## 1. Purpose

This policy covers requests for information under the Freedom of Information Act 2000 (“FOIA”). It also covers enquiries relating to matters under the Environmental Information Regulations 2004 (“EIR”), namely enquiries about air, water, land, natural sites, built environment, flora and fauna, and health, and any decisions and activities affecting any of these.

This policy does not cover enquiries or subject access requests under the Data Protection Act 2018 or the UK General Data Protection Regulation i.e. where the enquirer asks to see what personal information the Hamwic Education Trust (HET or the “Trust”) holds about them. These enquiries will be dealt with under the HET Data Protection Policy which can be found on our website.

## 2. Responsibilities of the Trust

The Trust (HET) understands its responsibilities in relation to FOIA and is committed to applying them. This policy is designed to set out the ways that persons can access their rights to information.

## 3. Publication Scheme

The Trust has adopted the Information Commissioners’ Office model publication scheme. Further details on what the Trust provides access to can be found in Appendix 1.

## 4. Right of Access

Any person can make a freedom of information request for information that the Trust holds. The request must be in writing (which can include email) and state the requestor’s name and correspondence address (including email address). It should clearly describe the information being requested with enough detail to enable us to identify and locate the information.

Where a request is for environmental information which can be released under the EIR, this request can be made verbally. We would request however that any request is made in writing as set out below.

Please help us to provide your information as quickly as possible by sending the request to the Trust in either of these two ways:

1. By email: [info@hamwic.org](mailto:info@hamwic.org)
2. By post:  
Chief Executive Officer  
The Hamwic Education Trust  
Unit E, The Mill Yard  
Nursling Street  
SO16 0AJ

HET will respond within 20 working days (which excludes public holidays) of the date of receipt of the request. Where information is to be provided under the EIR this will also be provided within 20 working days.

Where the original request is not clear and we are required to seek further clarity from you, the time for responding to your request will cease until we receive a further response from you. In the event that we do not receive a further response, or the clarification requested within 2 months of our request for clarification we will assume you no longer wish to pursue your enquiry and close the matter down.

## 5. Exemptions

Requested information may not be provided if one of the following applies:

- HET does not hold the information
- There is a relevant exemption available
- The request is above the cost limit (being £450 or 18 hours of a staff member's time)
- Where additional clarity or a fee has been requested but has not been provided in the time specified or
- The request is considered vexatious or repeated.

The exemptions that may be relevant depend on the request that has been made, but common exemptions include data protection, prejudice to the effective conduct of public affairs and information intended for future publication.

There are other exemptions that may also be relevant, details of which can be found on the ICO website at [Freedom of information and Environmental Information Regulations | ICO](#).

We will inform you if one or more of these apply in any decision notice. Where the cost limit applies, we will explain how to refine the request to bring it within the cost limit and why the costs limit has been exceeded.

## 6. Internal Review

Where a requester is not happy with the response to a freedom of information request that has been made, they will be entitled to ask for an internal review of the decision. The internal review must be requested within two months of the decision notice being sent. The internal review will usually be dealt with by someone more senior than the member of staff that provided the initial response. A requester will in most cases receive the outcome of the internal review within 20 working / school days dependent on whether the review is of a Trust or a school response.

Where a requester wishes to have an internal review of an EIR request, this should be requested in writing within 40 working days of any breach of a requirement under the EIR. Once an internal review request is received, we aim to conclude the review and communicate the outcome of this within 20 working days.

If a requester is still not happy with the response following an internal review, they can complain to the Information Commissioner using the following link: [FOI and EIR complaints | ICO](#)

The Freedom of Information Act 2000 gives the public right of access to information held by public authorities, including multi academy trusts. HET will make information available to the public as part of its normal business activities. The information covered is included in the classes of information mentioned below.

Under this scheme HET is committed to:

- Proactively publish or otherwise make available as a matter of routine, information, including environmental information, which is held by the Trust and falls within the classifications below.
- Proactively publish or otherwise make available as a matter of routine, information in line with the statements contained within this scheme.
- Produce and publish the methods by which the specific information is made routinely available so that it can be easily identified and accessed by members of the public.
- Review and update on a regular basis the information the Trust makes available under this scheme.
- Produce a schedule of any fees charged for access to information which is made proactively available.
- Make this scheme available to the public.
- Publish any dataset held by HET that has been requested, and any updated versions it holds, unless HET is satisfied that it is not appropriate to do so; to publish the dataset, where reasonably practicable, in an electronic form that is capable of re-use; and, if any information in the dataset is a relevant copyright work and the public authority is the only owner, to make the information available for re-use under the terms of the Re-use of Public Sector Information Regulations 2015, if they apply, and otherwise under the terms of the Freedom of Information Act section 19.

The term 'dataset' is defined in section 11(5) of the Freedom of Information Act. The term 'relevant copyright work' is defined in section 19(8) of that Act.
