

School Council Meeting

All of our Councillors have shared ideas with Mrs Knowles and the Members of the Pupil Parliament regarding recycling, waste and use of plastics:

Recycling

Paper and cardboard - we already have red recycling bins and green collection points. We have scrap paper drawers.

We need to:

Label bins

Lead an assembly next half-term – remind children about scrap paper and bins and using both sides of paper/pages in books, use of hand towels

Councillors to make posters for around school

Can we use scrap paper for arts and crafts clubs? We could use scrap paper to make a picture/poster or origami

Remind children to use bins properly for hand towels – office to make signs please

Think about a recycled materials weaving

Litter pickers can be timetabled weekly

Mrs Knowles to ask charities to lead an assembly
