Record Retention Policy & Schedule

This retention schedule is based on the Information and Records Management Society Retention Guidelines for Schools Version 4, and contains recommended retention periods for the different record series created and maintained by the Trust in the course of its business.

The schedule refers to all information regardless of the media in which it is stored. These retention periods are compliant with the requirements of the Data Protection Act 2018, GDPR, and the Freedom of Information Act 2000, and will be reviewed in light of the Data Protection Bill 2018 when it passes into law.

Managing record series using these retention guidelines will be deemed to be “normal processing” under the legislation mentioned above. If record series are to be kept for longer or shorter periods than laid out in this document the reasons for this need to be documented.

Some of the retention periods are governed by statute. Others follow best practice.
