

## HISTORY

In History, we will explore the fascinating world of Ancient Greece. We will learn about the different city-states, including Athens and Sparta, discover the origins of democracy and the Olympic Games, and examine the lasting legacy of Ancient Greek civilisation on modern society.

# Year 6 – Term 6

*This term, our learning will be centred around Ancient Greece, exploring one of the most influential civilisations in history. We will investigate how the Ancient Greeks lived, the achievements they are remembered for, and the ways their ideas continue to shape our world today.*

## MATHS

In Maths, we will focus on applying our learning to real-world contexts.

We will explore financial mathematics, including budgeting and problem-solving involving money, while also taking part in longer practical investigations that encourage reasoning, resilience and deeper mathematical thinking.

## ART

In Art, we will study the distinctive designs and storytelling techniques found on Ancient Greek pottery. Using our research as inspiration, we will design and create our own Greek pots, applying artistic techniques and decorative patterns to produce unique pieces of artwork.

## ENGLISH

In English, our initial focus will be on improving and refining our writing skills. Through a range of engaging activities, we will develop our vocabulary, sentence structure, editing skills and overall writing stamina. Later in the term, we will immerse ourselves in the world of Greek myths, exploring legendary heroes, fearsome monsters and exciting adventures to inspire our own writing.

## SCIENCE

Our Science topic this term is **Light**. We will investigate how light travels, how shadows are formed, and how reflection helps us to see the world around us. Through practical investigations and experiments, we will develop our scientific enquiry skills and deepen our understanding of this important area of physics.

## MUSIC

Music lessons will contribute to our school production as we focus on developing our performance and production skills. Through singing, rehearsing and performing together, we will build confidence, teamwork and musicality while preparing for an exciting showcase.

## PE

In PE, we will make the most of the summer weather by developing our skills in rounders, focusing on teamwork, tactics and game play. Alongside this, we will take part in dance lessons linked to our production, creating and rehearsing performances that develop coordination, expression and confidence on stage.
