

KINDNESS
RESPECT
INTEGRITY

Autumn Term in Year 4

Writing

We are writing:

Two narratives (Aut 1)

A diary and a speech (Aut 2)

We will recap prepositions,

conjunctions and
descriptive language.

We will learn:

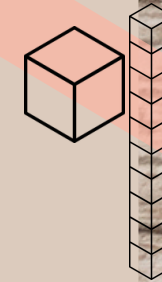

How to write sentences with
fronted adverbials

How to properly punctuate
speech. How to change
paragraphs when time has moved
on.

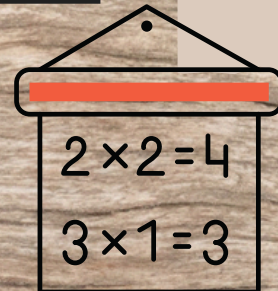

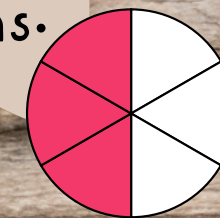

Maths

Once we have recapped addition and subtraction, we expand our place value knowledge to be able to read, write and manipulate numbers up to ten thousand.

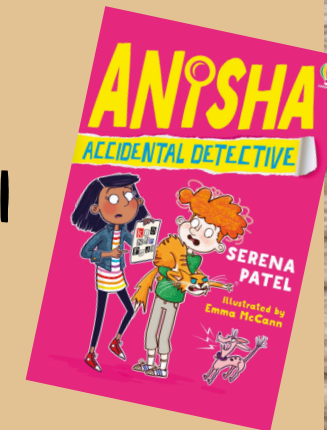

We then explore the concept of multiplicative relationships followed by recapping fractions.

Reading

Through reading Anisha: Accidental Detective, we will develop our **accuracy, automaticity and prosody.**

We practice retrieving from the text and making inferences.

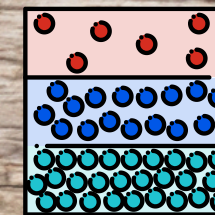

Science

We are...

Learning about
magnets and states of
matter.

We will be learning to
work scientifically by
predicting, measuring,
recording and
concluding.

We will also learn to
plan and set up
scientific enquiries

PSHE

UNIQUE

RESPECT

RESPECT

We think about what makes us unique and how we can show others respect.

We will learn what anger feels like, what it is caused by and how to regulate it.

Geography

Geographers learning about the settlement of Liverpool, how it has changed overtime and comparing it with Southampton.

Settlement

Music

Musicians learning about music from all around the world.

DT

Design engineers creating replica catapults using mechanisms.

Art

Artists developing our drawing skills based on the works of Paul Cezanne.

History

Historians exploring the impact of invasion and conflict during the Anglo-Saxon and Viking times.

invasion and conflict

PE and Games

We play hockey and create gymnastics routines (Aut 1)

We play rugby and choreograph dances (Aut 2)

RE

Enquirers learning about wisdom in Sikhism and angels in Christianity.

Computing

Computer scientists learning about passwords and security and developing our coding skills.
