As a result of the survey:

- The school has focussed heavily on improving the behaviour in classrooms by developing further the class DOJO reward system at SLS and the points system at TBL. In addition the recording of low level behaviours has become more robust and the use of pastoral interventions has increased to address the minority of students that present the greatest challenges.
- The school has always taken bullying seriously and is ensuring that any bullying identified is quickly dealt with by supporting both the victim and the perpetrator(s).
- The school has raised the profile of the representative student groups in the school. Notes of meetings and any actions as a result of student council/ change maker and residential group decisions are recorded.
