

GCSE EXAMS - Press Release

Sir William Stanier School is delighted to announce the achievements of its GCSE students in this year's examination results. The dedication and hard work of our students have paid off, opening up a myriad of opportunities for their post-16 education.

A testament to our commitment to academic success, our students have achieved results that pave the way for diverse and promising pathways beyond their time at Sir William Stanier School. Among our students, Eve stands proud as she prepares to embark on her journey into higher education. With her results, Eve will be pursuing A-levels in Biology, English Language, and Philosophy at Cheshire College. Her enthusiasm radiates as she credits the quality of lessons and unwavering effort she put in to achieve this success.

Jacob, another one of our students, is set to pursue A-levels in Business, PE, and Psychology. Reflecting on his journey, he expressed gratitude for the school's patient guidance and unwavering support in helping him become the best version of himself. This encouragement has played a pivotal role in enabling him to secure a spot in the course he has aspired to undertake.

The achievements of our students extend beyond the classroom as they venture into various post-16 destinations. Our graduates are spreading their wings to Reaseheath, Sir John Deane's College, and apprenticeship programs, embarking on courses ranging from Animal Management, Health and Social Care, Engineering, Digital Production, to Spanish language studies.

Principal Nicki Gregg expressed her delight, saying, "Sharing in the students' successes today has been an absolute pleasure. As they embark on this new chapter, we extend our heartfelt wishes for a bright and prosperous journey ahead. Their achievements stand as a testament to their hard work and the unparalleled support they've received from our school community."

The GCSE results achieved by our students underscore Sir William Stanier School's commitment to nurturing academic excellence and fostering community where each student can gain the opportunity to thrive and realise their full potential. We look forward to witnessing the continued courage and success of our students as they begin this exciting new phase in their educational journey.
