

Class Ocean – Year 5 Ocean

Key Information Autumn 2024

- **Homework** will be given every Friday. This will include spellings/writing homework, maths homework linked to the work that we have covered during the week or Times Table practice. There may also be occasional reading or topic homework.

Children should also be accessing their reading books daily and using TT Rockstars to support their times tables.

- **PE** – children will need to have their PE kits in school on Tuesday and Friday each week. Children need suitable footwear, shorts and a white tee-shirt for PE. They may also want to have jogging bottoms and jumper for when it becomes colder as we will try to be outside if it is dry (Please see uniform policy for details).

- **Water bottles** – children should bring their water bottles into school and should be taken home daily to be cleaned.

Children will have access to their water bottle and will have opportunity to drink at appropriate times during the school day.

- **Achievement assembly** – we will be having our achievement assemblies this year on a Friday each week.

- **Parent's evening** – planned for Wednesday the 9th and the 16th of October.

- Year 5 is a very busy year and there will be lots of things happening. Important information will be shared with you either through the school's newsletter or through Parent Pay.

- **Sporting Events** - there are many Sporting activities taking place and I encourage as many children to sign up for these events as many of them are aimed at KS2 children. They will also be shared via Parent Pay.

If you have any concerns or issues, please contact the office or come and speak to me at the end of the school day.

Mr. Pritchard.
