases of emergency)

or via the e mail counter.extremism@education.gsi.gov.uk

2.7 Domestic Abuse

See Part 1 and Annex A KCSIE

'Abusive behaviour' is defined in the Domestic Abuse Act (2021) as any of the following:

- physical or sexual abuse
- violent or threatening behaviour
- controlling or coercive behaviour
- economic abuse
- psychological, emotional or other abuse

For the definition to apply, both parties must be aged 16 or over and [‘personally connected’](#).

It can encompass a wide range of behaviours and may be a single incident or a pattern of behaviours. The impact of domestic abuse on children and young people is detrimental and long term and can affect their health, well-being and ability to learn. Children and young people may see, hear or experience the effects of abuse.

Responding to concerns that a pupil might be subject to or witnessing domestic abuse

Our safeguarding procedures will be followed here, and a referral made to social care as appropriate. Where a member of staff or regular volunteer/visitor has a concern about a pupil in this situation or where a disclosure has been made to an adult working in the school, the school’s normal safeguarding and child protection procedures will be followed. The local authority communicate domestic abuse reports received by the police via Operation Encompass. These are then recorded in the child’s safeguarding file on CPOMS.

2.8 Neglect

Keeping Children Safe In Education defines neglect as :-

‘The persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in the serious impairment of the child’s health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- protect a child from physical and emotional harm or danger;
- ensure adequate supervision (including the use of inadequate care-givers); or
- ensure access to appropriate medical care or treatment;
- provide suitable education

It may also include neglect of, or unresponsiveness to, a child’s basic emotional needs.’

The following can be indicators of risk:-

The following is a summary of some of the indicators that may suggest a child is at risk of or being neglected:-

Physical indicators of neglect

- ☐ Constant hunger and stealing food

- ☐ Poor personal hygiene - unkempt, dirty or smelly
- ☐ Underweight
- ☐ Dress unsuitable for weather
- ☐ Poor state of clothing
- ☐ Illness or injury untreated

Behavioural indicators of neglect

- ☐ Constant tiredness
- ☐ Frequent absence from school or lateness
- ☐ Missing medical appointments
- ☐ Isolated among peers
- ☐ Frequently unsupervised
- ☐ Stealing or scavenging, especially food
- ☐ Destructive tendencies

The school will make use of the Wiltshire Safeguarding Vulnerable People Partnership (SVPP) Neglect Framework and, where appropriate, the NSPCC Graded Care Profile 2 (GCP2) assessment tool [Graded Care profile](#) to help identify, assess and respond to concerns about neglect, ensuring that children and families receive the right help at the earliest opportunity.

2.9 Pupils at greater risk of harm

2.9.1 Pupils with disabilities, special educational needs (SEN)

As a school, we recognise that pupils who have disabilities, SEN or certain health conditions can face additional safeguarding and child protection challenges.

These can include:-

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the pupil's disability, SEN or health condition/s without further exploration;
- pupils can be disproportionately impacted upon by things like bullying, without outwardly showing any signs;
- communication barriers and difficulties in overcoming these barriers;
- risk that they do not understand that what is happening to them is abuse;
- the need for intimate care;
- that these children are more likely to be dependent on adults for care.

2.9.2 Pupils who need a social worker (including Children In Need, Children on a Child Protection Plan and Children Looked After)

Children may need a social worker due to safeguarding or welfare needs. They may need this help due to abuse, neglect and complex family circumstances. A child's experience of trauma and adversity can leave them vulnerable to further harm, as well as educationally disadvantaged, facing barriers to:-

- attendance
- learning
- behaviour
- mental health

As a school we ensure that all staff working directly with children/young people have a knowledge and understanding of the impact of adversity and trauma on children's mental and physical health, development and life chances. We understand that children can communicate an unmet need through their behaviour, whether this is challenging and disruptive or quiet and withdrawn. **Our school behaviour policy reflects this and includes the ways in which we respond in these situations.**

Teaching staff are supported by the members of the safeguarding team to maintain high aspirations for these children, identifying the challenges these children may face and making adjustments to teaching and learning to best support them.

The designated teacher for looked after children and previously looked after children is Amy Edwards, Head teacher. The school staff work with multi-agency professionals, including the Local Authority Virtual Schools Head, to ensure that prompt action is taken when necessary to safeguard these children. We recognise these children are a particularly vulnerable group. Appropriate staff are provided with information in relation to their legal status and contact arrangements, as well as information about the child's care arrangements.

2.9.3 Pupils who are in a kinship care arrangement

Pupils who are under a kinship care arrangement are those being raised by a friend or family member, who is not their parent—often due to circumstances such as parental illness, bereavement, or challenges that make it unsafe for them to remain at home. These pupils may experience a sense of instability, loss, or confusion as they adjust to new family dynamics and routines. As a school, we are committed to recognising the unique needs and vulnerabilities of children in kinship care, understanding that their experiences may impact their wellbeing, behaviour, and engagement with learning. Staff are encouraged to provide additional emotional support, work closely with carers and external agencies, including the Virtual School Head and ensure that kinship care pupils have the guidance and encouragement needed to thrive both academically and personally. By fostering an inclusive and nurturing environment, we aim to help every child in kinship care feel secure, valued, and supported on their educational journey.

2.9.4 Pupils who are lesbian, gay, bi-sexual or transgender (LGBT+) and children who are questioning their gender.

As a school we recognise that whilst being LGBT+ or gender-questioning is not in itself an inherent risk factor for harm, these children can be targeted by other children. This can also be the case for children who are perceived by other children to be LGBT+ or gender-questioning. Our staff recognise the importance of all children and young people having a trusted adult in school they can talk to and we endeavour to support all pupils to identify at least one trusted adult in school they can share concerns with if they don't feel safe.

See below section 2.15 for further guidance on children who are questioning their gender.

2.9.6 Pupils with mental health issues

See also Part 1 and Annex A of KCSIE

All staff should be aware that mental health concerns can, in some cases, develop into safeguarding concerns. This could include self-harm, suicidal ideation or risk of suicide. They could also be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Education staff, however, are well placed to observe children day-to-day and identify worrying behaviours. These could include:-

- significant changes in behaviour;
- ongoing difficulty sleeping;
- withdrawing from social situations;
- not wanting to do things they usually like;
- physical signs of self-harm or neglecting themselves.

The school is committed to promoting positive mental health and emotional wellbeing for all pupils and recognises that good mental health is as important as physical health. We provide a nurturing and supportive environment where children feel safe, valued and able to talk about their feelings.

To support pupils' mental health and wellbeing, the school may:

- Provide support through trusted adults, class teachers, pastoral staff and senior leaders.
- Offer targeted emotional wellbeing support through our ELSA (Emotional Literacy Support Assistant), including individual and small-group interventions.
- Work with our Family Support Advisor, Joanna Chinn, to support children and families experiencing emotional, social or mental health difficulties.
- Deliver a curriculum that promotes emotional wellbeing, resilience, self-esteem, healthy relationships and positive coping strategies.
- Provide access to appropriate school-based interventions and support plans where needed.
- Work closely with parents and carers to identify concerns early and develop effective support strategies.
- Seek advice and support from external agencies, including Child and Adolescent Mental Health Services (CAMHS), Educational Psychology, school nursing services and other specialist mental health professionals where appropriate.
- Signpost families to additional sources of support, including organisations such as YoungMinds, local wellbeing services and community-based support programmes.
- Support pupils during periods of change, challenge, loss or bereavement through individualised pastoral care.
- Monitor the wellbeing of pupils who may be vulnerable due to safeguarding concerns, adverse childhood experiences or other identified needs.

The school adopts an early help approach and works collaboratively with families and partner agencies to ensure that pupils experiencing mental health difficulties receive timely and appropriate support.

If staff have a concern about a child's mental health they should follow the procedures set out in Part 1 of this document and report to the DSL. If staff feel that a child is in immediate danger, they should call 999 or arrange for them to be taken to A and E immediately by a parent/carer or other suitable person.

If a child needs help urgently for their mental health but it is not an emergency, staff can get help from NHS 111 online or call 111 and select the mental health option.

2.10 Behaviour

See also the school's pupil behaviour policy.

As a school we recognise that there can be links between safeguarding and child protection concerns incidents of disruptive and challenging behaviour. We understand that children can communicate an unmet need through their behaviour, whether this is challenging and

disruptive or quiet and withdrawn. Our school behaviour policy reflects this and includes the ways in which we respond in these situations.

Physical Intervention

Where physical intervention is required to keep a pupil safe the school will respond in line with the DfE guidance 'Restrictive interventions: including use of reasonable force, in schools.'

When considering whether to intervene we will ask three questions:-

- Is it necessary?
- Is it proportionate?
- Has the pupil's welfare been considered?

As a school we may intervene to:-

- prevent or stop a pupil from causing injury to themselves or others;
- committing a criminal offence;
- damaging property
- causing disorder among pupils at the school, whether during a teaching session or not.

All incidents of physical intervention are recorded on CPOMS and are reported to parents/carers. Where a pupil has safeguarding /child protection records in place, information about incidents of positive handling will be cross-referenced.

Following all incidents where physical intervention is required we routinely check the well-being of the pupil after the incident. This includes asking if they have been hurt.

If information suggests that a pupil has been hurt during an incident of physical intervention the Head teacher/Principal will be informed and contact will be made with the LADO/DOFA.

Where pupils require regular handling and intervention a positive handling plan will be put in place. The pupil, together with the parents/carers will be involved in this process.

Identified staff receive Team Teach training which keeps them up to date with de-escalation and positive handling strategies. The requirement for Team Teach training is reviewed regularly by the Senior Leadership Team.

2.11 Attendance

See also [‘Working Together To Improve Attendance’](#)

See also the local authority’s guidance on ‘Children Missing Education’

As a school we recognise the importance of pupils attending school regularly. Where pupils are persistently absent from school, this could be a possible indicator of neglect, abuse or exploitation.

Any unexplained absence is followed up on the first day of absence.

Where possible, we hold more than one emergency contact telephone number for each pupil/family.

Pupil attendance is monitored through rigorous tracking by identifying those pupils whose attendance is below 95%, focusing on pupils whose attendance is declining or patterns are forming. Attendance is monitored by the Head teacher and PSO. We recognise that children with poor attendance or missing from education may be more vulnerable and potentially are exposed to higher degrees of risk. Attendance information is therefore considered within the wider remit of safeguarding and child protection. Staff are aware that episodes of unexplained absence could indicate safeguarding concerns or the need for early help support.

Attendance procedures during partial school closure/lockdowns

The school monitors attendance daily and follows up all unexplained absences promptly. Parents and carers are expected to notify the school on the first day of absence and, where no reason has been received, the school will make reasonable attempts to contact parents/carers by telephone, text message, email or other agreed methods. Where there are safeguarding concerns, repeated unexplained absences, or where contact cannot be established, the school will undertake appropriate welfare checks and consider whether further action is required. For pupils who are open to Children’s Social Care or who have an allocated social worker, the school will inform the relevant social worker of any unexplained absence or inability to make contact with the family. The school will work closely with families and partner agencies to ensure that attendance concerns are identified and addressed at the earliest opportunity, safeguarding the welfare and wellbeing of all pupils.

2.12 Pupils who are educated off site

See also [DfE ‘Alternative Provision’ guidance](#)

Where pupils are attending off-site alternative or enhanced provision, it is our responsibility to ensure that they continue to be kept safe. Quality assurance of any provision used by our school is completed prior to the placement of a pupil. This includes:-

- review of the provision’s safeguarding and child protection procedures
- a visit to the site
- a letter of assurance to confirm that all staff working at the alternative provision have had the appropriate recruitment checks

- information about issues which the pupil attending the site might be at risk of, to inform an effective risk assessment

For each day that the pupil attends the off-site provision contact is made by Cath Bridge, PSO to ensure they have arrived safely. This process also applies where a pupil has been excluded from school, including fixed term exclusions. Contact will be made with a parent or carer to confirm their safety on each day of the exclusion.

2.13 Elective Home Education

Where a parent/carers has expressed an intention to remove their child from school with a view to educating at home, we will endeavour to co-ordinate a meeting with the parents (and professionals as appropriate, including an LA representative) to ensure parents/carers have considered what is in the pupil's best interests.

We have a statutory duty to inform the local authority when a pupil is removed from our roll.

Where a child has an Education and Health Care plan the local authority will need to review the plan, working closely with parents and carers.

2.14 Intimate Care

See also staff code of conduct

Intimate care includes any tasks that involve the dressing and undressing, washing including intimate parts, helping someone use the toilet, changing nappies or carrying out a procedure that requires direct or indirect contact to an intimate personal area.

Staff administering intimate care are required to record this using the agreed protocols laid out in our intimate care policy.

For more information, see our intimate care policy [Policies & Procedures | Shaw CofE Primary School](#)

2.15 Pupils with medical conditions and needs, including pupils with allergies

See also [Supporting pupils at school with medical conditions DfE guidance](#), [Allergy safety In Schools](#), the school's policy on supporting pupils with medical needs and the school's dedicated allergy safety policy.

Pupils are supported at school with medical conditions and needs, including allergies to enable them to have full access to education, including school trips and physical education.

The school has an allergy safety policy, which is reviewed annually and published on our website. We work in line with this and with '[Allergy safety In Schools](#)', the DfE statutory guidance. The named senior leader responsible for the policy is Sarah Johnson-Motyl.

The school works with healthcare professionals, parents/carers and pupils to establish individual healthcare plans, including allergy action plan and/or asthma plan, as necessary and these are reviewed regularly.

Any member of staff providing support to a pupil with a medical condition, including an allergy, should have received suitable training. Staff training includes information about symptoms and treatments for allergies and anaphylaxis. Staff must not give prescription medicines or administer healthcare procedures without appropriate training.

Medicines should only be administered at school when it would be detrimental to a child's health or school attendance not to do so. *See the school's policy on supporting pupils with medical needs for further details about administering and storing medicines.*

In line with Early Years Foundation Stage requirements:-

- individuals who are included in ratios are required to have a Paediatric First Aid certificate (PFA). This includes students (aged 17 or over) and apprentices (aged 16 or over);
- whilst pupils are eating there should always be a member of staff in the room with a valid PFA certificate;
- information about special dietary requirements, preferences, food allergies and intolerances is obtained prior to a pupil starting at school or nursery. This information is shared with staff who are involved in the preparation and /or handling of food.

2.16 Children who are questioning their gender

See Part 2 of KCSIE for further detail.

We follow the guidance set out in Part 2 of 'Keeping Children Safe In Education' for circumstances where a child or parent has raised a request relating to social transition. Staff must not **initiate** any action in this area. Staff should not adopt any changes relating to social transition unless a decision has been made by the school and a child's parents or carers have been involved.

Records are kept of all decision-making involved in cases where a child or parent has raised a request relating to social transition.

As a school, we are particularly conscious of pupils who may have transitioned at an early age and maybe living in stealth. We endeavour to make sure that all relevant staff are aware of a child's biological sex.

Where a child makes a request relating to how they participate in sport, staff will consider this alongside the guidance in KCSIE and what is in the best interests of the child, as well as

considering the impact on other children. This aims to create a safe and fair environment for children to participate in PE.

2.17 Children who are young carers

As a school we are alert to the needs of children who are young carers, recognising that caring responsibilities can impact on their attendance, attainment, behaviour and wellbeing.

The school will seek to identify and support young carers by:

- Providing a named trusted adult who can offer regular emotional and pastoral support.
- Taking account of a pupil's caring responsibilities when considering attendance, punctuality, homework and additional support needs.
- Offering support through our pastoral team, ELSA and wellbeing interventions where appropriate.
- Working closely with families to understand the child's circumstances and reduce barriers to learning.
- Supporting access to extracurricular activities and wider opportunities within school.
- Signposting families to local young carers' services and other appropriate support agencies.
- Working with external professionals where necessary to ensure the child receives the right help at the right time.
- Promoting a whole-school culture where young carers feel recognised, valued and supported.

The school is committed to ensuring that young carers are identified early and that appropriate support is put in place to help them achieve their full potential and maintain positive wellbeing.

Part 3 – Safeguarding Policy

3.1 How is the information in this set of policy and procedures disseminated?

- The school is committed to ensuring that safeguarding remains a priority and that all staff understand their responsibilities. This policy and associated safeguarding procedures are made available to all staff as part of their induction and are published on the school's website where appropriate. Safeguarding policies, procedures and key safeguarding messages are revisited regularly through staff meetings, briefings, training sessions, safeguarding updates and professional development activities.

- All staff receive safeguarding and child protection training at induction and regular refresher training thereafter. Safeguarding is a standing item on staff meeting agendas and updates are shared throughout the year to ensure staff are informed of local and national safeguarding developments, changes to statutory guidance and emerging safeguarding risks.
 - Staff are expected to read and understand relevant safeguarding policies, including Keeping Children Safe in Education, the Child Protection and Safeguarding Policy, the Staff Code of Conduct and whistleblowing procedures. Opportunities are provided throughout the year for staff to discuss safeguarding practice, reflect on case studies and raise any questions or concerns with the Designated Safeguarding Lead (DSL) or Deputy DSLs.
 - The Governing Body receives regular safeguarding updates and monitoring reports to ensure that safeguarding arrangements remain effective and that policies and procedures are implemented consistently across the school.
1. Our staff induction programme includes a safeguarding section and new staff are asked to read the safeguarding policy and procedures. This also applies to Governors and Trustees
 2. Visitors, volunteers and external staff, including supply teachers, who visit our school are asked to read a visitors' code of conduct, which includes procedures for what to do if they have concerns about the safety of a pupil or concerns about the actions of an adult working/volunteering with children.
 3. Our safeguarding policy and procedures are re-visited on an annual basis and time is set aside for staff to re-read the document. In order to check staff understanding of the content by using quizzes and knowledge checkers.

In addition to reading and understanding the school's safeguarding and child protection policy and procedures, staff are required to read:-

- [Keeping Children Safe In Education](#)

See appendix 6 for guidance about reading of KCSIE

- the school's staff code of conduct
- the pupil behaviour policy
- the safeguarding response for children missing in education (included within our attendance policy)
- the school's online safety policy and acceptable use agreement
- 'What To Do If You're Worried A Child Is Being Abused'
- Staff working in Early Years Foundation Stage are required to read the statutory guidance in section 3 of the EYFS statutory framework.

Staff are asked to sign to confirm their understanding and accept responsibility for following up any questions or queries they have arising from reading this document (with a member of our safeguarding team). This is done via our online training platform.

3.2 How do we ensure parents and carers understand the school's role in safeguarding pupils?

1. This school is committed to helping parents/carers understand its responsibility for the welfare of all pupils and our duty of care. The policy and procedures are available to parents and carers via the school website and a paper copy can be requested by contacting the school office.
2. The school website also provides access to a number of useful resources for parents and carers. These can be found in the 'Safeguarding' tab of the school's website.
3. During pupil induction meetings for parents and carers information will also be discussed about the school's safeguarding responsibilities.

3.3 Roles And Responsibilities

- The Trustees have strategic leadership responsibility for safeguarding arrangements, ensuring that policies, procedures and training are effective and comply with the law (Part 2 KCSIE).
- The Head teacher has a duty to ensure that the policies and procedures adopted by the governing body and proprietor are understood and followed by all staff. The Head teacher ensures the safeguarding team have time to engage in learning, audit and supervision.
- The Designated Safeguarding Lead (and Deputy DSL/s in the DSL's absence) works in line with Annex B of KCSIE and is a senior member of staff, from the leadership team. This role carries a significant level of responsibility.

See KCSIE for further detail.

- Staff have a duty to respond to safeguarding and child protection concerns in line with the procedures laid out in this policy and in the statutory guidance –KCSIE

'All staff have a duty to do what is reasonable in all circumstances to safeguard and promote the welfare of pupils and staff.' ([Teachers' Standards](#))

The local governing body, Trustees, the Headteacher and the safeguarding team work together to ensure they facilitate a whole school approach to safeguarding. This means ensuring safeguarding and child protection are at the forefront and underpin all relevant aspects of process and policy development.

They take positive action, where it can be shown that it is proportionate, to deal with disadvantages affecting pupils or students with certain protected characteristics in order to meet their specific need. For example, taking positive action to support girls if there was

evidence, they were being disproportionately subjected to sexual violence or sexual harassment. This includes making reasonable adjustments for disabled children and young people and those identified as having special educational needs.

Where there is a safeguarding concern, the school strives to ensure that the child's wishes and feelings are taken into account when determining what action to take and which services to provide.

The school fulfils its statutory duty to complete the local authority section 175/157 audit on an annual basis, enabling the local authority to ensure it is meeting statutory requirements.

In addition to the local authority audit, we complete a quality assurance review of safeguarding with an independent consultant, to ensure our safeguarding practice is robust and meets statutory requirements.

The school also completes a self-evaluation using Evaluate My School.

These self-evaluations are quality assured with a visit from an independent consultant or the Trust's safeguarding lead. Where weaknesses or areas for development are identified, the Governing Body monitors the implementation and impact of identified actions to address these issues. The Head teacher provides a safeguarding report as part of the Head teacher's report to Governors.

3.4 Safeguarding Supervision

All staff working in this school have a responsibility to safeguard the children in their care. Staff can only achieve this effectively if they:-

- are clear about what is expected of them
- have the skills, knowledge, behaviours, values and attitudes to carry out their role
- are fully supported in their role and managed effectively

Safeguarding supervision is available for any member of staff as required. Members of the safeguarding team receive planned safeguarding supervision on a termly basis.

Regular, planned safeguarding supervision is vital to ensure that there are opportunities for reflection and analysis of information as part of the decision-making process. Constructive challenge is encouraged, especially where assumptions are made and differences are resolved in a restorative and respectful way.

3.5 Use of school premises

See also [*'After-school clubs, community activities and tuition: safeguarding guidance for providers*](#)

Where external organisations use the school premises, both within the school day and outside of school hours, the Trust has a responsibility to:-

* seek assurance that the body concerned has appropriate policies and procedures in place in regard to safeguarding pupils. This includes checking that the organisation's safeguarding policy is fit for purpose and includes procedures for reporting concerns about adults who may work/volunteer with children.

* ensure that the appropriate level of safer recruitment checks have been completed on staff working for the organisation

* ensure that visitors who speak to pupils are informed about our ethos and safeguarding procedures. We undertake due diligence to ensure that visiting speakers are appropriate.

3.6 Safer Recruitment Procedures

See Part 3 KCSIE

This school works in line with Part 3 of Keeping Children Safe In Education.

Employed Staff

The following checks are completed:

- An enhanced DBS check, which includes barred list information, is required for any individual who will be engaging in regulated activity.

Regulated Activity – 'A person will be engaging in regulated activity if as a result of their work or volunteering they will be responsible, on a frequent basis (more than 3 days in a 30 day period) in a school or college, for teaching, training, instructing, caring for or supervising children, providing advice or guidance on physical, emotional or educational well-being, or driving a vehicle for children only. A person will also be in regulated activity if they engage in intimate or personal care or healthcare or any overnight activity, even if it only happens once.' KCSIE

The original DBS certificate will be requested from the individual for checking. We do not keep copies of DBS certificates on file. Where there is a break in service of 12 weeks or more a new DBS check will be required, together with a barred list check if the individual is working in regulated activity.

- Identity checks are completed, together with proof of right to work in the UK
- Qualifications are checked
- If an individual has lived or worked outside of the UK an overseas police check / certificate of good conduct may be required (*see part 3 KCSIE*)
- [Right to work checks](#) are completed on all staff.

In addition, staff who have a teaching role will be checked, via the DfE Secure Access Website, for

- qualified teacher status

- prohibition check
- section 128 check (for any individual who has a managerial role, including Heads of Department, Governors and Trustees)
- completion of induction
- teacher not subject to a conditional offer/suspension
- An online search is completed for all short-listed candidates who apply to work in our school. A basic check is completed to identify any publicly available information of concern which:-
 - could pose a safeguarding risk to children /young people
 - cause damage the reputation of the school

Where information of concern is identified, this will be discussed with the candidate before a decision is made about suitability for the role being advertised. A record is made of the check and any subsequent actions required, along with the outcome.

Visitors and externally employed staff, including contractors

Where staff from external organisations are working with our pupils, we ensure that the letter of assurance received confirms that the relevant checks are in place, including a barred list check if the individual is working in regulated activity. See above for definition of regulated activity. Visitors are asked to provide proof of identity and if required, DBS information.

Where an individual is self-employed, the school should request to see the DBS certificate and where possible, registration on the update service. The school can also complete a DBS check (and barred list check if working in regulated activity) on behalf of the individual.

Students, aged 16 or over, on work experience placements in schools may require enhanced DBS and barred list checks if they are in regulated activity.

Volunteers

Where an individual meets the period condition (more than 3 days in any 30 day period) by volunteering at one school or multiple schools/settings, an enhanced DBS and check of the barred list will be required. Volunteers may also choose to join the update service (free for volunteers). A 'recruitment' process is in place for these roles, which includes completion of an application form and an informal interview.

Where an individual is not deemed to be regular' ie does not meet the period condition, for example helping as a 'one-off' on a school trip, the school will put a risk assessment in place

to ensure that volunteers are not left unsupervised with children or are working in regulated activity.

Single Central Record

The school maintains an up to date single central record of all safer recruitment checks. This is in line with the requirements as set out in Part 3 of Keeping Children Safe In Education.

The Head teacher monitors this record termly and ensures it is in line with statutory requirements.

Induction of new staff

Following appointment, the school offers all new staff a programme of safeguarding and child protection induction. This includes:

- A face-to-face induction meeting with the Designated Safeguarding Lead (DSL) and/or Deputy DSL.
- Information about the school's safeguarding culture, procedures and reporting expectations.
- Identification of the DSL, Deputy DSLs and members of the safeguarding team.
- Guidance on how to recognise and report safeguarding concerns, including low-level concerns and allegations against staff.
- Reading and understanding the school's Child Protection and Safeguarding Policy.
- Reading and understanding Part 1 (or Annex A where appropriate) of Keeping Children Safe in Education (KCSIE).
- Reading the school's Staff Code of Conduct, including acceptable use of technology, professional boundaries and staff-pupil relationships.
- Reading the school's Behaviour Policy, including measures to safeguard children.
- Familiarisation with the school's Whistleblowing Policy and procedures for raising concerns about practice or conduct.
- Information regarding procedures for children missing education, attendance monitoring and safeguarding vulnerable pupils.
- Guidance on key safeguarding issues, including child-on-child abuse, online safety, mental health, domestic abuse, exploitation, serious violence, radicalisation and the Prevent Duty.
- Information about the school's recording and information-sharing procedures, including the use of safeguarding systems.
- Completion of any mandatory safeguarding training and online learning modules required by the school.

- Information on the role of external safeguarding agencies and the school's early help processes.
- Opportunities to discuss safeguarding responsibilities and ask questions before commencing full duties.

The induction process is completed as soon as possible following appointment and is supplemented by regular safeguarding updates, training and ongoing support throughout employment.

Childcare Disqualification Checks

[The 'Disqualification Under the Childcare Act 2006](#) states that :-

'Schools are responsible for ensuring that anyone who falls within the relevant categories of staff described in the [staff covered](#) and [staff who may be covered](#) sections is made aware of the legislation. Schools must make these staff aware of what information will be required of them and how it'll be used to make decisions about disqualification. Schools are free to decide how to bring these requirements to the attention of their staff. As a means of making staff aware of their duty to provide such information, they may, for example, choose to include a section in the school's safeguarding policy, or another policy document, or by means of an addition to new staff members' contracts of employment. Schools should draw this guidance to the attention of their staff and the information provided by Ofsted referenced in this guidance.'

The school ensures that all relevant staff are made aware of the requirements of the Disqualification under the Childcare Act 2006 through the staff induction process, safeguarding training, and safer recruitment procedures. Staff are required to disclose any information that may affect their suitability to work in childcare provision and to inform the Headteacher immediately of any changes to their circumstances. Compliance with these requirements is checked during recruitment and recorded as appropriate on the school's Single Central Record (SCR) and personnel files. Relevant staff are reminded periodically of their ongoing duty to disclose information that may lead to disqualification.

3.7 Online Safety

See our school's Online Safety Policy

See also KCSIE

See also ['Teaching Online Safety In Schools'](#) (non-statutory guidance)

See also [Cyber security standards for schools and colleges](#)

See also [Generative AI: product safety explanations](#)

Technology is a significant component in many safeguarding and well-being issues. Children are at risk of abuse online, as well as face to face. In many cases abuse will take place concurrently via online channels and in daily life.

Children can abuse their peers online, this can take the form of abusive, harassing and misogynistic messages, the consensual and non-consensual sharing of indecent images and the sharing of abusive images and pornography, to those who do not want to receive such content.

Artificial intelligence (AI) is increasingly featuring within educational environments, offering both transformative opportunities and novel challenges. While AI tools can support personalised learning, streamline administrative tasks, and foster creativity, they also require careful consideration regarding data privacy, ethical use, and potential biases. Integrating AI safely and thoughtfully into the school environment forms part of our commitment to preparing pupils for a digital future, while safeguarding their wellbeing and rights.

Responding to online safety concerns

Staff will follow our safeguarding procedures as outlined in Part 1 of this document. Staff should also be aware of the additional guidance in Part 2 under 'child on child abuse, where additional guidance is provided, in relation to responding to concerns about the making and sharing of indecent images via mobile devices.

What are the school's responsibilities around online safety?

This school recognises:-

- the increasing role technology has to play in education and children's daily lives
- the wide-range of content which is available to children via the internet
- that alongside the benefits of technology, there are also risks
- the importance of delivering a broad and relevant online safety curriculum which provides progression across year groups
- that delivery of this curriculum must be provided via regular lessons, which take place throughout each term
- the importance of keeping up to date with the tools, apps and devices children are using so that the curriculum which is offered is meaningful
- that online safety must be reflected in all relevant school policies
- its responsibility to work in line with the [Filtering and Monitoring standards](#) and takes all reasonable action, to limit children and young people's exposure to the risks from the school's IT system.

What our online safety curriculum offers

- Our online safety curriculum covers four aspects of risk – content, contact, conduct and commerce (*see KCSIE for definitions*)
- Key online safety messages (such as Childnet's [SMART rules](#)) which are reinforced at every opportunity across the curriculum, in assemblies, PSHE lessons

- Pupils are taught in all lessons to be critically aware of the materials and content they access on-line and understand that not everything they see online is true
- Pupils are supported in building resilience to radicalisation. A safe environment is provided for debating controversial issues and helping them to understand how they can influence and participate in decision-making.

Filtering and monitoring

See also:-

Part 2 KCSIE for further information

Our Online safety policy

As part of the work we do to provide pupils with a safe environment in which to learn, we ensure that we have appropriate filtering and monitoring systems in place. Harmful and inappropriate content is blocked without unreasonably impacting on teaching and learning.

We work collaboratively to keep pupils/students safe in the online world.

- Governing bodies and proprietors have responsibility for ensuring the school has appropriate filtering and monitoring systems in place, taking into account the age of our pupils and those who are potentially at greater risk of harm. We have a named governor for filtering and monitoring in our school (see quick reference guide at front of policy).
- Senior leaders, including the DSL have an awareness and understanding of the systems in place. An annual review of online safety takes place, including review of filtering and monitoring systems using 360safe.
Checks are completed termly to ensure that filtering is working appropriately on all internet connected devices, in all locations around the school and site. A record is maintained of these checks.
- Staff have an awareness of provisions in place and know how to respond when concerns are identified. Staff are provided with online safety training, at induction and at regular intervals.
- Within the four key areas of risk (Content, Contact, Conduct and Commerce), pupils/students are taught about the steps they should take if they identify illegal, inappropriate or harmful content online.

Use of mobile phones

Staff work in line with statutory guidance on [Mobile Phones In Schools](#).

Our school is a mobile phone-free environment, pupils do not have access to their mobile phones throughout the school day, including during lessons, the time between lessons, breaktime and lunchtime.

Use of technology during partial school closure/lockdowns.

This school recognises:-

- the increasing role technology has to play in education and children's daily lives;
- the wide-range of content which is available to children via the internet;
- that alongside the benefits of technology, there are also risks;

For those who are not physically attending school during partial school closure, we recognise that these pupils will be spending increased time online, either participating in school work, taking part in live streaming of lessons and/or as part of extended 'free-time'.

We recognise that this will pose increased risk to children, including:-

- Grooming
- Exploitation, both criminal and sexual
- Radicalisation
- Child on child abuse, including cyber-bullying
- Sexual harassment

All staff who interact with pupils/students, including remote interactions, will continue to be vigilant and look out for signs that a child's safety and welfare might be at risk. Further guidance to keep pupils/students and staff safe when working remotely can be found in [Safer Working Practice](#)

In addition, pupils are sign-posted to age appropriate practical support should they have worries or concerns whilst online. Links to support are available via our school website and include:

[UK Safer Internet Centre Hotline](#)

[Child Exploitation and Online Protection Centre](#)

3.8 Whistle-blowing

This school expects the highest standards of conduct from all employees and governors and will treat seriously any concern raised about illegal or improper conduct. The law provides protection for employees who raise legitimate concerns about specified matters. These are called 'qualifying disclosures'. A qualifying disclosure is one made in the public interest by the employee who has a reasonable belief that:

- a criminal offence
- a miscarriage of justice
- an act creating risk to health and safety
- an act causing damage to the environment
- a breach of any legal obligation
- a concealment of any of the above

is being, has been, or is likely to be, committed. It is not necessary for the employee to have proof that such an act is being, has been, or is likely to be committed, a reasonable belief is sufficient. The employee has no responsibility for investigating the matter; it is the school's responsibility to ensure that an investigation takes place.

Staff and volunteers are encouraged to raise concerns about poor or unsafe practice and potential failings in the school's safeguarding regime via:-

- the staff handbook
- the staff code of conduct
- the visitor's/volunteer's code of conduct

In the first instance, unless the employee reasonably believes their Head teacher to be involved in the wrongdoing, any concerns should be raised with the employee's Head teacher. If he/she believes the Head teacher to be involved, then the employee should proceed straight to the CEO.

Where a member of staff feels unable to raise a concern with either of the individuals identified above the [NSPCC whistle-blowing](#) helpline is available to them.

3.9 Training For Adults Working/Volunteering In Our School

We are committed to ensuring staff and volunteers know and understand:-

- the signs and symptoms of abuse, neglect and exploitation;
- how to identify pupils who may benefit from early help;
- when to share information;
- their responsibility for referring concerns to the designated safeguarding lead / deputy;
- the procedures for reporting safeguarding /child protection concerns about adults working with children (allegations);
- the criteria for referral to Family Help and referral to Children's Social Care for assessment for statutory services, including Child In Need and Child Protection.

Staff training

The following training is provided at induction and subsequently on a regular basis to all staff:-

- Safeguarding and child protection training
- Online safety training
- Prevent training
- Cyber-security training

Governors/Trustees are provided with strategic safeguarding training at induction and as subsequent updates. This training includes a focus on the safeguarding roles and responsibilities of all governors/trustees and equips them to provide strategic challenge to test and assure themselves that safeguarding policies and procedures are effective. Governors also complete Prevent awareness training as part of their induction and refresh this on a regular basis.

Regular volunteers who work with children are required to undertake appropriate safeguarding checks and receive safeguarding information relevant to their role. Prior to commencing their volunteering, they will receive safeguarding induction, including information on the school's safeguarding procedures, the identity of the Designated Safeguarding Lead (DSL) and Deputy DSLs, how to report concerns, the Volunteers Code of Conduct, and key safeguarding guidance. Regular volunteers are expected to undertake safeguarding training appropriate to their role and receive safeguarding updates to ensure they remain aware of their responsibilities for protecting children. The school maintains records of relevant vetting checks, induction and training in line with statutory guidance and local procedures.

Updates

In addition to formal training, all staff receive regular opportunity to update their knowledge and understanding and ensure they are aware of new and emerging threats.

These updates include a focus on:-

- Sexual abuse
- Child on child abuse, including sexual violence and harassment
- Early Help
- Trauma and adversity
- Honour-based abuse, including Female Genital Mutilation
- Exploitation, including child criminal exploitation and child sexual exploitation
- Child mental health
- Parent mental health
- Domestic abuse
- Honour-based abuse, including FGM and forced marriage
- Child-trafficking and modern slavery
- Children missing education and children absent from education

- Radicalisation and Prevent
- Serious Violence

These updates are delivered to staff through:

- Whole-staff safeguarding training sessions.
- Annual safeguarding updates and refresher training.
- Staff meetings and briefings.
- Safeguarding bulletins, newsletters and email updates.
- Discussion of safeguarding case studies and scenarios.
- Online training modules
- Regular updates from the Designated Safeguarding Lead (DSL) on emerging risks and changes to statutory guidance.
- Prevent, online safety and cyber-security awareness sessions.
- Professional development days (INSET).
- Safeguarding discussions during induction, supervision and performance management processes where appropriate.

This approach ensures that safeguarding remains a continuous priority and that staff maintain an up-to-date understanding of their safeguarding responsibilities.

Additional training for Designated Safeguarding Leads and deputy DSLs

The statutory requirement for DSLs and deputy DSLs is to renew training every 2 years. We work in line with this requirement.

Our deputy DSL has completed advanced training to the same level as the DSL, in line with the requirements of our Local Authority.

In addition, the members of our safeguarding team complete:-

- * FGM training
- * additional Prevent training in line with statutory requirements (2 yearly)

3.10 Record-keeping

Safeguarding records, including records relating to staff and the SCR, are kept in accordance with the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR), which place duties on organisations and individuals to process personal information fairly and lawfully and to keep the information they hold safe and secure. See ICO guidance '[For Organisations](#)' which includes information about your

obligations and how to comply, including protecting personal information and providing access to official information.

3.11 Site Safety

See also the school's critical incident plan for further detail.

Ensuring the safety of everyone on site is a fundamental priority. The school implements robust site security measures, including secure perimeter controls, monitored access points, visitor management procedures, and regular risk assessments. In line with the principles outlined in Martyn's Law (Terrorism Act 2025), we are committed to strengthening our preparedness and response to potential threats, including terrorism. Staff receive appropriate training to identify suspicious behaviours and respond to emergencies, and we regularly reviews procedures to ensure best practice. These proactive steps help to create a secure environment where pupils, staff, and visitors can feel safe and supported at all times.

Toilets

As a school we follow the guidance set out in Part 2 of KCSIE. We do not allow pupils into toilets designated for the opposite sex. We provide separate toilets for boys and girls aged 8 and over (apart from where individual toilets are in a room which can be locked from the inside, intended for use by one pupil at a time). If a gender-questioning pupil does not want to use the toilet designated for their biological sex, we will consider whether we can provide an alternative facility, without compromising the provision of single-sex facilities.

Appendix 1

This policy and set of procedures works in line with the following legislation, statutory guidance and non- statutory guidance:-

Legislation

- Section 175 Education Act 2002 - Maintained schools and FE colleges including sixth forms
- The Education and Training (Welfare of Children) Act 2021
- The Equality Act 2010 – [see Equality Act 2010: Advice For Schools](#)
- The Human Rights Act 1998
- The Children Act 1989 (and 2004 amendment)
- The Female Genital Mutilation Act 2003
- The Rehabilitation of Offenders Act 1974
- Schedule 4 of the Safeguarding Vulnerable Groups Act 2006 (defining regulated activity)
- Childcare Act 2006
- Data Protection Act 2018
- Data (Use and Access) Act 2025
- the UK GDPR Act
- the Crime and Policing Act 2026

Statutory Guidance

- [Keeping Children Safe In Education](#)
- [Working Together To Safeguard Children](#)
- [Children's Social Care National Framework](#)
- [Restrictive Interventions, including use of reasonable force](#)
- [Working Together To Improve Attendance](#)

- [The Prevent Duty Guidance](#)
- [Multi-agency statutory guidance on Female Genital Mutilation](#)
- [The Early Years' Framework](#)
- [Relationships Education, Relationships and Sex Education and Health Education](#)
- [Filtering and Monitoring Standards for schools and colleges](#)
- [Cyber security standards for schools and colleges](#)
- [Supporting pupils at school with medical conditions](#)
- [The Childcare Regulations 2018](#)
- [Data Protection In Schools](#)
- [Alternative Provision](#)
- [Mobile phones in Schools](#)

Non-statutory Guidance

- [What To Do If You're Worried A Child Is Being Abused](#)
- [The Prevent duty: an introduction for those with safeguarding responsibilities](#)
- [Information-sharing: advice for safeguarding practitioners](#)
- [Children Missing Education](#)
- [Teaching Online Safety In School](#)
- [Safer Working Practice Guidance For Adults Working With Children and Young People](#)
- [Behaviour and Discipline in Schools](#)
- [Mental health and Behaviour In Schools](#)
- [Searching, screening and confiscation](#)
- [Generative AI: product safety explanations](#)
- [Protected security and preparedness for education settings](#)
- [Site security guidance](#)
- [Out of school settings: safeguarding guidance for providers](#)
- [National standards for non-school alternative provision](#)

In addition, the school takes into account:-

- Regional guidance
- the procedures and practice of the local authority

Linked policies

The safeguarding policy and procedures should be read in conjunction with the following school/Trust policies:-

- Staff code of conduct
- Attendance policy
- Behaviour policy
- Anti-bullying policy
- Online Safety policy
- Safer recruitment policy
- RSHE policy
- Intimate care policy
- Critical Incident Policy
- Health and safety policy

Appendix 2 – Definitions of Abuse (taken from Keeping Children Safe In Education)

Abuse

A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse, including where they see, hear or experience its effects. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children. Children may also cause harm to other family members, often referred to as child to parent or care giver abuse.

Physical Abuse

A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child.

Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Neglect

The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- protect a child from physical and emotional harm or danger;
- ensure adequate supervision (including the use of inadequate care-givers);
- ensure access to appropriate medical care or treatment;
- provide suitable education

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Emotional Abuse

The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include verbal abuse, such as persistent criticism, belittling or name-calling. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Sexual Abuse

Sexual abuse involves forcing, causing or inciting a child to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, such as acts of penetration, whether that is with part of a person's body or an object (e.g. rape or assault by penetration), and non-penetrative acts such as masturbation, kissing, rubbing, and touching over clothing. Sexual abuse may also include noncontact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online as well as offline, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. Children can be sexually abused within the family, an institution or a community setting, and are more likely to know their abuser than not. The sexual abuse of children by other children is a specific safeguarding issue in education and all staff should be aware of it and of their school or college's policy and procedures for

dealing with it. There are specific offences for children under 13, who can never provide valid consent to sexual activity and there are specific offences which make clear that sexual activity with a child under 16 is an offence, regardless of whether they agreed to that activity.

Appendix 3

Safeguarding and Child Protection

Concern / Incident Form

CONFIDENTIAL

Date:		Name and role of person completing form	
Time:		Date and time read by DSL / Deputy DSL	
Name of pupil:		DOB:	
Location (if applicable)			
<u>What have I seen/heard/noticed which concerns me?</u>			

What am I worried about?

Is this concern linked to any previous concerns I have reported?

Action I have taken

Is Early Help support appropriate? Yes / No

Reason for decision

Is a referral to children's social care required? Yes/No

Does the school have evidence that the threshold for significant harm has been met? (child protection) Yes/No

Reason for decision

**Tick to confirm added to pupil's chronology
and copy placed on file**

Appendix 4

Prompt sheet

Safeguarding and Child Protection

Prompt sheet

This form is intended to be used, alongside the concern/incident form, to support staff with the recording of safeguarding and child protection concerns/incidents.

Have you remembered to include:-

1. **what is it that you have seen/heard/noticed which concerns you?** Remember if you have noticed a mark on the pupil, it is really important to complete an attached body map, giving an indication of the shape, size and location of the mark.

Has the child communicated that something is wrong? Verbally? Change in behaviour?

2. **clear and factual information about what you have seen/heard/noticed?** If you have included your opinion in your report, have you made it clear that this is your opinion?

3. **full names of those involved and where possible, reference to staff roles?**
4. **why what you have seen/heard/noticed concerns you?** What are worried will happen if this concern/incident is not responded to?
5. **any actions you have already taken?**
6. **whether you have spoken to parents/carers about the concern/incident?**
Remember, you may need to seek advice from a member of the safeguarding team if you are unsure about whether speaking to the parent may increase the risk to the pupil. If the parent is the alleged perpetrator you must always seek advice from the safeguarding team before speaking to the parent/carer.

Appendix 5 -
Low Level Concerns / Allegations Record
Adult working or volunteering with children/young people
CONFIDENTIAL

Name of adult at centre of concern/allegation		Role	
Name of person completing form		Role	
Date of concern/allegation		Date record made	
Name of child /children involved if applicable:			
Has concern/allegation arisen during the adult's time on school site or outside of school?			
<u>Details of the concern/ allegation</u>			

Is the adult aware of the concern/allegation?
Action taken by person(s) completing the form:
Who has the concern/allegation been shared with? DSL / Head teacher/Chair of Governors
To be completed by the Head teacher/ Chair of Governors / CEO
Does the information provided suggest that the adult has:- • behaved in a way that has harmed a child, or may have harmed a child; • possibly committed a criminal offence against or relating to a child; • behaved towards a child or children in a way that indicates that he/she may pose a risk of harm to children

behaved or may have behaved in a way that indicates they may not be suitable to work with children.
has the LADO/DOFA been contacted? Yes/No If yes has a local authority referral form been completed and submitted? has advice been taken from any other professionals? Yes / No <i>Include details of professionals spoken to</i>
Details of decisions and actions taken <i>Include here details of</i> <i>strategy discussion</i> <i>allegations management meeting</i> <i>no involvement by LADO/DOFA – low level concern to be dealt with internally</i> <i>disciplinary procedures</i> <i>no further action</i> <i>as applicable</i>
Include here any safeguards which have been put in place in response to the report <i>Include here details of</i> <i>additional adult supervision implemented</i> <i>risk assessment required</i> <i>additional staff training required</i> <i>duties away from children</i> <i>suspension during investigation</i>
If a child or children has been involved, have parents/carers been informed? Yes / No

If Yes, what action would they like to see?
Outcome If it is agreed that the LADO/DOFA needs to conduct an investigation, has the school been informed of the final outcome at the end of the process? Substantiated/ Malicious/ False/ Unsubstantiated/ Unfounded

Appendix 6

Safeguarding Reading List – Sept 2026

'Keeping Children Safe In Education' requires staff to read the following documents:-

Document title	Completed on
1. The school's safeguarding and child protection policy and procedures	
2. Part 1 of Keeping Children Safe In Education	
3. Annex A Keeping Children Safe In Education	
4. Annex B Keeping Children Safe In Education – the role of the Designated Safeguarding Lead and deputy/deputies I am clear who the DSL and deputy/deputies are in my school	
5. Staff code of conduct/staff behaviour policy (<i>This may be a document called 'Safer Working Practice' guidance.</i>)	
6. Acceptable use policy (for use of technology and devices)	

7. The safeguarding response for children missing in education (from the school's attendance policy)	
8. The school's pupil/student behaviour policy and procedures	

Additional roles and required reading

Head teachers, Principals and DSLs	• Working Together To Safeguard Children • KCSIE – whole document
Staff with a lead for behaviour	• Part 1 and Part 5 of KCSIE • Annex B (in addition to annexes listed on page 1)
Staff involved in recruitment	• Part 1 KCSIE • Part 3
HR staff	• Part 1 KCSIE • Part 3 • Part 4
Staff who have responsibility for IT and online safety	• Part 1 KCSIE • Part 2
Staff who work in Early Years Foundation Stage	• ‘What To Do If You’re Worried A Child Is Being Abused’ • EYFS Framework

Appendix 7

Identifying support for pupils during partial school closure/lockdowns

The school's safeguarding team and senior leaders review all pupils on the school's safeguarding and child protection overview.

A risk assessment is completed to identify a graduated offer of support for these pupils and any additional pupils whose welfare and safety may be at risk as a result of the partial closure of school, but who may previously not have been on the school's safeguarding overview.

Arrangements to support vulnerable pupils

Vulnerable children include children who are supported by social care, those with safeguarding and welfare needs, including child in need plans, on child protection plans, 'looked after' children, young carers, disabled children and those with education, health and care (EHC) plans, although many pupils/students on EHCPs can remain safely at home.

Arrangements will be made for these pupils to continue attending school. **We also have the flexibility to offer a place in school for any pupil who we believe to be on the edge of receiving children's social care support.**

Support for these pupils includes:-

- Doorstep safe and well checks.

- Lead Professional, Social Worker and/or Virtual Headteacher made aware of non-attendance and additional support agreed where required.
- Daily telephone contact with the pupil and/or family.
- A clear system for pupils to alert the safeguarding team if they feel unsafe or require support, including access to a trusted adult via telephone, email or agreed online platforms. Any virtual contact will be conducted in line with the school's online safety and staff code of conduct requirements, with appropriate records maintained and professional boundaries observed to safeguard both pupils and staff.
- Links to support services and safeguarding information made available on the school website.
- Safety plans agreed with parents/carers to support pupils while at home.
- Regular welfare check-ins from pastoral staff, the Family Support Advisor (Joanna Chinn) or other designated members of staff.
- Access to emotional wellbeing support through ELSA, pastoral interventions or other appropriate school-based support.
- Attendance monitored closely, with concerns escalated promptly to relevant professionals and agencies where necessary.
- Signposting and referrals to Early Help, Children's Social Care, CAMHS and other specialist services where additional support is required.
- Provision of learning support and regular communication with families to maintain engagement with education and reduce the risk of isolation.
- Risk assessments completed and reviewed regularly for vulnerable pupils to ensure appropriate safeguards remain in place.

Arrangements to support pupils we are concerned about but who do not meet the 'vulnerable' definition

In addition to those pupils identified as vulnerable, we are aware of the following groups who may be at increased risk during this time.

Pupils who are living in households where there is domestic abuse

Support includes:-

- Daily telephone contact

- Links to support available on school website, including contact numbers for [National Domestic Abuse Helpline](#)
- Ensuring victims are aware of the Government advice that they are able to leave their house to seek refuge if their safety is at risk
- Regular review to monitor whether risk is increasing by pupil remaining at home and provision of school place if required

Pupils who have mental health issues, including anxiety and depression

Support includes:-

- Teacher/tutor contact with pupils to check on well-being via school email systems or virtual learning environments. Staff aware of safeguarding procedures to follow if they have concerns about a pupil welfare
- Support from the school's pastoral team e.g. ELSA and targeted nurture interventions
- Links to support available on school website, including [Young Minds](#) and [Childline](#)
- Regular review to monitor whether risk is increasing by pupil remaining at home and provision of school place if required

Pupils who are at risk of child on child abuse, including cyber-bullying

Support includes:-

- Teacher contact with pupils to check on well-being via school email systems or virtual learning environments. Staff aware of safeguarding procedures to follow if they have concerns about a pupil welfare
- System in place for pupils to alert safeguarding team if at risk
- Safety plan written with parents/carers to support pupils during time at home
- Links to support available on school website, including resources for parents to access to keep their children safe online eg [Kidscape](#)

- Regular review to monitor whether risk is increasing by pupil remaining at home and provision of school place if required

Pupils who are at risk of being left at home unsupervised

- Clear communication with parents/carers about the importance of keeping their children safe whilst they are at home, including appropriate supervision, both in the 'real world' and online
- System in place for pupils to alert safeguarding team if at risk
- Regular review to monitor whether risk is increasing by pupil remaining at home and provision of school place if required

Appendix 8 - Individual Pupil/Student Risk Assessment

Pupil/Student	
Date of birth	
Class/Year group	
Date risk assessment written	
Date for review	
Who has been involved in the writing of the assessment? (including child/parents/carers)	
Professionals who need to be aware of the assessment (including school staff and multi agency professionals)	
Consent given by parents/carers	Signature Date

Provide a brief overview below of events leading up to a risk assessment being considered	
What category/categories of harm does this involve?	Physical/Emotional/Sexual/Neglect
What behaviours are displayed? What are the outward signs?	
Does the risk of harm include:-	Risk to the child themselves Risk to peers Risk to staff
Possible triggers?	
Are there are times of the day when the risk is increased?	<i>Include detail here</i>
What additional support /supervision is in place to mitigate at these	<i>Include details about which staff are involved in supervision</i>

times?	
Are there are areas of the school/grounds where risk is increased?	<i>Include detail here</i>
What additional support /supervision is in place to mitigate in these areas?	
How will risk be managed off site? Eg school trips, alternative provision	
Has the child been spoken to about their behaviours?	
What sensory / physical difficulties, medical issues (including medication), communication difficulties, need to be taken into account? Are there any issues such as previous abuse, family dynamics, psychological problems that may impact upon the child's level of impulsiveness, perception of danger, emotional response, etc?	
What are the factors that contribute to the level of risk? For example, environmental cues, frustration, confusion, peer dynamics, level of demand. Please indicate factors	

that pose a risk in both the short and long term.	
Any additional information	

How will this assessment be monitored?	
Has the Brook tool been referred to as part of this assessment?	Yes / No
Who has responsibility for monitoring?
