## WEEKLY INSTRUCTIONS

WEEK 17

Monday

Welcome to start of a new week! This week, we are going to be doing some activities all about the zoo! Hove you ever been to the zoo? What animal would you like to see most at the zoo?

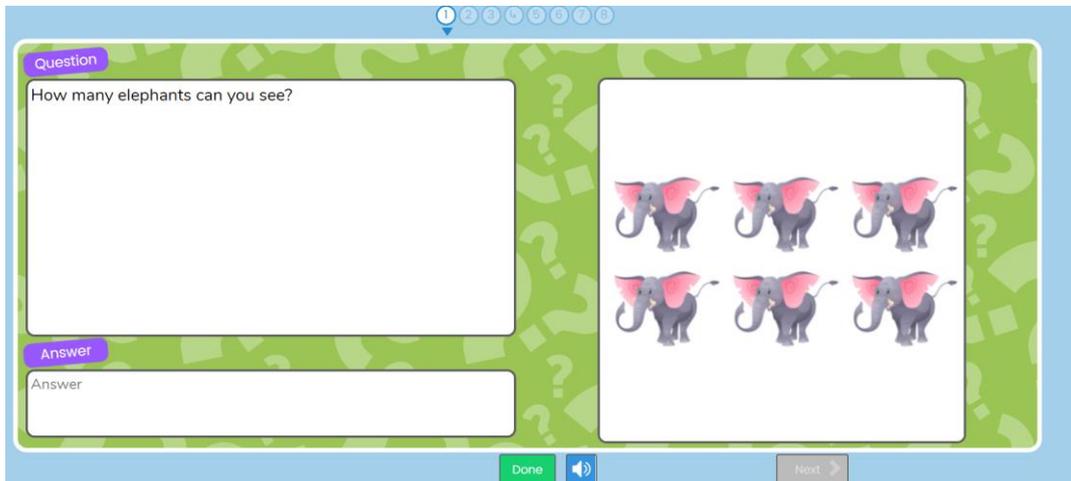

What did you see at the zoo?

After that, have a go at the jigsaw of a zoo map. What can you see on the map? Where would you visit first?
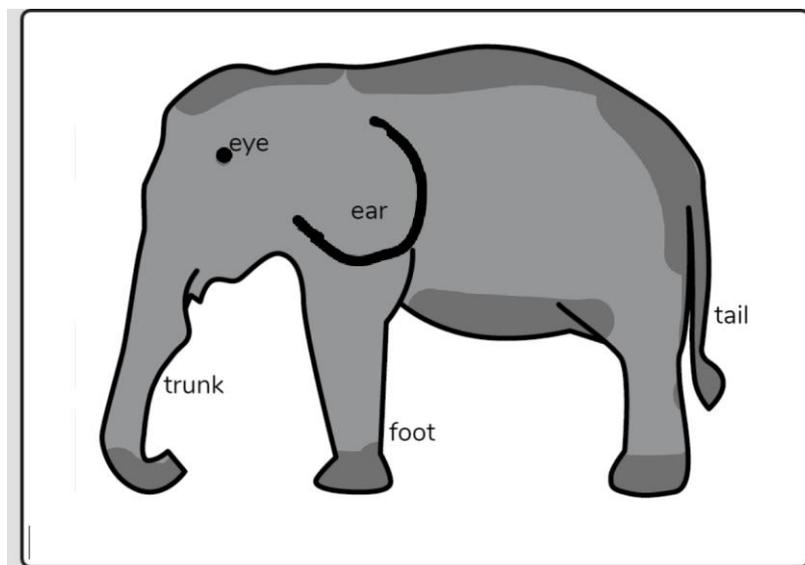

Well done, make sure you eat a nice healthy snack today!

Tuesday

Today, you are going to begin with a maths quiz. Count how many animals you can see on each question and type the number in the box.

After that, have a go at painting the elephant picture. Have a go at labelling the different parts of the elephant if you can.

Great work today!

Wednesday

Today we are going to begin by thinking about what it would be like to be a zookeeper. A zookeeper is someone who works at the zoo and looks after all the animals. Which animal would you like to look after? Put your face in the Mashcam and draw, write or record your thoughts.

After that, there is a dragging picture where you can make your own zoo picture. Remember you can change the size and direction of the animals by using the arrows on your keyboard.

Remember to keep active and do some exercise today!

Thursday

Today we are going to begin with a missing sound activity. Sound out the words and drag in the missing initial sound.

For the second activity today, you have a paint project picture to colour in a big cat. What sort of big cat are you going to paint? Will you make a lion with a thick mane or will you make a spotty leopard?
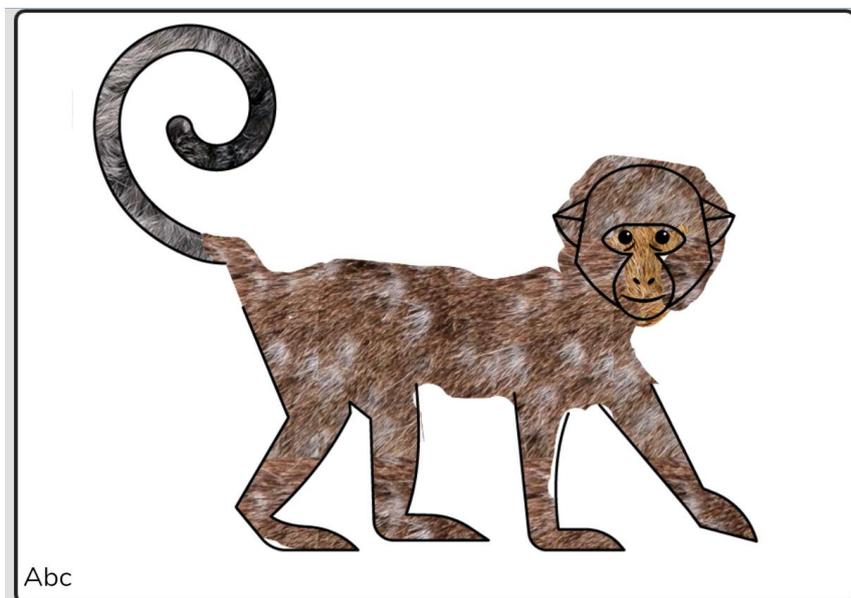

This is a lion.

Great work today!

Friday

Today you are going to start with a pairs game. Find the matching zoo animal pairs.

When you have finished that, there is a final paint project to do of a monkey. Use the textured pens to fill in the gaps to make your picture.

Great work this week. Have a wonderful weekend!
