### 1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which pupils with disabilities can participate in the curriculum
- Improve the physical environment of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to pupils with disabilities

Our school aims to treat all pupils and their families fairly, with dignity and respect. We are committed to creating an inclusive environment where everyone feels welcomed, valued and supported. This includes recognising and supporting the needs of families of young carers and ensuring that the school remains accessible and welcoming to parents and carers with disabilities or long-term health conditions. We aim to remove barriers to participation and communication wherever possible.

Guided by our core values of Opportunity, Community and Courage, we strive to ensure that every pupil develops a strong sense of belonging and is supported to reach their full potential.

We recognise that children learn in different ways and may face different barriers to learning and participation. We work to identify these barriers as early as possible so that appropriate support can be put in place. Through high-quality teaching, a nurturing environment and targeted provision, we ensure that pupils with special educational needs and disabilities (SEND) are able to access a broad and balanced curriculum that supports their academic, social and emotional development.

This accessibility plan will be published on the school website and paper copies will be made available on request.

The school is committed to ensuring that staff receive appropriate training in equality and inclusion, including awareness of disability issues in line with the Equality Act 2010. The school will also work in partnership with parents, carers and relevant external agencies to support the effective implementation of this plan.

The school's complaints procedure also applies to the accessibility plan. Any concerns relating to accessibility should be raised through the school's complaints procedure, which outlines the process for addressing such concerns.

### 2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day-to-day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments, such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make reasonable adjustments for pupils with disabilities under the Equality Act 2010 to ensure they are not placed at a substantial disadvantage compared with pupils without disabilities.

### 3. Action plan

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.

#### 4. Monitoring arrangements

This document and its accompanying action plan will be reviewed annually to ensure they remain up to date and continue to reflect current legislation, statutory guidance, and the evolving needs of the school community. The policy may also be reviewed earlier if required due to changes in legislation, guidance or school practice.

The Headteacher, in consultation with the Special Educational Needs Coordinator (SENCO) and the governing body, will be responsible for reviewing this document.

The governing body will approve the policy and ensure that it is implemented effectively across the school.
