

All About PSHE Sholing Junior School

2023 - 2024

INTRODUCTION AND STATUTORY GUIDANCE

This Policy is written in line with the Relationships Education, Relationships and Sex Education (RSE) and Health Education Statutory Guidance September 2020. The policy has been produced in partnership with Hamwic Education Trust.

As a Junior school we are required to teach Relationships Education and Health Education (RHE). Sex education has not been made compulsory in primary schools, though the Department for Education 'continues to recommend that all primary schools should have a sex education programme tailored to the age and the physical and emotional maturity of the pupils.

Parents will be consulted on the policy in the Autumn Term 2023.

The statutory guidance used to inform this policy is listed below

- As a junior academy school we must provide relationships education to all pupils as per section 34 of the <u>Children and Social work act 2017</u>.
- We do not have to follow the National Curriculum but we are expected to offer all pupils a
 curriculum that is of similar breadth and depth to the National Curriculum. This includes the
 requirement to teach the elements of sex education contained in the science curriculum. At
 Sholing we follow the national curriculum for science.
- In teaching Relationships and Health Education, we are required by our funding agreements to have regard to <u>guidance</u> issued by the secretary of state as outlined in section 403 of the <u>Education Act 1996</u>.

DEFINITIONS AND KEY AREAS OF TEACHING

RELATIONSHIP EDUCATION

Relationship Education will focus on teaching the fundamental building blocks and characteristics of positive relationships, with particular reference to friendships, family relationships, and relationships with other children and adults.

All teaching will reflect the Equality Act 2010 ensuring there is no discrimination for any pupil or family with protected characteristics. This does not prevent church schools from teaching about a faith perspective regarding relationships as part of the wider teaching.

Children will be taught in an age-appropriate way about the characteristics and values of healthy relationships, including area such as differences, boundaries, respect, trust and kindness. Teaching will focus on both face-to-face and online relationships recognising the significance of the digital world we now embrace. Teachers will also take all opportunities to discuss positive emotional and mental well-being with children. The characteristics that will be taught are also reflected in the school values of 'Achieving Together'.

Learning will be planned to meet the objectives set out in the Relationships Education, Sex Education (RSE) and Health Education Statutory Guidance 2020 (see appendix 1), under the broad headings of

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe

THE SCIENCE CURRICULUM – BODY CHANGES AND LIFESTYLES

Sex Education beyond the requirements of the science national curriculum is not compulsory in primary schools; however, we recognise the importance of preparing children well for secondary school and later life. At Sholing Junior School, children will be taught about puberty as set out in the expectations of the science National Curriculum. In line with year group expectations, children will learn about external body parts, changes in the human body from birth to old age, and reproduction in some plants and animals. As part of the life cycle objectives, in Years 5 and 6, children will be taught the science of how a baby is conceived and born. In our school, we only teach the body changes and life cycles required by the science national curriculum. As a consequence, parents do not have the right to withdraw children from these scientific lessons. (Parents will have the opportunity to discuss and view the content of the Year 5/6 curriculum before it is taught.)

We recognise that during such lessons, children may have questions as a result of their learning. We are mindful that unanswered questions often lead to misconceptions and will aim to avoid this where possible. When questions arise, they will be dealt with as follows.

- Questions directly linked with the science taught will be answered factually for the class or individual. Children will be given the opportunity to write anonymous questions submitted via a question box.
- Questions of a personal nature directly linked to the teaching may need to be dealt with by talking directly to the child with an additional adult also present. If deemed necessary, teachers will inform parents of the questions asked. Wherever appropriate, questions asked via the question box will be answered in front of all pupils via the question box. This will encourage questions through confidence in relation to anonymity.
- Where a question relates to sex education beyond the scientific teaching, children will be advised to ask their parents or carers.

PHYSICAL HEALTH AND WELLBEING

Health and wellbeing education will focus on the characteristics of good physical health and mental wellbeing. It will include aspects such as the importance of exercise, good nutrition and the normal range of emotions we experience. Pupils will be taught about moderation, including online and the positive two-way relationship between good physical health and good mental wellbeing.

Learning will be planned at an age appropriate level to meet the objectives set out in the Relationships Education, Sex Education (RSE) and Health Education Statutory Guidance 2020 (see appendix 2), under the broad headings of:

- Mental wellbeing
- Internet safety and harms
- Physical health and fitness
- Healthy Eating
- Drugs, alcohol and tobacco
- Health and prevention
- Basic first aid
- Changing adolescent body

RELATIONSHIPS AND HEALTH CURRICULUM DELIVERY

Relationships and Health Education (RHE) is taught through weekly lessons linked to the Personal, Social and Health Education Association programme and links with the whole school assembly programme. An overview of the broad topics covered and the linked Relationship and Health objectives can be found in Appendix 3.

Biological aspects of sex education are taught within the science curriculum in line with the age expectations set out in the National curriculum. A number of aspects of the RHE link closely to science, computing, PE and DT. Where this is the case, messages will be reinforced within these subjects (appendix 4).

The areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

We are mindful that some children with SEND may need additional support to understand the themes and learning within the relationships and health education curriculum. Teachers will draw on their knowledge of the child to ensure learning is differentiated appropriately.

We will keep abreast of local contextual issues and support these through our curriculum where possible.

In Southampton, we are aware of that the locality reports lower happiness than the national picture, 26% of the area are reported to live in poverty, there is a need to improve children's dental hygiene, that there is an increase in the elderly population and an increase in those with diabetes. We are pleased that the teenage pregnancy rate is falling, but are aware it is still high. The locality also now has a 2022 – 2027 Education Strategy plan with the vision that we want all children and young people in Southampton to get a good start in life, live safely, be healthy and happy and go on to have successful opportunities in adulthood. In addition, a rise in domestic abuse and violence against women and girls has led the city council to produce a targeted 2023-2027 plan.

ROLES AND RESPONSIBILITIES

THE GOVERNING BODY

The governing body will consult parents, suggest amendments to the headteacher and approve the RHE policy. They will hold the headteacher to account for its implementation.

THE HEADTEACHER

The headteacher is responsible for ensuring that RHE is taught consistently across the school, and for managing requests to withdraw pupils from any non-scientific components of sex education (in line with the science national curriculum).

The Headteacher will determine whether any aspects of the curriculum will be delivered by professionals outside of the school (e.g., the school nurse may deliver information about menstruation).

STAFF

Teaching staff are responsible for:

- Delivering Relationships and Health Education in a sensitive way and in accordance to their year group expectations;
- Modelling positive attitudes to Relationships and Health Education;
- Monitoring progress.
- Responding to the needs of individual pupils
- Responding appropriately to pupils whose parents wish them to be withdrawn from nonstatutory components of RSE and Health Education

Staff do not have the right to opt out of teaching RHE. Staff who have concerns about teaching RHE are encouraged to discuss this with the headteacher.

The leader for RHE at Sholing Junior School is Richard Hutchinson

PUPILS

Pupils are expected to engage fully in RHE and, when discussing issues related to RHE, treat others with respect and sensitivity.

TRAINING

Staff are trained on the delivery of RHE and biologic aspects of the science curriculum as part of their induction and it is included in our continuing professional development calendar. Staff have access to the RHE Policy and revisit this when changes occur.

The headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RHE.

MONITORING OF RHE

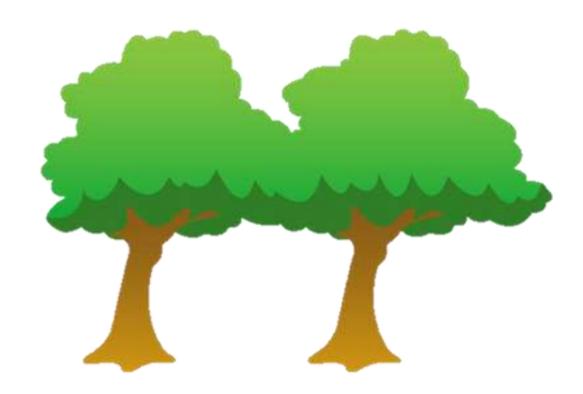

The delivery of RHE is monitored by Senior Leaders and the RHE leader through:

- Planning scrutiny
- Lesson observation
- Analysis of pupils work and discussions with pupils
- Monitoring of SEN plans and IEPs where appropriate
- Sampling of pupils' end of year reports

Pupils' development in RHE is monitored by class teachers as part of our internal assessment systems.

This policy will be review annually and will require approval by the governing body.

APPENDIX 1 Expectations of Relationships Education

Families and people who care for me

Pupils should know

- that families are important for children growing up because they can give love, security and stability.
- the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives
- that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care.
- that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up.
- that marriage and civil partnership represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong.
- how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed.

Caring friendships

Pupils should know

- how important friendships are in making us feel happy and secure, and how people choose and make friends.
- the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties.
- that healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded.
- that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right.
- how to recognise who to trust and who not to trust, how to judge when a
 friendship is making them feel unhappy or uncomfortable, managing conflict,
 how to manage these situations and how to seek help or advice from others, if
 needed.

Respectful relationships

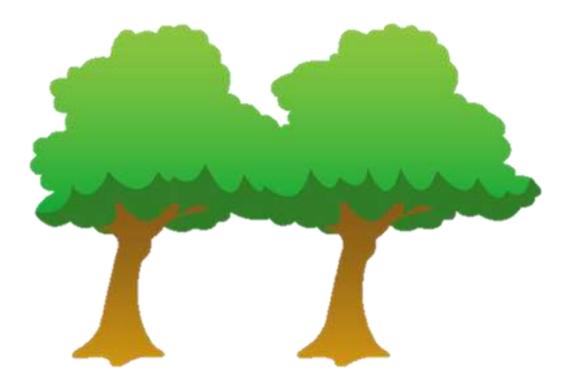

Pupils should know

- the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs.
- practical steps they can take in a range of different contexts to improve or support respectful relationships.
- the conventions of courtesy and manners.
- the importance of self-respect and how this links to their own happiness.
- that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority.
- about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help.

	what a stereotype is, and how stereotypes can be unfair, negative or destructive.			
	• the importance of permission-seeking and giving in relationships with friends,			
	peers and adults.			
Online	Pupils should know			
relationships	that people sometimes behave differently online, including by pretending to			
	be someone they are not.			
	that the same principles apply to online relationships as to face-to-face			
	relationships, including the importance of respect for others online including			
	when we are anonymous.			
	 the rules and principles for keeping safe online, how to recognise risks, 			
	harmful content and contact, and how to report them.			
	how to critically consider their online friendships and sources of information			
	including awareness of the risks associated with people they have never met.			
	 how information and data is shared and used online. 			
Daine safe				
Being safe	Pupils should know			
	• what sorts of boundaries are appropriate in friendships with peers and others			
	(including in a digital context).			
	about the concept of privacy and the implications of it for both children and			
	adults; including that it is not always right to keep secrets if they relate to			
	being safe.			
	that each person's body belongs to them, and the differences between			
	appropriate and inappropriate or unsafe physical, and other, contact.			
	how to respond safely and appropriately to adults they may encounter (in all			
	contexts, including online) whom they do not know.			
	how to recognise and report feelings of being unsafe or feeling bad about any			
	adult.			
	 how to ask for advice or help for themselves or others, and to keep trying until 			
	they are heard.			
	,			
	now to report concerns of abase, and the vocabulary and confidence needed			
	to do so.			
	 where to get advice e.g. family, school and/or other sources. 			

APPENDIX 2

Expectations of Health Education

Mental	Pupils should know			
wellbeing	that mental wellbeing is a normal part of daily life, in the same way as			
	physical health.			

- that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations.
- how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings.
- how to judge whether what they are feeling and how they are behaving is appropriate and proportionate.
- the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental wellbeing and happiness.
- simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests.
- isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support.
- that bullying (including cyberbullying) has a negative and often lasting impact on mental wellbeing.
- where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else's mental wellbeing or ability to control their emotions (including issues arising online).
- It is quite common for people to experience mental ill health at some time. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough.

Internet safety and harms

Pupils should know

- that for most people the internet is an integral part of life and has many benefits.
- about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical wellbeing.
- how to consider the effect of their online actions on others and know how to recognise and display respectful behaviour online and the importance of keeping personal information private.
- why social media, some computer games and online gaming, for example, are age restricted.
- that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health.
- how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted.
- where and how to report concerns and get support with issues online.

Physical health and fitness

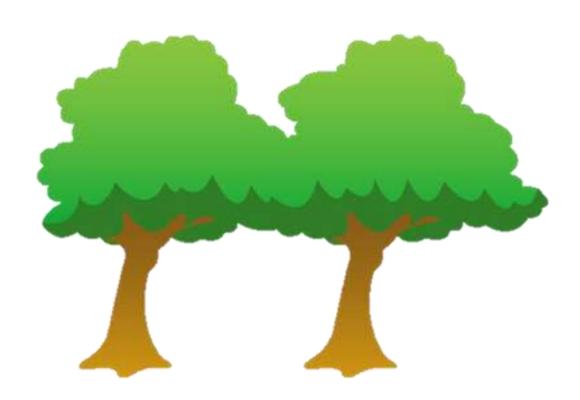

Pupils should know

- the characteristics and mental and physical benefits of an active lifestyle.
- the importance of building regular exercise into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise.
- the risks associated with an inactive lifestyle (including obesity).
- how and when to seek support including which adults to speak to in school if they are worried about their health.

	·
Healthy eating	Pupils should know
	what constitutes a healthy diet (including understanding calories and other
	nutritional content).
	the principles of planning and preparing a range of healthy meals.
	the characteristics of a poor diet (including eating too little) and risks
	associated with unhealthy eating (including, for example, obesity and tooth
	decay) and other behaviours (e.g. the impact of alcohol on diet or health).
Drugs, alcohol	Pupils should know
and tobacco	• the facts about legal and illegal harmful substances and associated risks,
	including smoking, alcohol use and drug-taking.
Health and	Pupils should know
prevention	how to recognise early signs of physical illness, such as weight loss, or
	unexplained changes to the body.
	about safe and unsafe exposure to the sun, and how to reduce the risk of
	sun damage, including skin cancer.
	the importance of sufficient good quality sleep for good health and that a
	lack of sleep can affect weight, mood and ability to learn.
	about dental health and the benefits of good oral hygiene and dental
	flossing, including regular check-ups at the dentist.
	about personal hygiene and germs including bacteria, viruses, how they are
	spread and treated, and the importance of handwashing.
	the facts and science relating to allergies, immunisation and vaccination.
Basic First Aid	Pupils should know:
	how to make a clear and efficient call to emergency services if necessary.
	 concepts of basic first-aid, for example dealing with common injuries,
	including head injuries.
Changing	Pupils should know:
adolescent	key facts about puberty and the changing adolescent body, particularly from
body	age 9 through to age 11, including physical and emotional changes.
	about menstrual wellbeing including the key facts about the menstrual cycle.

Sholing Junior School – Long Term Curriculum Map

YEAR 3 — MEDIUM-TERM OVERVIEW							
Topic In this unit of work, students learn							
	Relationships						
Families and friendships What makes a family; features of family life PoS Refs: R1, R6, R7, R8, R9	 to recognise and respect that there are different types of families, including single parents, same-sex parents, step-parents, blended families, foster and adoptive parents that being part of a family provides support, stability and love about the positive aspects of being part of a family, such as spending time together and caring for each other about the different ways that people can care for each other e.g. giving encouragement or support in times of difficulty to identify if/when something in a family might make someone upset or worried what to do and whom to tell if family relationships are making them feel unhappy or unsafe 						
Safe relationships Personal boundaries; safely responding to others; the impact of hurtful behaviour PoS Refs: R19, R22, R24, R30	 What is appropriate to share with friends, classmates, family and wider social groups including online about what privacy and personal boundaries are, including online basicstrategies to help keep themselves safe online e.g. passwords, using trusted sites and adult supervision that bullying and hurtful behaviour is unacceptable in any situation about the effects and consequences of bullying for the people involved about bullying online, and the similarities and differences to face-to-face bullying what to do and whom to tell if they see or experience bullying or hurtful behaviour 						
Respecting ourselves and others Recognising respectful behaviour; the importance of self-respect; courtesy and being polite PoS Refs: R30, R31							

	Living in the Wider World
Topic	In this unit of work, students learn
Belonging to a community The value of rules and laws; rights, freedoms and responsibilities PoS Refs: L1, L2, L3	 the reasons for rules and laws in wider society the importance of abiding by the law and what might happen if rules and laws are broken what human rights are and how they protect people to identify basic examples of human rights including the rights of children about how they have rights and also responsibilities that with every right there is also a responsibility e.g. the right to an education and the responsibility to learn
Media literacy and Digital resilience How the internet is used; assessing information online PoS Refs: L11, L12	 how the internet can be used positively for leisure, for school and for work to recognise that images and information online can be altered or adapted and the reasons for why this happens strategies to recognise whether something they see online is true or accurate to evaluate whether a game is suitable to play or a website is appropriate for their age-group to make safe, reliable choices from search results how to report something seen or experienced online that concerns them e.g. images or content that worry them, unkind or inappropriate communication
Money and Work Different jobs and skills; job stereotypes; setting personal goals PoS Refs: L25, L26, L27, L30	 about jobs that people may have from different sectors e.g. teachers, business people, charity work that people can have more than one job at once or over their lifetime about common myths and gender stereotypes related to work to challenge stereotypes through examples of role models in different fields of work e.g. women in STEM about some of the skills needed to do a job, such as teamwork and decision-making to recognise their interests, skills and achievements and how these might link to future jobs how to set goals that they would like to achieve this year e.g. learn a new hobby
	Health and Wellbeing
Topic	In this unit of work, students learn
Physical health and Mental wellbeing Health choices and habits; what affects feelings; expressing feelings PoS Refs: H1, H2, H3, H4, H6, H7, H17, H18, H19	 about the choices that people make in daily life that could affect their health to identify healthy and unhealthy choices (e.g. in relation to food e.g. eating too much or too little, exercise, sleep) what can help people to make healthy choices and what might negatively influence them That different shapes and sizes can all be healthy. about habits and that sometimes they can be maintained, changed or stopped the positive and negative effects of habits, such as regular exercise or eating too much sugar, on a healthy lifestyle what is meant by a healthy, balanced diet including what foods should be eaten regularly or just occasionally that regular exercise such as walking or cycling has positive benefits for their mental and physical health about the things that affect feelings both positively and negatively strategies to identify and talk about their feelings about some of the different ways people express feelings e.g. words, actions, body language to recognise how feelings can change overtime and become more or less powerful

Growing and changing	that everyone is an individual and has unique and valuable contributions to make
Personal strengths and	to recognise how strengths and interests form part of a person's identity
achievements; managing and	 how to identify their own personal strengths and interests and what they're proud
reframing setbacks	of (in school, out of school)
PoS Refs: H27, H28, H29	• to recognise common challenges to self-worth e.g. finding school work difficult, friendship issues
, , , , , , , , , , , , , , , , , , , ,	basicstrategies to manage and reframe setbacks e.g. asking for help, focusing on what they can learn from a setback, remembering what they are good
	at, trying again
Keeping safe	how to identify typical hazards at home and in school
Risks and hazards; safety in the	 how to predict, assess and manage risk in everyday situations e.g. crossing the road,
local environment and	running in the playground, in the kitchen
unfamiliarplaces	about fire safety at home including the need for smoke alarms
PoS Refs: H38, H39, H41	the importance of following safety rules from parents and other adults
, , , , , , , , , , , , , , , , , , , ,	how to help keep themselves safe in the local environment or unfamiliar places,
	including road, rail, water and firework safety

YEAR 4 — MEDIUM-TERM OVERVIEW			
	Relationships		
Topic	In this unit of work, students learn		
Families and friendships Positive friendships, including online Pos Refs: R10, R11, R12, R13, R18	 about the features of positive healthy friendships such as mutual respect, trust and sharing interests strategies to build positive friendships how to seek support with relationships if they feel lonely or excluded how to communicate respectfully with friends when using digital devices how knowing someone online differs from knowing someone face to face and that there are risks in communicating with someone they don't know what to do or whom to tell if they are worried about any contact online 		
Safe relationships Responding to hurtful behaviour; managing confidentiality; recognising risks online PoS Refs: R20, R23, R27, R28	when it is right to keep or break a confidence or share a secret how to recognise risks online such as harmful content or contact.		
Respecting ourselves and others Respecting differences and similarities; discussing difference sensitively PoS Refs: R32, R33	 to recognise differences between people such as gender, race, faith to recognise what they have in common with others e.g. shared values, likes and dislikes, aspirations about the importance of respecting the differences and similarities between people To use vocabulary to sensitively discuss difference and include everyone 		

Living in the Wider World			
Topic	In this unit of work, students learn		
What makes a community; shared responsibilities PoS Refs: L4, L6, L7	 the meaning and benefits of living in a community to recognise that they belong to different communities as well as the school community about the different groups that make up and contribute to a community about the individuals and groups that help the local community, including through volunteering and work how to show compassion towards others in need and the shared responsibilities of caring for them 		
Media literacy and Digital resilience How data is shared and used PoS Refs: L13, L14	 that everything shared online has a digital footprint that organisations can use personal information to encourage people to buy things to recognise what online adverts look like to compare content shared for factual purposes and for advertising why people might choose to buy or not buy something online e.g. from seeing an advert that search results are ordered based on the popularity of the website and that this can affect what information people access 		
Money and Work Making decisions about money; using and keeping money safe PoS Refs: L17, L19 L20, L21	 how people make different spending decisions based on their budget, values and needs how to keep track of money and why it is important to know how much is being spent about different ways to pay for things such as cash, cards, e-payment and the reasons for using them that how people spend money can have positive or negative effects on others e.g. charities, single use plastics. 		
	Health and Wellbeing		
Topic	In this unit of work, students learn		
Physical health, Mental wellbeing Maintaining a balanced lifestyle; oral hygiene and dental care PoS Refs: H2, H5, H11	 to identify a wide range of factors that maintain a balanced, healthy lifestyle, physically and mentally what good physical health means and how to recognise early signs of physical illness that common illnesses can be quickly and easily treated with the right care e.g. visiting the doctor when necessary how to maintain oral hygiene and dental health, including how to brush and floss correctly the importance of regular visits to the dentist and the effects of different foods, drinks and substances on dental health 		

Physical health and Mental wellbeing and safety Healthy sleep habits; sun safety; medicines, vaccinations, immunisations and allergies PoS Refs: H8, H9, H10, H12	 how sleep contributes to a healthy lifestyle healthy sleep strategies and how to maintain them about the benefits of being outdoors and in the sun for physical and mental health how to manage risk in relation to sun exposure, including skin damage and heatstroke how to keep safe on a scooter how medicines can contribute to health and how allergies can be managed that some diseases can be prevented by vaccinations and immunisations that bacteria and viruses can affect health
	 how they can prevent the spread of bacteria and viruses with everyday hygiene routines to recognise the shared responsibility of keeping a clean environment
Keeping safe Medicines and household products; drugs common to everyday life PoS Refs: H10, H38, H40, H46	 the importance of taking medicines correctly and using household products safely to recognise what is meant by a 'drug' that drugs common to everyday life (e.g. cigarettes, e-cigarettes/vaping, alcohol and medicines) can affect health and wellbeing to identify some of the effects related to different drugs and that all drugs, including medicines, may have sideeffects to identify some of the risks associated with drugs common to everyday life that for some people using drugs can become a habit which is difficult to break how to ask for help or advice

YEAR 5 — MEDIUM-TERM OVERVIEW			
	Relationships		
Topic	In this unit of work, students learn		
Families and friendships Managingfriendshipsandpeer influence PoS Refs: R14, R15, R16, R17, R18, R26	 what makes a healthy friendship and how they make people feel included strategies to help someone feel included about peer influence and how it can make people feel or behave the impact of the need for peer approval in different situations, including online strategies to manage peer influence and the need for peer approval e.g. exit strategies, assertive communication that it is common for friendships to experience challenges strategies to positively resolve disputes and reconcile differences in friendships that friendships can change over time and the benefits of having new and different types of friends how to recognise if a friendship is making them feel unsafe, worried, or uncomfortable when and how to seek support in relation to friendships 		
Safe relationships Physical contact and feeling safe	 how it feels in a person's mind and body when they are uncomfortable that it is never someone's fault if they have experienced unacceptable contact 		
PoS Refs: R9, R25, R26, R27, R29	 how to respond to unwanted or unacceptable physical contact that no one should ask them to keep a secret that makes them feel uncomfortable or try to persuade them to keep a secret they are worried about whom to tell if they are concerned about unwanted physical contact 		

Respecting ourselves and othe
Respondingrespectfullytoawide
range of people; recognising
prejudice and discrimination
PoS Refs: R20, R21, R31, R33

- to recognise that everyone should be treated equally
- why it is important to listen and respond respectfully to a wide range of people, including those whose traditions, beliefs and lifestyle are different to their own
- what discrimination means and different types of discrimination e.g. racism, sexism, homophobia
- to identify online bullying and discrimination of groups or individuals e.g. trolling and harassment
- the impact of discrimination on individuals, groups and wider society
- ways to safely challengediscrimination
- how to report discrimination online

Living in the Wider World	
Topic	In this unit of work, students learn
Protecting the environment; compassion towards others PoS Refs: L4, L5, L19	 about how resources are allocated and the effect this has on individuals, communities and the environment the importance of protecting the environment and how everyday actions can either support or damage it how to show compassion for the environment, animals and other living things about the way that money is spent and how it affects the environment to express their own opinions about their responsibility towards the environment
Media literacy and Digital resilience rinformationonlineistargeted; rentmediatypes,theirroleand impact PoS Refs: L12, L14	 to identify different types of media and their different purposes e.g. to entertain, inform, persuade or advertise basic strategies to assess whether content online (e.g. research, news, reviews, blogs) is based on fact, opinion, or is biased that some media and online content promote stereotypes how to assess which search results are more reliable than others to recognise unsafe or suspicious content online how devices store and share information

Money and Work

Identifyingjobinterestsand aspirations; what influences career choices; workplace stereotypes

PoS Refs: L27, L28, L29, L31, L32

- to identify jobs that they might like to do in the future
- about the role ambition can play in achieving a future career
- how or why someone might choose a certain career
- about what might influence people's decisions about a job or career, including pay, working conditions, personal interests, strengths and qualities, family, values
- the importance of diversity and inclusion to promote people's career opportunities
- about stereotyping in the workplace, its impact and how to challenge it
- that there is a variety of routes into work e.g. college, apprenticeships, university,

training

Health and Wellbeing

Topic	In this unit of work, students learn
Growing and changing Physical and emotional changes in puberty; external genitalia; personal hygiene routines;	 how to identify external genitalia and reproductive organs about the physical and emotional changes during puberty key facts about the menstrual cycle and menstrual wellbeing, erections and wet dreams strategies to manage the changes during puberty including menstruation the importance of personal hygiene routines during puberty including washing
support with puberty PoS Refs: H30, H31, H32, H34	 regularly and using deodorant how to discuss the challenges of puberty with a trusted adult how to get information, help and advice about puberty
Growing and changing Personal identity; recognising individuality and different qualities; mental wellbeing	 about personal identity and what contributes to it, including race, sex, gender, family, faith, culture, hobbies, likes/dislikes that for some people their gender identity does not correspond with their biological sex how to recognise, respect and express their individuality and personal qualities ways to boost their mood and improve emotional wellbeing about the link between participating in interests, hobbies and community groups and mental wellbeing
PoS Refs: H16, H25, H26, H27	

Keeping safe

Keeping safe in different situations, including responding in emergencies, first aid

PoS Refs: H38, H43, H44, H45

- to identify when situations are becoming risky, unsafe or an emergency
- to identify occasions where they can help take responsibility for their own safety including cycle safety
- to differentiate between positive risk taking (e.g. trying a challenging new sport) and dangerous behaviour
- how to deal with common injuries using basic first aid techniques
- how to respond in an emergency, including when and how to contact different emergency services

YEAR 6 — MEDIUM-TERM OVERVIEW

Relationships	
Topic	In this unit of work, students learn
Families and friendships Attraction to others; romantic relationships; civil partnership and marriage PoS Refs: R1, R2, R3, R4, R5, R7	 what it means to be attracted to someone and different kinds of loving relationships that people who love each other can be of any gender, ethnicity or faith the difference between gender identity and sexual orientation and everyone's right to be loved about the qualities of healthy relationships that help individuals flourish ways in which couples show their love and commitment to one another, including those who are not married or who live apart what marriage and civil partnership mean e.g. a legal declaration of commitment made by two adults that people have the right to choose whom they marry or whether to get married that to force anyone into marriage is illegal how and where to report forced marriage or ask for help if they are worried
Safe relationships Recognisingand managing pressure; consent in different situations PoS Refs: R26, R28, R29	 to compare the features of a healthy and unhealthy friendship about the shared responsibility if someone is put under pressure to do something dangerous and something goeswrong strategies to respond to pressure from friends including online how to assess the risk of different online 'challenges' and 'dares' how to recognise and respond to pressure from others to do something unsafe or that makes them feel worried or uncomfortable how to get advice and report concerns about personal safety, including online

	 what consent means and how to seek and give/not give permission in different situations
Respecting ourselves and others	 about the link between values and behaviour and how to be a positive role model
Expressing opinions and respecting other	how to discuss issuesrespectfully
points of view, including discussing topical	how to listen to and respect other points of view
issues	how to constructively challenge points of view they disagree with
PoS Refs: R30, R34	 ways to participate effectively in discussions online and manage conflict or disagreements

Living in the Wider World	
Topic	In this unit of work, students learn
Belonging to a community Valuing diversity; challenging discrimination and stereotypes PoS Refs: L8, L9, L10, R21	 what prejudice means and how to differentiate between prejudice and discrimination how to recognise acts of discrimination and identify strategies to safely respond to and challenge discrimination how to recognise stereotypes in different contexts and the influence they have on attitudes and understanding of different groups how stereotypes are perpetuated and how to challenge this
Media literacy and Digital resilience Evaluating media sources; sharing things online PoS Refs: H37, L11, L13, L15, L16	 why people choose to communicate through social media and some of the risks and challenges of doing so that social media sites have age restrictions and regulations for use
Money and Work Influences and attitudes to money; money and financial risks PoS Refs: L18, L22, L23, L24	 about the role that money plays in people's lives, attitudes towards it and what influences decisions about money about value for money and how to judge if something is value for money how companies encourage customers to buy things and why it is important to be a critical consumer how having or not having money can impact on a person's emotions, health and wellbeing about common risks associated with money, including debt, fraud and gambling how money can be gained or lost e.g. stolen, through scams or gambling and how these put people at financial risk
	how to get help if they are concerned about gambling or other financial risks

Health and Wellbeing	
Topic	In this unit of work, students learn
Physical health and Mental wellbeing What affects mental health and ways to take care of it; managing change, loss and bereavement; managing time online PoS Refs: H13, H14, H15, H20, H21, H22, H23, H24	 that mental health is just as important as physical health and that both need looking after to recognise that anyone can be affected by mental ill-health and that difficulties can be resolved with help and support how negative experiences such as being bullied or feeling lonely can affect mental wellbeing positive strategies for managing feelings that there are situations when someone may experience mixed or conflicting feelings how feelings can often be helpful, whilst recognising that they sometimes need to be overcome to recognise that if someone experiences feelings that are not so good (most or all of the time) – help and support is available identify where they and others can ask for help and support with mental wellbeing in and outside school the importance of asking for support from a trusted adult about the changes that may occur in life including death, and how these can cause conflicting feelings that changes can mean people experience feelings of loss or grief about the process of grieving and how grief can be expressed about strategies that can help someone cope with the feelings associated with change or loss to identify how to ask for help and support with loss, grief or other aspects of change how balancing time online with other activities helps to maintain their health and wellbeing strategies to manage time spent online and foster positive habits e.g. switching phone off at night what to do and whom to tell if they are frightened or worried about something they have seen online
Growing and changing Human reproduction and birth; increasing independence; managing transitions	 practical strategies that can help to manage times of change and transition e.g. practising the bus route to secondary school identify the links between love, committed relationships and conception what sexual intercourse is, and how it can be one part of an intimate relationship between consenting adults how pregnancy occurs i.e. when a sperm meets an egg and the fertilised egg settles into the lining of the womb that pregnancy can be prevented with contraception
PoS Refs: H24, H33, H35, H36	 about the responsibilities of being a parent or carer and how having a baby changes someone's life

Keeping safe

Keeping personal information safe; regulations and choices; drug use and the law; drug use and the media

PoS Refs: H37, H42, H46, H47, H48, H49, H50

- how to protect personal information online
- to identify potential risks of personal information being misused
- strategies for dealing with requests for personal information or images of themselves
- to identify types of images that are appropriate to share with others and those which might not be appropriate
- that images or text can be quickly shared with others, even when only sent to one person, and what the impact of this might be
- what to do if they take, share or come across an image which may upset, hurt or embarrass them or others
- how to report the misuse of personal information or sharing of upsetting content/images online
- about the different age rating systems for social media, T.V, films, games and online gaming
- why age restrictions are important and how they help people make safe decisions
- about what to watch, use or play
- about the risks and effects of different drugs
- about the laws relating to drugs common to everyday life and illegal drugs
- to recognise why people choose to use or not use drugs, including nicotine, alcohol and medicines as well as illegal drugs
- about the organisations where people can get help and support concerning drug use
- how to ask for help if they have concerns about drug use
- about mixed messages in the media relating to drug use and how they might influence opinions and decisions

RELATIONSHIPS MEDIUM -TERM OVERVIEW

The Safety Curriculum

In this unit of work, students learn...

Year 3

- to recognise and respect that there are different types of families, including single parents, same-sex parents, step-parents, blended families, foster and adoptive parents
- that being part of a family provides support, stability and love
- about the positive aspects of being part of a family, such as spending time together and caring for each other
- about the different ways that people can care for each other e.g. giving encouragement or support in times
- to identify if/when something in a family might make someone upset or worried
- what to do and whom to tell if family relationships are making them feel unhappy or unsafe
- What is appropriate to share with friends, classmates, family and wider social groups including online
- about what privacy and personal boundaries are, including online
- basic strategies to help keep themselves safe online e.g. passwords, using trusted sites and adult supervision
- that bullying and hurtful behaviour is unacceptable in any situation
- about the effects and consequences of bullying for the people involved
- about bullying online, and the similarities and differences to face-to-face bullying
- what to do and whom to tell if they see or experience bullying or hurtful behaviour
- to recognise respectful behaviours e.g. helping or including others, being responsible
- how to model respectful behaviour in different situations e.g. at home, at school, online
- the importance of self-respect and their right to be treated respectfully by others
- what it means to treat others, and be treated, politely
- the ways in which people show respect and courtesy in different cultures and in wider society

Year 4

- about the features of positive healthy friendships such as mutual respect, trust and sharing interests strategies to build positive friendships
- how to seek support with relationships if they feel lonely or excluded
- how to communicate respectfully with friends when using digital devices how knowing someone online differs from knowing someone face to face and that there are risks in
- communicating with someone they don't know what to do or whom to tell if they are worried about any contact online
- to differentiate between playful teasing, hurtful behaviour and bullying, including online
- how to respond if they witness or experience hurtful behaviour or bullying, including online
- recognise the difference between 'playful dares' and dares which put someone
- under pressure, at risk, or make them feel uncomfortable
- how to manage pressures associated with dares
- when it is right to keep or break a confidence or share a secret
- how to recognise risks online such as harmful content or contact
- how people may behave differently online including pretending to be someone they are not
- how to report concerns and seek help if worried or uncomfortable about someone's behaviour, including online
- to recognise differences between people such as gender, race, faith
- to recognise what they have in common with others e.g. shared values, likes and dislikes, aspirations
- about the importance of respecting the differences and similarities between people
- a vocabulary to sensitively discuss difference and include everyone

Year 5

- what makes a healthy friendship and how they make people feel included
- strategies to help someone feel included
- about peer influence and how it can make people feel or behave
- the impact of the need for peer approval in different situations, including online strategies to manage peer influence and the need for peer approval e.g. exit strategies, assertive
- communication
 - that it is common for friendships to experience challenges
 - strategies to positively resolve disputes and reconcile differences in friendships
 - that friendships can change over time and the benefits of having new and different types of friends
 - how to recognise if a friendship is making them feel unsafe, worried, or uncomfortable
 - when and how to seek support in relation to friendships
 - to identify what physical touch is acceptable, unacceptable, wanted or unwanted in different situations

how to ask for, give and not give permission for physical contact how it feels in a person's mind and body when they are uncomfortable that it is never someone's fault if they have experienced unacceptable contact how to respond to unwanted or unacceptable physical contact that no one should ask them to keep a secret that makes them feel uncomfortable or try to persuade them to keep a secret they are worried about whom to tell if they are concerned about unwanted physical contact to recognise that everyone should be treated equally why it is important to listen and respond respectfully to a wide range of people, including those whose traditions, beliefs and lifestyle are different to their own what discrimination means and different types of discrimination e.g. racism, sexism, homophobia to identify online bullying and discrimination of groups or individuals e.g. trolling and harassment the impact of discrimination on individuals, groups and wider society ways to safely challenge discrimination how to report discrimination online what it means to be attracted to someone and different kinds of loving relationships that people who love each other can be of any gender, ethnicity or faith the difference between gender identity and sexual orientation and everyone's right to be loved about the qualities of healthy relationships that help individuals flourish Year 6 ways in which couples show their love and commitment to one another, including those who are not married or who live apart what marriage and civil partnership mean e.g. a legal declaration of commitment made by two that people have the right to choose whom they marry or whether to get married that to force anyone into marriage is illegal how and where to report forced marriage or ask for help if they are worried to compare the features of a healthy and unhealthy friendship about the shared responsibility if someone is put under pressure to do something dangerous and something goes wrong strategies to respond to pressure from friends including online how to assess the risk of different online 'challenges' and 'dares' how to recognise and respond to pressure from others to do something unsafe or that makes them feel worried or uncomfortable how to get advice and report concerns about personal safety, including online what consent means and how to seek and give/not give permission in different situations about the link between values and behaviour and how to be a positive role model how to discuss issues respectfully how to listen to and respect other points of view how to constructively challenge points of view they disagree with ways to participate effectively in discussions online and manage conflict or disagreements

The Safety Curriculum In this unit of work, students learn... the positive and negative effects of habits, such as regular exercise or eating too much sugar, on a healthy lifestyle what is meant by a healthy, balanced diet including what foods should be eaten regularly or just occasionally that regular exercise such as walking or cycling has positive benefits for their mental and physical health about the things that affect feelings both positively and negatively strategies to identify and talk about their feelings about some of the different ways people express feelings e.g. words, actions, body language to recognise how feelings can change overtime and become more or less powerful that everyone is an individual and has unique and valuable contributions to make to recognise how strengths and interests form part of a person's identity

how to identify their own personal strengths and interests and what they're proud of (in school, out of to recognise common challenges to self -worth e.g. finding school work difficult, friendship issues basic strategies to manage and reframe setbacks e.g. asking for help, focusing on what they can learn from a setback, remembering what they are good at, trying again how to identify typical hazards at home and in school how to predict, assess and manage risk in everyday situations e.g. crossing the road, running in the playground, in the kitchen about fire safety at home including the need for smoke alarms the importance of following safety rules from parents and other adults how to help keep themselves safe in the local environment or unfamiliar places, including road, rail, water and firework safety • how to identify external genitalia and reproductive organs about the physical and emotional changes during puberty key facts about the menstrual cycle and menstrual wellbeing, erections and wet dreams strategies to manage the changes during puberty including menstruation Year 4 the importance of personal hygiene routines during puberty including washing regularly and using deodorant how to discuss the challenges of puberty with a trusted adult how to get information, help and advice about puberty the importance of taking medicines correctly and using household products safely to recognise what is meant by a 'drug' that drugs common to everyday life (e.g. cigarettes, e-cigarettes/vaping, alcohol and medicines) can affect health and wellbeing to identify some of the effects related to different drugs and that all drugs, including medicines, may have side effects to identify some of the risks associated with drugs common to everyday life that for some people using drugs can become a habit which is difficult to break how to ask for help or advice how medicines can contribute to health and how allergies can be managed that some diseases can be prevented by vaccinations and immunisations that bacteria and viruses can affect health how they can prevent the spread of bacteria and viruses with everyday hygiene routines to recognise the shared responsibility of keeping a clean environment Year 5 about personal identity and what contributes to it, including race, sex, gender, family, faith, culture, hobbies, likes/dislikes that for some people their gender identity does not correspond with their biological sex how to recognise, respect and express their individuality and personal qualities ways to boost their mood and improve emotional wellbeing about the link between participating in interests, hobbies and community groups and mental wellbeing to identify when situations are becoming risky, unsafe or an emergency to identify occasions where they can help take responsibility for their own safety to differentiate between positive risk taking (e.g. trying a challenging new sport) and dangerous behaviour how to deal with common injuries using basic first aid techniques how to respond in an emergency, including when and how to contact different emergency services practical strategies that can help to manage times of change and transition e.g. practising the bus route to secondary school identify the links between love, committed relationships and conception what sexual intercourse is, and how it can be one part of an intimate relationship between consenting adults Year 6 how pregnancy occurs i.e. when a sperm meets an egg and the fertilised egg settles into the lining of the womb that pregnancy can be prevented with contraception² about the responsibilities of being a parent or carer and how having a baby changes someone's life how to protect personal information online to identify potential risks of personal information being misused strategies for dealing with requests for personal information or images of themselves to identify types of images that are appropriate to share with others and those which might not be appropriate that images or text can be quickly shared with others, even when only sent to one person, and what the impact of this might be

- what to do if they take, share or come across an image which may upset, hurt or embarrass them or others
- how to report the misuse of personal information or sharing of upsetting content/ images online
- about the different age rating systems for social media, T.V, films, games and online gaming
- why age restrictions are important and how they help people make safe decisions
- about what to watch, use or play

plastics

- about the risks and effects of different drugs
- about the laws relating to drugs common to everyday life and illegal drugs
- to recognise why people choose to use or not use drugs, including nicotine, alcohol and medicines as well as illegal drugs
- about the organisations where people can get help and support concerning drug use
- how to ask for help if they have concerns about drug use
- about mixed messages in the media relating to drug use and how they might influence opinions and decisions

	RELATIONSHIPS MEDIUM -TERM OVERVIEW
	The Safety Curriculum
	In this unit of work, students learn
Year 3	 the reasons for rules and laws in wider society the importance of abiding by the law and what might happen if rules and laws are broken what human rights are and how they protect people to identify basic examples of human rights including the rights of children about how they have rights and also responsibilities that with every right there is also a responsibility e.g. the right to an education and the responsibility to learn how the internet can be used positively for leisure, for school and for work to recognise that images and information online can be altered or adapted and the reasons for why this happens strategies to recognise whether something they see online is true or accurate to evaluate whether a game is suitable to play or a website is appropriate for their age-group to make safe, reliable choices from search results how to report something seen or experienced online that concerns them e.g. images or content that worry them, unkind or inappropriate communication about jobs that people may have from different sectors e.g. teachers, business people, charity work that people can have more than one job at once or over their lifetime about common misconceptions and gender stereotypes related to work to challenge stereotypes through examples of role models in different fields of work e.g. women in STEM about some of the skills needed to do a job, such as teamwork and decision-making to recognise their interests, skills and achievements and how these might link to future jobs how to set goals that they would like to achieve this year e.g. learn a new hobby
Year 4	 the meaning and benefits of living in a community to recognise that they belong to different communities as well as the school community about the different groups that make up and contribute to a community about the individuals and groups that help the local community, including through volunteering and work how to show compassion towards others in need and the shared responsibilities of caring for them that everything shared online has a digital footprint that organisations can use personal information to encourage people to buy things to recognise what online adverts look like to compare content shared for factual purposes and for advertising why people might choose to buy or not buy something online e.g. from seeing an advert that search results are ordered based on the popularity of the website and that this can affect what information people access how people make different spending decisions based on their budget, values and needs how to keep track of money and why it is important to know how much is being spent about different ways to pay for things such as cash, cards, e-payment and the reasons for using them that how people spend money can have positive or negative effects on others e.g. charities, single use

about how resources are allocated and the effect this has on individuals, communities and the environment the importance of protecting the environment and how everyday actions can either support or damage it how to show compassion for the environment, animals and other living things about the way that money is spent and how it affects the environment to express their own opinions about their responsibility towards the environment Year 5 to identify different types of media and their different purposes e.g. to entertain, inform, persuade or advertise basic strategies to assess whether content online (e.g. research, news, reviews, blogs) is based on fact, opinion, or is biased that some media and online content promote stereotypes how to assess which search results are more reliable than others to recognise unsafe or suspicious content online how devices store and share information to identify jobs that they might like to do in the future about the role ambition can play in achieving a future career how or why someone might choose a certain career about what might influence people's decisions about a job or career, including pay, working conditions, personal interests, strengths and qualities, family, values the importance of diversity and inclusion to promote people's career opportunities about stereotyping in the workplace, its impact and how to challenge it that there is a variety of routes into work e.g. college, apprenticeships, university, training what prejudice means to differentiate between prejudice and discrimination how to recognise acts of discrimination strategies to safely respond to and challenge discrimination Year 6 how to recognise stereotypes in different contexts and the influence they have on attitudes and understanding of different groups how stereotypes are perpetuated and how to challenge this about the benefits of safe internet use e.g. learning, connecting and communicating how and why images online might be manipulated, altered, or faked how to recognise when images might have been altered why people choose to communicate through social media and some of the risks and challenges of doing so that social media sites have age restrictions and regulations for use the reasons why some media and online content is not appropriate for children how online content can be designed to manipulate people's emotions and encourage them to read or share about sharing things online, including rules and laws relating to this how to recognise what is appropriate to share online how to report inappropriate online content or contact about the role that money plays in people's lives, attitudes towards it and what influences decisions about money about value for money and how to judge if something is value for money how companies encourage customers to buy things and why it is important to be a critical consumer how having or not having money can impact on a person's emotions, health and wellbeing about common risks associated with money, including debt, fraud and gambling how money can be gained or lost e.g. stolen, through scams or gambling and how these put people at

how to get help if they are concerned about gambling or other financial risks

financial risk
