Curriculum intent:

At Shawclough, we want children to establish an appreciation and love of reading at all stages of their learning journey. We are committed to sharing high quality and vocabulary rich texts across the curriculum so that children may develop knowledge of themselves and the world in which they live. We encourage our pupils to discover new information and develop their comprehension skills by reading widely using both fiction and non-fiction texts which (where possible) are linked to their topics across the curriculum. We are lucky to have a wide range of books in school and class teachers select books to read aloud based on personal choices or suggestions from pupils. By the time our pupils leave Shawclough, we envisage that they will be competent readers who can recommend books to their peers, seek out books from a range of different genres including poetry and engage in discussion about authorial choices or impact on the reader. Once our pupils have unlocked the key to reading here with us at Shawclough, it is our intention that they will be able to apply their reading skills in order to access any subject in their secondary education and beyond.

Fluency	At this stage, teaching comprehension skills should be taking precedence over teaching word reading and fluency specifically. Any focus on word reading should support the development of vocabulary.
