

Building a school day for Recovery: 2021/22

The design principles that have guided discussion around the implementation of change to the school day are:

- **Extending the amount of taught contact hours for all student groups** beyond the 25 hours a week benchmark
- Give **extra time** for Year 7 (to support transition) and Year 11 (for GCSE exam preparation)
- Creating teaching space for **literacy programmes and interventions** for all groups of identified students
- Retaining some staggering of arrival/break/lunch structures that were successfully applied during the March 2020-July 2021 pandemic period.
- Continuing with the **Year 7 Foundation curriculum model** to facilitate better transition and effective catch-up to ensure secondary readiness.
- **Increased contact time in Languages** in Years 7 and 8.
- **Re-introduced** teaching staff professional development across Wednesday afternoon.

Autumn Term: Monday, Tuesday, Thursday, Friday
