01 April 2022

Dear Parent/Carers

As you may be aware, changes to the official government guidance on Covid-19 come into effect from today, Friday 1st April 2022. This affects all schools in England. Most people, including schools, no longer have access to free testing and it is no longer expected that people take regular tests.

The full guidance can be found on the gov.uk website, however, these are the main points:

- **Children who are unwell and have a high temperature should stay at home and avoid contact with other people. They can go back to school when they no longer have a high temperature, and they are well enough to attend.**
- **Adults with a positive COVID-19 test result should try to stay at home and avoid contact with other people for 5 days, which is when they are most infectious. For children, the advice will be 3 days.**
- **Adults with the symptoms of a respiratory infection, and who have a high temperature or feel unwell, should try to stay at home and avoid contact with other people until they feel well enough to resume normal activities and they no longer have a high temperature.**

We appreciate your understanding and thank you for your support to keep our children safe.

Many thanks

Mrs Jardim  
Headteacher
