

Sholing Junior School

Sholing Junior School Year 6 Summer 2 Curriculum Newsletter

Overview

We can't believe that Summer 2 is finally here. The next seven weeks will be spent finishing off our Year 6 curriculum and supporting the children with their transition to secondary school. Thank you for all your continued support.

English

This half term, we have a new book study called Fake by Ele Fountain. This story is set in a digital age where the female protagonist discovers that all is not as it seems as she races against the clock to save her sister. The children will be writing diary entries from this.

Maths

In Maths, we will be looking at statistics, solving money problems and revisiting certain skills such as algebra.

Reading

In class, we will begin by looking at non-fiction D-Day texts. Following on from this, we will learn about The Windrush generation and how people were invited to Britain to work after the war. These texts will be explored using our 5 skills.

Wider Curriculum

In Geography, we will be exploring South America, its topography, population distribution and world trade. During our history lessons, we will be looking at Mayan culture and the impact it has had in modern times.

PE

In PE this half term, we will be learning cricket. Children will be practising their hand-eye coordination when throwing, catching and batting. Please make sure your child has a water bottle, suncream and a hat during these days as it can get very warm!
