WORLD ENVIRONMENT DAY

FRIDAY, 5TH JUNE

2026

The United Nations Environment Programme (UNEP) is the UNs' leading global authority on the environment, driving change on the planetary crisis of nature, land and biodiversity loss, and the crisis of pollution and waste. Since its founding in 1972, UNEP has served as a neutral convener of Member States, civil society, the private sector and UN agencies to address humanity's most pressing environmental challenges. From protecting species to restoring the ozone layer, international agreements have made global environmental action possible throughout the years. Today, UNEP hosts the United Nations Environment Assembly, with a universal membership of all 193 United Nations' Member States. Our first book display of June will concentrate on global pollution & ecological preservation.

Refugee Week 2026: Courage

Established in the UK in 1998, Refugee Week takes place every year around World Refugee Day (20th June) and has since grown into a global movement with over 2 million participants, across over 20 countries. Through an exciting programme of thousands of events, activities and media campaigns, Refugee Week brings together people from different backgrounds to connect beyond labels, and foster a deeper understanding of why people are displaced, and the multiple challenges they face when seeking safety. Refugee Week takes place from the 15th of June with the 2026 theme of Courage. Refugee Week is a community powered festival shaped by individuals, artists, schools, libraries, venues, local authorities, cultural institutions, grassroots organisations and more. For refugees around the world, courage is often a daily necessity. It is the courage to face unknown journeys, learn new languages, navigate unfamiliar systems or simply to wake up each morning in an uncertain world. We have a new display to coincide with RW.
