Features and Benefits

Safe Search can help you block inappropriate or explicit images from your Google Search results. The Safe Search filter isn't 100% accurate, but it helps you avoid most violent and adult content.

What specific content can I restrict?

Inappropriate content

What do I need?

A Google Account (Email address and password)

Google Safe Search guide

Go to Search Settings.

Google Safe Search guide

Under “SafeSearch filters,” check or uncheck the box next to “Turn on SafeSearch.”

Help

SafeSearch Filters

Turning on SafeSearch helps hide explicit content, like pornography. SafeSearch preferences may be set by your device or network administrator. If you can't turn it off, check with the administrator of your network or device.
