<b>Educational Programme</b>	The development of children's spoken language underpins all seven areas of learning and development. Children's back-and-forth interactions from an early age form the foundations for language and cognitive development. The number and quality of the conversations they have with adults and peers throughout the day in a language-rich environment is crucial. By commenting on what children are interested in or doing, and echoing back what they say with new vocabulary added, practitioners will build children's language effectively. Reading frequently to children, and engaging them actively in stories, non-fiction, rhymes and poems, and then providing them with extensive opportunities to use and embed new words in a range of contexts, will give children the opportunity to thrive. Through conversation, story-telling and role play, where children share their ideas with support and modelling from their teacher, and sensitive questioning that invites them to elaborate, children become comfortable using a rich range of vocabulary and language structures.

<b>Early Learning Goals</b>	<p><b>Listening, Attention and Understanding ELG 1</b> Children at the expected level of development will:</p> <ul style="list-style-type: none"> <li>- Listen attentively and respond to what they hear with relevant questions, comments and actions when being read to and during whole class discussions and small group interactions;</li> <li>- Make comments about what they have heard and ask questions to clarify their understanding;</li> <li>- Hold conversation when engaged in back-and-forth exchanges with their teacher and peers.</li> </ul> <p><b>Speaking ELG 2</b> Children at the expected level of development will:</p> <ul style="list-style-type: none"> <li>- Participate in small group, class and one-to-one discussions, offering their own ideas, using recently introduced vocabulary;</li> <li>- Offer explanations for why things might happen, making use of recently introduced vocabulary from stories, non-fiction, rhymes and poems when appropriate;</li> <li>- Express their ideas and feelings about their experiences using full sentences, including use of past, present and future tenses and making use of conjunctions, with modelling and support from their teacher.</li> </ul>					

<b>Educational Programme</b>	<p>Children's personal, social and emotional development (PSED) is crucial for children to lead healthy and happy lives, and is fundamental to their cognitive development. Underpinning their personal development are the important attachments that shape their social world. Strong, warm and supportive relationships with adults enable children to learn how to understand their own feelings and those of others. Children should be supported to manage emotions, develop a positive sense of self, set themselves simple goals, have confidence in their own abilities, to persist and wait for what they want and direct attention as necessary. Through adult modelling and guidance, they will learn how to look after their bodies, including healthy eating, and manage personal needs independently. Through supported interaction with other children, they learn how to make good friendships, co-operate and resolve conflicts peaceably. These attributes will provide a secure platform from which children can achieve at school and in later life.</p>					
<b>Personal, Social and Emotional</b>	<p>I know I am a valuable individual.</p> <p><b>I can manage my own needs</b> e.g. ask to go to the toilet, ask for a drink, ask an adult when I need help, put away my book bag and coat</p> <p><b>I can play alongside others</b></p> <p><b>I can build constructive and respectful relationships</b></p> <p>I know how to express my feelings and can consider the feelings of others.</p> <p>Body safety - I know that my private parts belong only to me and if someone asks to see them I tell them no. -I know who to talk to if I feel unsafe.</p>	<p>I know I am a valuable individual.</p> <p><b>I can manage my own needs</b></p> <p>I can build constructive and respectful relationships.</p> <p>I can identify and moderate my own feelings socially and emotionally- <b>I can begin to say when I am feeling happy, sad, tired, angry, calm</b></p> <p>I can express their feelings and consider the feelings of others. <b>Early Learning Goals</b>	<p><b>Self-Regulation ELG 3</b> Children at the expected level of development will:</p> <ul style="list-style-type: none"> <li>- Show an understanding of their own feelings and those of others, and begin to regulate their behaviour accordingly;</li> <li>- Set and work towards simple goals, being able to wait for what they want and control their immediate impulses when appropriate;</li> <li>- Give focused attention to what the teacher says, responding appropriately even when engaged in activity, and show an ability to follow instructions involving several ideas or actions.</li> </ul> <p><b>Managing Self ELG 4</b> Children at the expected level of development will:</p> <ul style="list-style-type: none"> <li>- Be confident to try new activities and show independence, resilience and perseverance in the face of challenge;</li> <li>- Explain the reasons for rules, know right from wrong and try to behave accordingly;</li> <li>- Manage their own basic hygiene and personal needs, including dressing, going to the toilet and understanding the importance of healthy food choices.</li> </ul> <p><b>Building Relationships ELG 5</b> Children at the expected level of development will:</p> <ul style="list-style-type: none"> <li>- Work and play cooperatively and take turns with others;</li> <li>- Form positive attachments to adults and friendships with peers;</li> <li>- Show sensitivity to their own and to others' needs.</li> </ul>					

<b>Educational Programme</b>	Physical activity is vital in children's all-round development, enabling them to pursue happy, healthy and active lives <sup>7</sup> . Gross and fine motor experiences develop incrementally throughout early childhood, starting with sensory explorations and the development of a child's strength, co-ordination and positional awareness through tummy time, crawling and play movement with both objects and adults. By creating games and providing opportunities for play both indoors and outdoors, adults can support children to develop their core strength, stability, balance, spatial awareness, co-ordination and agility. Gross motor skills provide the foundation for developing healthy bodies and social and emotional well-being. Fine motor control and precision helps with hand-eye co-ordination, which is later linked to early literacy. Repeated and varied opportunities to explore and play with small world activities, puzzles, arts and crafts and the practice of using small tools, with feedback and support from adults, allow children to develop proficiency, control and confidence					
<b>Physical Development</b>  <b>Including PE, Gross &amp; Fine Motor Skills</b>	<p><b>I know the skills I need to manage the school day successfully:</b></p> <ul style="list-style-type: none"> <li>• lining up and queuing</li> <li>• mealtimes</li> <li>• personal hygiene</li> </ul> <p><b>I can use my core muscle strength to achieve good posture when sitting at a table or sitting on the floor.</b></p> <p>Develop their small motor skills so that they can use a range of tools competently, safely and confidently. <b>Early Learning Goals</b>	<b>Gross Motor Skills ELG 6</b> Children at the expected level of development will: - Negotiate space and obstacles safely, with consideration for themselves and others; - Demonstrate strength, balance and coordination when playing; - Move energetically, such as running, jumping, dancing, hopping, skipping and climbing.  <b>Fine Motor Skills ELG 7</b> Children at the expected level of development will: - Hold a pencil effectively in preparation for fluent writing – using the tripod grip in almost all cases; - Use a range of small tools, including scissors, paint brushes and cutlery; - Begin to show accuracy and care when drawing.					
<b>Educational Programme</b>	It is crucial for children to develop a life-long love of reading. Reading consists of two dimensions: language comprehension and word reading. Language comprehension (necessary for both reading and writing) starts from birth. It only develops when adults talk with children about the world around them and the books (stories and non-fiction) they read with them, and enjoy rhymes, poems and songs together. Skilled word reading, taught later, involves both the speedy working out of the pronunciation of unfamiliar printed words (decoding) and the speedy recognition of familiar printed words. Writing involves transcription (spelling and handwriting) and composition (articulating ideas and structuring them in speech, before writing).

## Literacy

Phase 1 – Aspect 1-7 – Continuous Provision for children who are not blending.

LWL&S Phonics Progression

LWL&S Reading Programme

### Word Reading

	Phase 2 graphemes
Week 1	s a t p
Week 2	i n m d
Week 3	g o c k
Week 4	ck e u r
Week 5	h b f l

	New tricky words
Week 1	
Week 2	
Week 3	is
Week 4	I
Week 5	the

I know individual letters by saying the sounds for them.

I can blend short words.

I can read a few common exception words.

I recognise my name

### Writing

I am giving meaning to marks  
Encouraging children to hold a pencil correctly and say what their marks mean.

- Use some print and letter knowledge in early writing e.g. starting at the top of the pages/initial sounds

### Word Reading

	Phase 2 graphemes
Week 1	ff ll ss j
Week 2	v w x y
Week 3	z zz qu words with s /s/ added at the end (hats sits) ch
Week 4	sh th ng nk
Week 5	• words with s /s/ added at the end (hats sits) • words ending s /z/ (this) and with s /z/ added at the end (bas)

	New tricky words
Week 1	put* pull* full* as
Week 2	and has his her
Week 3	go no to into
Week 4	she push* he of
Week 5	we me be

I can read some letter groups that each represent one sound and say sounds for them.

I can read a few common exception words.

I know how to blend with taught graphemes

I can read simple phrases and sentences made up of words with known letter–sound correspondences and, where necessary, a few exception words.

### Writing - I can:

- I can write a label or list
- I can write a simple caption
- Segment and record words with taught graphemes.

### Word Reading

	Phase 3 graphemes
Week 1	ai ee igh oa
Week 2	oo oo ar or
Week 3	ur ow oi ear
Week 4	air er words with double letters: dd mm tt bb rr gg pp ff

<b>Educational Programme</b>	<p>Developing a strong grounding in number is essential so that all children develop the necessary building blocks to excel mathematically. Children should be able to count confidently, develop a deep understanding of the numbers to 10, the relationships between them and the patterns within those numbers. By providing frequent and varied opportunities to build and apply this understanding - such as using manipulatives, including small pebbles and tens frames for organising counting - children will develop a secure base of knowledge and vocabulary from which mastery of mathematics is built. In addition, it is important that the curriculum includes rich opportunities for children to develop their spatial reasoning skills across all areas of mathematics including shape, space and measures. It is important that children develop positive attitudes and interests in mathematics, look for patterns and relationships, spot connections, 'have a go', talk to adults and peers about what they notice and not be afraid to make mistakes.</p>		
<b>Maths</b>  <b>NCETM Mastering Number</b>	<p>Pupils will:</p> <ul style="list-style-type: none"> <li>• identify when a set can be subitised and when counting is needed</li> <li>• subitise different arrangements, both unstructured and structured, including using the Hungarian number frame</li> <li>• make different arrangements of numbers within 5 and talk about what they can see, to develop their conceptual subitising skills</li> <li>• spot smaller numbers 'hiding' inside larger numbers</li> <li>• connect quantities and numbers to finger patterns and explore different ways of representing numbers on their fingers</li> <li>• hear and join in with the counting sequence, and connect this to the 'staircase' pattern of the counting numbers, seeing that each number is made of one more than the previous number</li> <li>• develop counting skills and knowledge, including: that the last number in the count tells us 'how many' (cardinality); to be accurate in counting, each thing must be counted once and once only and in any order; the need for 1:1 correspondence; understanding that anything can be counted, including actions and sounds</li> <li>• compare sets of objects by matching</li> <li>• begin to develop the language of 'whole' when talking about objects which have parts</li> </ul> <p>SSM opportunities: matching, sorting and comparing, height, size, weight, basic 2D shape, night and day, repeating patterns, positional language</p>	<p>Pupils will:</p> <ul style="list-style-type: none"> <li>• continue to develop their subitising skills for numbers within and beyond 5, and increasingly connect quantities to numerals</li> <li>• begin to identify missing parts for numbers within 5</li> <li>• explore the structure of the numbers 6 and 7 as '5 and a bit' and connect this to finger patterns and the Hungarian number frame</li> <li>• focus on equal and unequal groups when comparing numbers</li> <li>• understand that two equal groups can be called a 'double' and connect this to finger patterns</li> <li>• sort odd and even numbers according to their 'shape'</li> <li>• continue to develop their understanding of the counting sequence and link cardinality and ordinality through the 'staircase' pattern</li> <li>• order numbers and play track games</li> <li>• join in with verbal counts beyond 20, hearing the repeated pattern within the counting numbers</li> </ul> <p>SSM opportunities: morning, afternoon and evening, positional language, height, length, weight, capacity, 2D shape, 3D shape, pattern, spatial awareness</p>	<p>Pupils will:</p> <ul style="list-style-type: none"> <li>• continue to develop their counting skills, counting larger sets as well as counting actions and sounds</li> <li>• explore a range of representations of numbers, including the 10-frame, and see how doubles can be arranged in a 10-frame</li> <li>• compare quantities and numbers, including sets of objects which have different attributes</li> <li>• continue to develop a sense of magnitude, e.g. knowing that 8 is quite a lot more than 2, but 4 is only a little bit more than 2</li> <li>• begin to generalise about 'one more than' and 'one less than' numbers within 10</li> <li>• continue to identify when sets can be subitised and when counting is necessary</li> <li>• develop conceptual subitising skills including when using a rekenrek</li> </ul> <p>SSM opportunities: positional language, height, length, weight, capacity, 2D shape, 3D shape, pattern, spatial awareness</p>

<p><b>Educational Programme</b></p>	<p>Understanding the world involves guiding children to make sense of their physical world and their community. The frequency and range of children's personal experiences increases their knowledge and sense of the world around them – from visiting parks, libraries and museums to meeting important members of society such as police officers, nurses and firefighters. In addition, listening to a broad selection of stories, non-fiction, rhymes and poems will foster their understanding of our culturally, socially, technologically and ecologically diverse world. As well as building important knowledge, this extends their familiarity with words that support understanding across domains. Enriching and widening children's vocabulary will support later reading comprehension.</p>

<b>Educational Programme</b>	The development of children's artistic and cultural awareness supports their imagination and creativity. It is important that children have regular opportunities to engage with the arts, enabling them to explore and play with a wide range of media and materials. The quality and variety of what children see, hear and participate in is crucial for developing their understanding, self-expression, vocabulary and ability to communicate through the arts. The frequency, repetition and depth of their experiences are fundamental to their progress in interpreting and appreciating what they hear, respond to and observe.
